Mental Health Nursing is an Australian text combining a theoretical approach to mental health nursing with clinical reasoning and a practical framework for real-life nursing situations. Ideal for both clinical and theory mental health units, the text was developed with input from consumers and clinicians, and includes the clinical manifestations, impacts, treatment and management of persons suffering from mental illness. Chapters on 'Suicide and non-suicidal self-injury' and 'Mental health first aid' provide detailed coverage of these contemporary mental health issues, while a chapter on Mental State Examination (MSE) comprehensively explores MSE in a style similar to a traditional psychiatry text and in the context of many different mental health conditions, giving students multiple perspectives of presentations. Critical thinking and review questions challenge students to apply theory to practice, and pharmacology is discussed in each disorder-chapter, helping students to contextualise their learning. With coverage of the Mental Health Act (2014), and criteria from the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5) integrated throughout, the text equips students with a working understanding of major mental health disorders, and the ability to work practically when engaging with persons suffering from mental illness. This enhanced edition now also includes discussion around mental health as it pertains to the

effects that COVID-19 and the global pandemic have had on consumers and practitioners. Resources for the instructor include updated Instructor's Manual, PowerPoints and Test Bank.

The use of bicycles by police, EMS, and security personnel continues to grow along with increased awareness of the benefits of an extremely mobile team of first responders. While the reasons for implementing a bicycle unit may vary, the goal of each agency is the same: to provide assistance to those who need it as quickly, safely, and effectively as possible. In the past, officers and agencies seeking to get a public safety bike unit rolling had to look far and wide to assemble the necessary information. The Complete Guide to Public Safety Cycling is the single comprehensive source of in-depth information on starting a bike unit or enhancing an established bike unit with tactical and technical tips on everything from basic equipment needs to detailed insights on policy, maintenance, training, legal issues, and much more.

"The Study Guide for the Fundamentals of Health Information Management, 2nd edition, is a lovely complement to the textbook readings. Using the study guide allows for an overview of key aspects of each chapter and provides a quick review in the form of multiple choice, short answer, and true/false questions. Case studies have been included and allow the student to go beyond the basic knowledge/understanding level and apply their critical thinking and analysis skills. Instructors can use the study guide to direct class discussion on specific topics of interest." Kelly Abrams, Ph.D. Candidate, CHIM VP, Canadian College of Health Information Management

A deep shroud of mystery surrounds the book of Revelation, and it lends itself to a wide variety of interpretations. Its style and symbolism intimidate us and leave us bewildered; yet there is a thread of continuity and strength permeating its pages. Not just another book on Revelation, Dennis LaValley's "Revelation: Beyond the Cross" cuts through layers of poor translation and error to solve the problems presented by hundreds of years of misinformation. In a conversational style, LaValley writes to reveal Revelation's true purpose: the full, vivid story of Jesus's return to heaven after his ministry on Earth. Through meticulous research, LaValley places Revelation back in the Bible, endows it with the authority of Scripture, and shows its relevance to the other books of the Bible and to the first-century Christian. He breaks down Revelation chapter by chapter and interprets the visions and symbols in accordance with the principles of apocalyptic
