The active versus passive debate is a contentious issue. Filled with concrete evidence and comprehensive money management strategies, this chapter from *The Only Guide You'll Ever Need for the Right Financial Plan* delves into the case for passive investing over active investing. You can do so by investing in passively managed investment vehicles like index funds and passive asset class funds. You are virtually guaranteed to outperform the majority of both professionals and individual investors. Written for savvy investors and advisors, this chapter helps you: Integrate a passive investing strategy Maintain your portfolio's risk portfolio in a tax-efficient manner Determine the difference between the theories of efficient versus inefficient markets Make cost-effective investment decisions From Larry Swedroe, the author of the bestselling series of "The Only Guide" investment books, with Kevin Grogan and Tiya Lim, this chapter helps you integrate diversification, low turnover, and asset allocation into one plan that meets the needs of a unique situation.

Your all-in-one guide to getting your career and finances in order — for greater clarity, happiness, and peace of mind. Studies show that if you're like the majority of young professionals, you feel dissatisfied with your job, your finances, or your overall station in life. It can seem impossible to disentangle the work stuff, the money stuff, and the personal stuff, because they're all inextricably linked. But the good news is, you don't have to go at it alone: *Work Your Money, Not Your Life* is your all-in-one guide to achieving both your career and financial goals so that you can get where you want to be. In his debut book, Roger Ma, an award-winning financial planner and a publisher strategist at Google, offers secrets on how you can craft a meaningful career, gain financial comfort, and achieve a greater sense of purpose. And the premise behind it all is this: money affects every part of our lives. Simply by sorting out your personal finances (and it isn't as bad as it sounds!), you can build a foundation from which you'll be able to find the right career path, visualize your desired lifestyle, and turn your dreams into a reality. You'll learn how to: Relieve yourself of the work, money, and personal stressors that keep you up at night Dispel the job myths that are preventing you from a more rewarding career Apply the fundamentals of personal finance to your unique situation, without all the confusing jargon Prioritize and balance your career and money needs through exercises and easy-to-use templates, launching yourself on the path to the life satisfaction you desire When the life you're living and the life you want to live don't match up, everything feels off balance. Where do you begin trying to connect the dots? Start with this book. Through accessible, practical advice, you'll learn the career and financial strategies you need to live the life you deserve.

This edited volume explores the dynamics of race, crime, and the criminal justice system in the United States today. The book gives equal attention to the links between images of color and images of crime as well as the ramifications of criminal justice policies and practices. Changes to the new edition include the following: * Revised introductory and concluding chapters that more clearly outline the focus and selection of the racial and ethnic groups discussed. * The book further examines the ways in which gender, religion, culture, sexuality, and sexual orientation are central components of racialized constructions. * A new chapter provides examples of current criminal justice practices and crime control policies on racial and ethnic groups, including law enforcement policies, prosecution and sentencing, and imprisonment. * Brief, framing introductions underscore why each chapter is important and how it fits into the book's overarching themes. * Each chapter includes discussion questions and a list of relevant websites. * An accompanying Instructor's Manual prepared by David R. Montague is new to the Third Edition.

“Imagine that you board an airliner and are told that you will be piloting the plane. Such is the plight of tens of millions of Americans, on whom have been foisted a jumble of 401(k), 403(b), and 457 defined contribution plans, and are as well qualified to manage their retirement portfolios as they are to pilot a jet from Los Angeles to Boston. Los mercados financieros son, en esencia, sistemas cerrados en los que lo que un inversor gana lo pierde otro. Navegar en estas aguas turbulentas siguiendo los consejos de Wall Street es la receta perfecta para naufragar y acabar más pobre que al principio. Pero si quieres una guía experta, consejos sólidos y un poco de humor descarado, éste es tu libro. Hace más de veinte años, un grupo informal de inversores empezó a intercambiar ideas en la web. Tenían en común la racionalidad, su espíritu solidario y el respeto por la legendaria carrera de John C. Bogle, el fundador de Vanguard. Hoy www.bogleheads.org recibe más de un millón de visitas al día y se ha convertido en el mejor foro de inversión del ciberespacio. Este libro, que destila su sabiduría, bonhomía y depurado realismo, es una guía insuperable y contraintuitiva. En sus páginas recomienda y explica cómo trazar un plan financiero personal y seguirlo al pie de la letra. ¿La clave? Elegir fondos de inversión de bajo coste, perfectamente indexados, como centro de tu cartera de inversión. Es un método simple, y en esa sencillez reside precisamente su belleza. En el camino encontrarás distracciones que te incitarán a desviarte de la ruta prevista. Pero este libro te advierte contra ellas y te prepara para evitarlas.

CBS MoneyWatch columnist Larry Swedroe's bedrock principles for investing success *Investment Mistakes Even Smart Investors Make and How to Avoid Them* helps anyone from the novice investor to the professional money manager become a more informed investor—and ignore the kind of pervasive “conventional wisdom” that so often leads to financial loss. Swedroe describes how behavioral mistakes and overconfidence can lead you to stray from proven investment principles, and he explains how to reverse these temptations and make the right investing decisions when it counts most. Larry Swedroe is Principal and Director of Research at Buckingham Asset Management. He writes the popular blog “Wise Investing” at [CBS MoneyWatch.com](http://CBSMoneyWatch.com).
