Or why God chose it as the cornerstone of Christianity? In Covered by the Blood of Jesus author Rita Y. Jarrett shares the results of her research on the knowledge of the blood sacrifice of Jesus. His blood, still alive and active, is our way back to our original place and position with God. The blood of Jesus is a divine entity, something with a real existence, and has all the attributes of the names and titles of the Lord. Learn why the blood of Jesus was the only medium of exchange qualified to save all humankind and provide salvation and redemption for the sin of the world. This book explains why the subject of the blood sacrifice of Jesus must be given its place of honor and recognition in order for us to become true worshippers and in a position to realize all its benefits and value. Jarrett provides you with all the information needed to give it its proper place in your faith.
