

Cambridge Bec Preliminary Practice Tests

Business Benchmark helps students get ahead with their Business English vocabulary and skills and gives them grammar practice in business contexts. The Student's Book provides lower intermediate level students with essential business language and vocabulary, and provides training and practice for the BEC Preliminary exam, using real BEC exam tasks provided by Cambridge ESOL. This version is available in German-speaking markets only. Test developers need to provide a clear explication of the language ability constructs that underpin the tests they offer in the public domain; such an explication is essential for supporting claims about the validity --- or usefulness --- of tests and test scores. This edited volume develops a theoretical framework for validating tests of second language speaking ability. The framework is then applied through an examination of the tasks in Cambridge ESOL speaking tests from a number of different validity perspectives that reflect the socio-cognitive nature of any assessment event. The chapter authors show how an understanding and analysis of the framework and its components can assist test developers to operationalise their tests more effectively, especially in relation to the key criteria that differentiate one proficiency level from another. The volume is a rich source of information on all aspects of examining speaking ability. As such, it will be of considerable interest to examination boards who wish to validate their own speaking tests in a systematic and coherent manner, as well as to academic researchers and graduate students in the field of language assessment more generally. This is a companion volume to the previously published titles *Examining Writing* and *Examining Reading*.

Set of 4 authentic BEC practice test papers from Cambridge ESOL

Business Benchmark helps students get ahead with their Business English vocabulary and skills and gives them grammar practice in business contexts. Teachers can choose from the BEC edition or the BULATS edition at the right level for their students. The Audio Cassettes contain all the recorded material for the listening activities in both editions of Business Benchmark Pre-intermediate, Intermediate, including BEC practice test listening.

This volume examines the nature of second language listening proficiency and how it can be assessed. The book highlights the need for test developers to provide a clear explication of the ability constructs which underpin the tests they offer in the public domain. This is increasingly necessary if claims about the validity of test score interpretation and use are to be supported both logically and with empirical evidence. It operationalises a comprehensive test validation framework which adopts a socio-cognitive perspective. The framework embraces six core components, examining and then analysing Cambridge ESOL listening tasks from the following perspectives: Test Taker; Cognitive Validity; Context Validity; Scoring Validity; Criterion-related Validity; and Consequential Validity.

This publication highlights the need for test developers to provide clear explanations of the ability constructs which underpin tests offered in the public domain. An explanation is increasingly required, if the validity of test score interpretation and use are to be supported both logically, and with empirical evidence. The book demonstrates the application of a comprehensive test validation framework which adopts a socio-cognitive perspective. The framework embraces six core components which reflect the

Further Ahead is a Business English course at lower-intermediate level. To meet the demand for BEC Preliminary Exam we have added a CD-ROM to the Learner's Book that provides a walk and talk through the exam and practice material. Further Ahead Learner's Book is at the right language level for students who are preparing for BEC Preliminary. The Practice Test with answer key and audio has been specially written for this book by Tricia Aspinall and Jake Allsop, two very experienced test writers.

Practice Tests for the BEC is series of practice tests written in line with the specifications for the Cambridge ESOL BEC examination. Each book contains five complete tests. This set of tests, written by an experienced EFL author, provides comprehensive coverage of the type of language points and individual skills focuses targeted in the examination. The tests offer thorough practice in the tasks contained in each of the three papers. There are two versions of the test book, one with an answer key for home study and one without an answer key suitable for use in class.

Pass Cambridge BEC is a practical course for students who wish to gain a recognised business English qualification. Focusing on relevant international business situations, the course has been structured to provide students with a thorough preparation for the Business English Certificates (BEC).
