Multi-volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location. For students, job candidates, business executives, historians and investors.

There are 15 million women drivers in the UK, yet so often they can feel at a disadvantage when it comes to dealing with the male-dominated motor industry. The solution has generally been seen as to call upon a male partner or family member for help. However, many women don't have a car-savvy bloke easily to hand - and would prefer to be more independent anyway. This is where The Girls' Car Handbookcomes in. A vital reference book, it is packed with useful information designed to give women greater confidence when tackling every aspect of motoring from getting a good deal when buying a car, personal safety when driving, handling accidents and breakdowns, tips for greener motoring and much, much more.

Together with Picasso and Matisse, Georges Braque is unquestionably one of the three great pillars of twentieth-century art. Here is the first full-length biography of this remarkable figure. A pioneer of modern art and founder of Cubism, Georges Braque was a creative genius and tireless innovator, constantly pushing back the boundaries of the possible. In this magisterial work, Alex Danchev taps a wide range of new sources to reveal the heart and mind of one who helped usher in the greatest revolution in the ways of seeing since the Renaissance and changed the face of modern art.

Tout visiteur du Musée Anacréon de Granville ne peut que se poser des questions sur l'étrange collectionneur qui partant de rien a accumulé ces trésors. Il n'est pas commun d'assembler de telles collections et de son vivant de se faire bâtir par sa ville natale un musée à son nom. A tous les points de vue, Richard Anacréon, personnalité hors normes, a été un homme exceptionnel.

Olivier Widmaier Picasso set out on a journey to rediscover the famous grandfather whose works decorated the walls of his parents' home in Marseille. His research brought to light details of Picasso's life that had always remained hidden from the general public. These details are now revealed exclusively in this book. The author explains why certain myths have grown up around modern art's founder and he rebuts the slanderous attacks made against Picasso in the past. Picasso's grandson spoke to the people who really knew his grandfather - famous contemporaries and leading figures from the worlds of art and the law, as well as ordinary individuals who played a part in his life. The author paints an intimate portrait of the artist and provides a delicate counterbalance to the public perception of the artist. The author describes Picasso's relationships with the women in his life and his children and examines his views on love, sex, and family life, as well as money, politics, power, fame, death, and eternity. This book reveals the story of one man's life and dispels many of the myths that surround the prolific artist and insatiable man. For the first time, the reader is let into the secrets of the Picasso estate with its eventful history and the incredible value of the inheritance.

On a freezing November night Commissioner Alec Blume is called to the scene of a shooting. The victim is Sofia Fontana, the sole witness to a previous killing. Blume's enquiries lead from a professor with a passion for the art of memory to a hospitalised ex-terrorist whose injuries have left her mind innocently blank; from present day Rome's criminal underclass, to a murderous train station bombing in central Italy several decades ago. Against the advice of his bosses and his own better judgement, Blume is drawn ever deeper into the case, which looks set to derail his troubled relationship with Caterina...
