The Reception of Charles Dickens in Europe offers a full historical survey of Dickens's reception in all the major European countries and many of the smaller ones, filling a major gap in Dickens scholarship, which has by and large neglected Dickens's fortunes in Europe, and his impact on major European authors and movements. Essays by leading international critics and translators give full attention to cultural changes and fashions, such as the decline of Dickens's fortunes at the end of the nineteenth century in the period of Naturalism and Aestheticism, and the subsequent upswing in the period of Modernism, in part as a consequence of the rise of film in the era of Chaplin and Eisenstein. It will also offer accounts of Dickens's reception in periods of political upheaval and revolution such as during the communist era in Eastern Europe or under fascism in Germany and Italy in particular.

This long-awaited biography, twenty years after the last major account, uncovers Dickens the man through the profession in which he excelled. Drawing on a lifetime's study of this prodigiously brilliant figure, Michael Slater explores the personal and emotional life, the high-profile public activities, the relentless travel, the charitable works, the amateur theatricals and the astonishing productivity. But the core focus is Dickens' career as a writer and professional author, covering not only his big novels but also his phenomenal output of other writing--letters, journalism, shorter fiction, plays, verses, essays, writings for children, travel books, speeches, and scripts for his public readings, and the relationships among them. Slater's account, rooted in deep research but written with affection, clarity, and economy, illuminates the context of each of the great novels while locating the life of the author within the imagination that created them. It highlights Dickens' boundless energy, his passion for order and fascination with disorder, his organizational genius, his deep concern for the poor and outrage at indifference towards them, his susceptibility towards young women, his love of Christmas and fairy tales, and his hatred of tyranny. Richly and precisely illustrated with many rare images, this masterly work on the complete Dickens, man and writer, becomes the indispensable guide and companion to one of the greatest novelists in the languag

Research Paper (postgraduate) from the year 2016 in the subject English Language and Literature Studies - Literature, University of Balochistan (Department of English

Literature), course: Literature, language: English, abstract: This research paper tends to seek the comparison and contrast of class-consciousness between the two great writers of world literature, Khushal Khan Khatak and Charles Dickens. The former belongs to the seventeenth-century feudal sub-continent of South Asia and latter comes from the industrialised capitalist Victorian age. They depicted the economic plight, misery and suffering of the toiling classes in their writings in the different historical ages to project different visions of human situation. Both the writers in spite of different historical ages, cultures, literary genres, socio-economic, political and class backgrounds possess one thing in common, which is the class-consciousness. The comparison and contrast will be conducted in this research study in terms of Marxist class-analysis of the two authors belonging to the two different periods of history. Applying the Marxist hermeneutics to the textual analysis of the texts of the both authors, the present research study tries to introduce new a portrait and re-evaluation of the personages of the two greatest literary writers in an innovative perspective.

This book is a rebuttal of the common belief that grave environmental consequences are associated with the issues of global warming and nuclear hazards. Firstly, it is argued that after 25 years of research no-one has actually found evidence for greenhouse warming. Instead, the heat has caused the evaporation of ocean water to increase cloud coverage, reflecting more sunlight away, cooling down the earth and nullifying the effects of greenhouse warming. The author describes this revolution in climatology through new scientific discoveries that solve the longstanding mystery of the ice ages and explain the enigma of the missing greenhouse heat. The solution of the ice age problem is a far most important scientific accomplishment. In the second part of the book, the author argues that the effects of low-level radiation can be beneficial rather than damaging.

