workbook to help Cambridge Lower Secondary Science students understand scientific terms and express themselves effectively in English. The write-in workbook covers English language in science contexts to help students develop their skills and confidence in preparation for the Checkpoint Test. Activities range from choosing the right word in a list of possible answers to writing longer responses. The answers to the workbook questions are on the Cambridge University Press website.

This Teacher's Resource Book will ensure you can deliver the Cambridge Secondary 1 programme for Science with confidence. It offers detailed support with the practical aspects of the course, and includes plenty of homework activities and worksheets. To help prepare your students for the examination there are sample Checkpoint Tests for use at the end of the relevant stage, with full mark schemes. Biology, Chemistry and Physics are combined in a single handy volume, but the material is in three distinct sections so you can still teach the course as three separate Sciences if you prefer.

Written by well-respected authors, the Cambridge Checkpoint Science suite provides a comprehensive, structured resource which covers the full Cambridge Secondary 1 framework and seamlessly progresses into the next stage. Checkpoint Science Challenge Workbook 9 provides targeted additional exercises that aim to stretch students to develop deeper
