

Cambridge Checkpoint Maths Workbook 2

This Teacher's Resource Book will ensure you can deliver the Cambridge Secondary 1 programme for Science with confidence. It offers detailed support with the practical aspects of the course, and includes plenty of homework activities and worksheets. To help prepare your students for the examination there are sample Checkpoint Tests for use at the end of the relevant stage, with full mark schemes. Biology, Chemistry and Physics are combined in a single handy volume, but the material is in three distinct sections so you can still teach the course as three separate Sciences if you prefer. Build confidence and understanding throughout the year with hundreds of additional practice questions. This Workbook supports our bestselling Checkpoint series, with exercises specifically matched to the Cambridge Progression tests and the Checkpoint tests. - Develops understanding and builds confidence ahead of assessment with exercises matched to the tests - Ensures a thorough understanding of all aspects of the course by following the structure of the relevant textbook - Saves planning time with exercises that are suitable for use in class or as homework This Workbook is matched to the Cambridge Lower Secondary Curriculum Framework and follows the structure of the equivalent Checkpoint Student's Book exactly. This text has not been through the Cambridge International endorsement process.
