Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries. Until recently the theory that people could have traversed large expanses of ocean in prehistoric times was considered pseudoscience. But recent discoveries in places as disparate as Australia, Labrador, Crete, California, and Chile open the possibility that ancient oceans were highways, not barriers, and that ancient people possessed the means and motives to traverse them. In this brief, thought-provoking, but controversial book Alice Kehoe considers the existing evidence in her reassessment of ancient sailing. Her book-critically analyzes the

growing body of evidence on prehistoric sailing to help scholars and students evaluate a highly controversial hypothesis;-examines evidence from archaeology, anthropology, botany, art, mythology, linguistics, maritime technology, architecture, paleopathology, and other disciplines;-presents her evidence in student-accessible language to allow instructors to use this work for teaching critical thinking skills. With a shared reverence for the arts of Japan, T. Richard Fishbein and his wife, Estelle P. Bender assembled an outstanding and diverse collection of paintings of the Edo period (1615 – 1868). The Poetry of Nature offers an in-depth look at more than forty works from their collection that together trace the development of the major schools and movements of the era — Rinpa, Nanga, Zen, Maruyama-Shij?, and Ukiyo-e — from their roots in Heian court culture and the Kano and Tosa artistic lineages that preceded them. Insightful essays by John T. Carpenter and Midori Oka reveal a unifying theme — the celebration of the natural world — expressed in varied forms, from the bold, graphic manner of Rinpa to the muted sensitivity of Nanga. Lavishly illustrated, these works draw particular focus to the unique intertwinement of poetry and the pictorial arts that is fundamental to the Japanese tradition. In addition to providing new readings and translations of Japanese and Chinese poems, The Poetry of Nature sheds new light on the ways in which Edo artists used verse to transform their paintings into a hybrid literary and visual art. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana}

Happy New Almanac Year! It's time to celebrate the newest edition of The Old Farmer's Almanac! Long recognized as North America's most-beloved and best-selling annual, the handy yellow book fulfills every need and expectation as a calendar of the heavens, a time capsule of the year, an essential reference that reads like a magazine. Always timely, topical, and distinctively "useful, with a pleasant degree of humor," the Almanac is consulted daily by users from all walks of life, throughout the year. The 2021 edition contains the fun facts, predictions, and feature items that have made it a cultural icon: traditionally 80 percent-accurate weather forecasts; notable astronomical events and time-honored astrological dates; horticultural, culinary, fashion, and other trends; historical hallmarks; best fishing days; time- and money-saving garden advice; recipes for refreshment; facts on folklore, farmers, home remedies, and husbandry; amusements and contests, plus too much more to mention--all in the inimitable way that the Almanac has done since 1792.

Since 1957, Chase's Calendar of Events lists everything worth knowing and celebrating for each day of the year: 12,500 holidays, national days, historical milestones, famous birthdays, festivals, sporting events and more. "One of the most impressive reference volumes in the world." Publishers Weekly