Evidence is presented proving that low-level radiation in the US from both natural sources and human activities such as nuclear bombs tests actually reduces death rates from cancer and other diseases and increases longevity. In the Indian State of Kerala life span has been shown to increase 10.5 years due to the natural radiation from thorium mines. The book proposes that primitive life forms must have developed immune systems to counter the harmful effects of natural radioactivity and that low-level radiation from nuclear waste may one day be transformed from trash to treasure. Nature has always been kind to humans. But our self-aggrandizing species has mistaken blessings for disasters and spoiled the otherwise splendid 20th century. Synopsis High School Memoirs: A Journey in Surrealism is a tear-jerking, hilarious ride for a less-than-ordinary High School student who battles bullies and librarians to become King of the Classroom. Set in a small Catholic High School on the north side of Chicago, author Sean Cusack takes us on a surrealistic journey through four fun-filled years of triumph and tragedy in this unique epic. The journey begins with Sean Cusack entering St. Bernadin High School in August of 1995 as a very young and innocent Freshman student. He focuses on several life changing experiences in his infant days of High School that change him forever. Innocence Lost traces the steps Sean Cusack took that ultimately lead him on a path toward frequent battles with students and the school faculty and Administration. As a Sophomore, The Ride most certainly takes us on a ride through fights, vandalism, and verbal debacles that continued to steer the vengeful ship that Sean Cusack had been building since a Freshman. He now had become the ships Captain as it set sail. The Ride takes us through many strange and mysterious encounters that add more of a surrealist element to this budding melodrama and comedic satire. Sean Cusacks roses bud Junior Year in Forever Remembered, when he becomes a charismatic hero and leader of a rebellious group of students that pillage and plunder the school and faculty in wild and zany antics. Forever Remembered embodies the humorous and more imaginative side of Sean Cusack as the journey through High School becomes more surreal. Senior Year wraps up the trials and tribulations that Sean Cusack had endured thus far in his High School experience culminating into one person after years of battling the Defunct Administration. He is molded by evil as the rebellious youth becomes totally hellbent on crippling the school. In the end, he loses friends, respect from teachers, but most of all, he loses faith in his cause, yet ends his High School experience with a fantastical and triumphant bow. Sean Cusack proves that not all High School stories are the same in this turbulent and chaotic autobiography. High School Memoirs: A Journey in Surrealism chronicles a strange and unique history that is truly a step above the rest.

Scholarly Research paper from the year 2013 in the subject English - Literature, Works, course: Mphil English, language: English, abstract: This paper will examine Charles Dickens' depiction of the marginalised in the Victorian society namely in his three selected text; The old curiosity shop, Oliver Twist and David Copperfield. It will mainly deal with homelessness, heroism and forms of unemployment with a focus on The Poor Law. I will look into the problem of poverty in context of first phase of industrialization which brought radical insecurity to more working class than middle class people. Dickens' novels expose the slums and dirt of London and its surroundings by realistically depicting the corruption of its society. Thus the Industrial Revolution evoked sympathy and a desire for social change in Charles Dickens.

Seminar paper from the year 2010 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Osnabrück, language: English, abstract: Early Corpus linguistics and stylistics began with Chomsky's approach to language. He explicitly stated that there are three levels of adequacy upon which grammatical and linguistic theories can be evaluated: observational adequacy, descriptive adequacy and explanatory adequacy . This "revolution" through Chomsky founded the basis for corpus-based analysis, a method which uses adequate examples to give introspection how a language works and how it is used by different authors. Corpus-based analysis offers new insights into studies of language and new computer tools and software make it possible to get access to a wide range of electronic corpora. In my research paper I will carry out a corpus stylistic approach to the language of 19th century author Charles Dickens. This means that I will basically focus on his special register and investigate his use of particular clusters as recurrent combinations of words used in his corpus. Furthermore, I will focus on A Christmas Carol (1843) as an exemplifying novel of how language patterns are used by Dickens. This masterpiece has the smallest number of words of all his novels, namely 28.541 , which renders it a special challenge to analyse. Moreover, it hasn't been analysed by many corpus linguists before which puts A Christmas Carol in the light of a nearly unexamined piece of art ready to explore. My thesis which will be developed in the following chapters would be that Dickens's novels, especially A Christmas Carol, provide a unit of meaning, their own worlds of text, in which Dickens's unique style can be sifted out, providing recurring clusters which offer a corpus work based on effective comparison. To enter the deep analysis to provide a well-worked out research paper I will start with a description and findings of corpus analysis. Secondly, I will spend a chapter on three-, four- and five-word clusters in the Dickens Corpus and especially A Christmas

Carol with particular focus on five-word clusters. Moreover, I will introduce the five categories of labels, body part, speech, time and place and as if clusters and examine these categories in Dickens's Great Expectations (1861) and A Christmas Carol as two examples of a contrastive analysis. I will finish my work by concluding my previous discoveries. This Squid Ink Classic edition of Great Expectations includes the full text of the work plus MLA style citations for scholarly secondary sources, peer-reviewed journal articles and critical essays for when your teacher requires extra resources in MLA format for your research paper.
