

Calculus For Business Economics Life Sciences And Social Sciences 11th Edition

Functions, graphs, and limits. Differentiation: basic concepts. Additional applications of the derivative. Exponential and logarithmic functions. Integration...

For 1-2 semester or 1-3 quarter courses covering calculus for students in business, economics, social sciences, or life sciences.

Barnett/Ziegler/Byleen is designed to help students help themselves succeed in the course. This text offers more built-in guidance than any other on the market—with special emphasis on prerequisite skills—and a host of student-friendly features to help students catch up or learn on their own. This program provides a better teaching and learning experience. Here's how: Personalized learning with MyMathLab®: the accompanying MyMathLab course provides online homework and learning tools that help students help themselves succeed. More than 4,400 exercises in the text help you craft the perfect assignments for your students, with plenty of support for prerequisite skills. Built-in guidance helps students help themselves learn course content. Flexible coverage allows instructors to use this text in a way that suits their syllabus and teaching style.

For one-semester courses in Calculus. Helps students "get the idea." Calculus for Business, Economics, Life Sciences, and Social Sciences, Brief Version, 14th Edition offers more built-in guidance than any other text in its field -- with special emphasis on applications and prerequisite skills -- and a host of student-friendly features to help students catch up or learn on their own. The text's emphasis on helping students "get the idea" is enhanced in the new edition by a design refresh, updated data and applications, and a robust MyLab(tm) Math course. Calculus for Business, Economics, Life Sciences, and Social Sciences, Brief Version contains Chapters 1-8 and is designed for a one-term course in Applied Calculus. The full version of Calculus for Business, Economics, Life Sciences, and Social Sciences, 14th Edition includes Chapters 1-11 and is generally used for a 2-semester course. Also available with MyLab Math By combining trusted author content with digital tools and a flexible platform, MyLab(tm) Math personalizes the learning experience and improves results for each student. Note: You are purchasing a standalone product; MyLab Math does not come packaged with this content. Students, if interested in purchasing this title with MyLab Math, ask your instructor to confirm the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MyLab Math, search for: 0134862643 / 9780134862644 Calculus for Business, Economics, Life Sciences, and Social Sciences, Brief Version, and MyLab Math with Pearson eText - Title-Specific Access Card Package, 14/e Package consists of: 0134851994 / 9780134851990 Calculus for Business, Economics, Life Sciences, and Social Sciences, Brief Version 0134856597 / 9780134856599 MyLab Math with Pearson eText - Standalone Access Card - for Calculus for Business, Economics, Life Sciences, and Social Sciences, Brief Version

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. For Books a la Carte editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title-including customized versions for individual schools-and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering platforms. For one-semester courses in Calculus. Helps students "get the idea." This text offers more built-in guidance than any other on the market--with special emphasis on prerequisites skills--and a host of student-friendly features to help students catch up or learn on their own. 0321925130 / 9780321925138 Calculus for Business, Economics, Life Sciences and Social Sciences Plus NEW MyMathLab with Pearson etext -- Access Card Package Package consists of: 0321431308 / 9780321431301 MyMathLab -- Glue-in Access Card 0321654064 / 9780321654069 MyMathLab Inside Star 0321869834 / 9780321869838 Calculus for Business, Economics, Life Sciences, and Social Sciences

Designed for students majoring in business, economics, social sciences, or life sciences, this mathematically correct, accessible, and student-friendly introduction to applied calculus prepares students to deal with calculus topics when they are encountered in other areas. The emphasis throughout is on computational skills, ideas, and problem solving - rather than on mathematical theory. Most derivations and proofs are omitted except where their inclusion adds significant insight into a particular concept, and general concepts and results are usually presented only after particular cases have been discussed.

This accessible, and reader-friendly introduction to applied calculus prepares readers to deal with calculus topics when they are encountered in a variety of areas. The emphasis throughout is on computational skills, ideas, and problem solving--rather than on mathematical theory. Most derivations and proofs are omitted except where their inclusion adds significant insight into a particular concept, and general concepts and results are usually presented only after particular cases have been discussed. There are over 370 numbered worked examples, and most sections contain applied exercises from business and economics, life sciences, and social sciences. A Beginning Library of Elementary Functions. Additional Elementary Functions. The Derivative. Graphing and Optimization. Additional Derivative Topics. Integration. Additional Integration. Multivariable Calculus. Differential Equations. Taylor Polynomials and Infinite Series. Probability and Calculus. Trigonometric Functions Review. For anyone who needs a proficiency in calculus in their work in business, economics, social sciences, or life sciences.
