development. Written in an accessible and lively style, *Child Care and Early Education* is up to date on current childcare practice. It offers support, information and practical suggestions for practitioners in all types of early years and out of school care settings and also for readers working in a family home as nannies and childminders. Highly successful and established author Jennie Lindon offers different perspectives on some challenging issues often omitted from childcare texts.

This tutor support pack is fully updated to current CACHE CCE and DCE standards and complements the new *Babies and Young Children* textbooks. It is based on *Child Care and Education for CCE and NVQ 2* by the same authors. The pack is designed to assist in the planning and delivery of classes and contains practice multiple choice questions and material on assessment. Produced on A4 ring-bound pages for ease of copying, the pack should be of use to other level 2 and 3 child care qualifications.

This ground-breaking handbook provides a much-needed, contemporary and authoritative reference text on young children's thinking. The different perspectives represented in the thirty-nine chapters contribute to a vibrant picture of young children, their ways of thinking and their efforts at understanding, constructing and navigating the world. The *Routledge International Handbook of Young Children's Thinking and Understanding* brings together commissioned pieces by a range of hand-picked influential, international authors from a variety of disciplines who share a high public profile for their specific developments in the theories of children's thinking, learning and understanding. The handbook is organised into four complementary parts:

- How can we think about young children's thinking?: Concepts and contexts
- Knowing about the brain and knowing about the mind
- Making sense of the world
- Documenting and
