

Chapter 13 Section 2 Presidential Succession And The Vice Presidency Quiz

AMERICAN GOVERNMENT AND POLITICS TODAY is known nationwide for its balanced, unbiased, and modern coverage of constitutional, governmental, political, social, and economic structures and their processes. The book provides the knowledge that allows students to make informed choices, encourages them to play an active role in the decision-making process, and promotes their enthusiastic participation in the world around them by providing the tools they need to get involved. The 2015-2016 edition's updates include in-depth coverage of the midterm 2014 elections. The book is also available without policy chapters. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Unraveling the complexities of the U.S. political system, Geer/Herrera/Schiller/Segal's GATEWAYS TO DEMOCRACY, 5th edition, highlights the gateways that facilitate -- or block -- participation. Illustrating the relevance of government to your personal life, the authors explain how the political system works as well as how individuals and groups opened gates and overcame barriers to influence public policy. Completely up to date, the 5th edition includes expansive coverage of the 2020 elections, the COVID-19 pandemic, diversity (with a focus on Black and Latino activism), the advancement of LGBTQ rights and other issues reflecting America's changing demographic infrastructure. Supreme Court cases illustrate the constitutional and legal context in which U.S. democracy has evolved, while a Political Analytics feature helps you evaluate the vast amounts of data in today's political discourse. Includes some separate vols. for special sessions.

This ABA bestseller provides detailed guidance for compliance with the Lobbying Disclosure Act. It gives practical examples of how to be compliant, and covers all of the major federal statutes and regulations that govern the practice of federal lobbying. The book offers invaluable descriptions of the legislative and executive branch decision-making processes that lobbyists seek to influence, the constraints that apply to lobbyist participation in political campaigns, grassroots lobbying, ethics issues, and more.

(High School) Hailed as a stellar educational resource for nearly a century, Magruder's American Government is updated annually to meet the changing needs of today's high school students and teachers. The program's engaging narrative is enhanced with numerous primary sources, political cartoons, charts, graphs, and photos, making the structure and principals of government accessible and motivating to students of all abilities.

Suggests a theory of presidential power, and tests it against the events in the administrations of the postwar presidents

Vital perspectives for the divided Trump era on what the Constitution's framers intended when they defined the extent—and limits—of presidential power One of the most vexing questions for the framers of the Constitution was how to create a vigorous and independent executive without making him king. In today's divided public square, presidential power has never been more contested. The President Who Would Not Be King cuts through the partisan rancor to reveal what the Constitution really tells us about the powers of the president. Michael McConnell provides a comprehensive account of the drafting of presidential powers. Because the framers met behind closed doors and left no records of their deliberations, close attention must be given to their successive drafts. McConnell shows how the framers worked from a mental list of the

powers of the British monarch, and consciously decided which powers to strip from the presidency to avoid tyranny. He examines each of these powers in turn, explaining how they were understood at the time of the founding, and goes on to provide a framework for evaluating separation of powers claims, distinguishing between powers that are subject to congressional control and those in which the president has full discretion. Based on the Tanner Lectures at Princeton University, *The President Who Would Not Be King* restores the original vision of the framers, showing how the Constitution restrains the excesses of an imperial presidency while empowering the executive to govern effectively.

AMERICAN GOVERNMENT AND POLITICS TODAY is known nationwide for its balanced, unbiased, and modern coverage of constitutional, governmental, political, social, and economic structures and their processes. The book provides the knowledge that allows students to make informed choices, encourages them to play an active role in the decision-making process, and promotes their enthusiastic participation in the world around them by giving them the tools they need to get involved. The 2017-2018 edition's updates include in-depth coverage of the 2016 elections. 'Political Science' offers a thorough introduction to the basic concepts and theories of political science. With a critical look at the major theories, it exposes students to many ways of thinking, and challenges them to think critically while emphasizing both US and comparative politics.

This is a book about government, and, more particularly, about government in the United States ... Every edition of this book has had one basic purpose: to describe, analyze, and explain the American system of government.-Pref.

"An introductory American government textbook should do more than simply tell students that politics is relevant today, that it will affect their lives in meaningful ways. Students are best prepared to recognize this basic fact when they understand the bigger picture of how the system works, how it got that way, and what are the possibilities for change. Cal Jillson's *American Government: Political Development and Institutional Change* shows students how the nation's past is present in all aspects of contemporary politics, using the dynamics of change as a tool to understand how politics works and how institutions, systems, avenues of participation, and policies have evolved over time to produce today's political environment in the United States. Going one step further, Jillson identifies the critical question of how American democracy might evolve further, focusing in every chapter on reform and change into the future"--

Writing the perfect complement to their bestseller, *Introducing Public Administration*, Shafritz and Borick highlight the great drama inherent in public policy -- and the ingenuity of its makers and administrators -- in this new casebook that brings thrilling, true life adventures in public administration to life in an engaging, witty style. Drawing on a unique assortment of literary, historic, and modern examples, *Cases in Public Policy and Administration* exposes students to public administration in practice by telling the tales of: How Thurgood Marshall led the legal fight for civil rights and made it possible for Barack Obama to become president How the ideas of an academic economist and a famous novelist led to the recession that started in 2008 How Al Gore really deserves just a little bit of credit for inventing the Internet How the decision was made by President Harry Truman to drop the first atomic bomb on Japan in order to end World War II How the current American welfare state was inspired by a German chancellor How a Nazi war criminal inadvertently provided the world with a lesson in bureaucratic ethics How

Diplomacy is transforming and expanding its role as the method of interstate relations to a general instrument of communication among globalized societies. Adapting to globalization, the practice of diplomacy is shared by non-state participants, thus becoming privatized and popularized. This book offers a comprehensive understanding of the widening scope of public as well as private diplomacy and its normative framework. It features a practitioner's inside view of diplomacy combined with interdisciplinary academic analysis.

Analyzing American Democracy teaches students to think analytically by presenting current political science theories and research in answering the engaging, big questions facing American politics today. It serves as both an introduction to American politics and to the discipline of political science by reflecting the theoretical developments and empirical inquiry conducted by researchers. Every chapter highlights the most current research and discusses related public policy. It demonstrates for students how to think critically and analytically, bringing theoretical insight to contemporary American politics. More than just a comprehensive overview and description of how American politics works, Jon Bond and Kevin Smith demonstrate how politics can be studied systematically. Throughout the text, they introduce students to the insights gleaned from rational choice, behavioral, and biological approaches to politics. Understanding these three social scientific models and their applications helps students get the most out of their American government course and out of this text--they learn a way of thinking that they can use to make sense of future challenges facing the American polity. A number of features help aid comprehension and critical thinking: Key Questions at the start of every chapter frame the learning objectives and concepts Politics in Practice boxes in every chapter encourage students to think critically about how practice compares with theory Tables, Figures, Charts, and Maps throughout present the empirical details of American politics, helping students gain quantitative literacy Top Ten Takeaway Points at the end of every chapter recap the most important points covered but also help students discern the general principles that make sense of the numerous factual details Key Terms are bolded in the text, defined in the margins, recapped at the end of the chapter, and compiled in a glossary, all to help insure that students can effortlessly master the vocabulary of American politics and political science in order to move on to the more important concepts.
