

City Boy

Mitchell's job is his life. He works hard, with good men and he gets to be around the horses he loves. The only thing that will ruin his perfect life is if they find out he's gay, but that'll never happen, so he's safe. Jayden Donner doesn't really want to visit his estranged father on his farm, but how else is he going to get the money he needs for his overseas holiday? When Mitchell first sees Jay, he knows the city boy is trouble. Used to getting whatever he wants, Jay won't leave Mitchell alone. He doesn't understand how easily his advances could ruin Mitchell's life until it's too late. Where is the line between love and crazy? How much of life can ever be planned out or foreseen, even by intelligent, savvy, well-meaning people? Newlyweds Jack and Chloe have all such advantages. Ensnared in their affordable Chicago apartment, Jack struggles to pursue his writing career while Chloe works downtown applying herself to the world of high finance. The city is theirs to savor and enjoy. A man in love, Jack aspires to be the perfect husband to Chloe. But his own self-doubts and Chloe's office flirtations cast shadows. Jealousy and misbehavior undermine their notions of themselves and each other. And their menacing, raffish neighbors, with volatile lives and 911 calls, come to seem uncomfortably comparable. In the intense heat of one Chicago summer, Jack and Chloe's marriage roils into a queasy chemistry of vanity, lust, and greed. This is a love story that twists, and twists again, as it follows the stubborn persistence of passion and the outsized emotions that feed it. For anyone who has ever fallen in love -- or out of it -- City Boy sets off literary fireworks.

When published in 1948 this volume encountered a storm of condemnation and acclaim. It is, however, a milestone on the path toward a scientific approach to the understanding of human sexual behavior. Dr. Alfred C. Kinsey and his fellow researchers sought to accumulate an objective body of facts regarding sex. They employed first hand interviews to gather this data. This volume is based upon histories of approximately 5,300 males which were collected during a fifteen year period. This text describes the methodology, sampling, coding, interviewing, statistical analyses, and then examines factors and sources of sexual outlet.

Tales From My Youth By: Richard L. Mauger, PhD Tales From My Youth is a collection of short stories from author Richard L. Mauger's life. His tales of his youth revolve around the outdoors and trout fishing. As he grew older, his life

was still dominated by the great outdoors, turning geology and the environment into a career. His parents, sisters, and brothers-in-law are important components to his life story and to the tales within these pages. They showed him how to enjoy life, have firm beliefs and principles, and to have respect and compassion for all. Mauger's insightful stories include a wide variety of topics such as history, humor, pets, geology, family, and personal hindsight after over sixty years of life.

After growing up to be very different people, four men tackle the challenges of relationships, the Italian mafia, and the FBI while showing everyone around them what it takes to be a true friend. Alex Blue, Cyprus Kane, Anthony Games, and Lorenzo Dali were inseparable as children. Now a photographer, a jazz artist, a professional thief, and a detective, their friendship is complex and complicated. Alexander Blue struggles with both depression and obsession with the love of his life. Lorenzo Dali is the reincarnation of Miles Davis and he has the attitude to match. Anthony and Cyprus are criminal and cop, friend and foe, and it's only a matter of time before their relationship comes to an explosive conclusion. The drama that unfolds between the four friends is fast-paced and gripping. Author Kimani Kinyua creates twists and turns that will leave readers speechless and eager to discover who makes it to the end and who doesn't.

An "enormously entertaining" portrait of "a Bronx Tom Sawyer" (San Francisco Chronicle), *City Boy* is a sharp and moving novel of boyhood from Pulitzer Prize winner Herman Wouk. A hilarious and often touching tale of an urban kid's adventures and misadventures on the street, in school, in the countryside, always in pursuit of Lucille, a heartless redhead personifying all the girls who torment and fascinate pubescent lads of eleven.

The *Cinematic City* offers an innovative and thought-provoking insight into cityscape and screenscape and their inter-connection. Illustrated throughout with movie stills, a diverse selection of films (from 'Bladerunner' to 'Little Caesar'), genres, cities and historical periods are examined by leading names in the field. The key dimensions of film and urban theory are introduced before detailed analysis of the various cinematic forms which relate most significantly to the city. From early cinema and documentary film, to film noir, 'New Wave' and 'postmodern cinema', the contributors provide a wealth of empirical material and illustration whilst drawing on the theoretical insights of contemporary feminism, Benjamin, Baudrillard, Foucault, Lacan, and others. The *Cinematic City* shows how the city has been undeniably shaped by the cinematic form, and how cinema owes much of its nature to the historical development of urban space. Engaging with current theoretical debates, this is a book that is set to change the way in which we think about both the nature of the city and film. From his celebrated appearance, hatchet in hand, in Parson Mason Locke Weems's *Life of Washington* to Booth Tarkington's *Penrod*, the all-American boy was an iconic figure in American literature for well over a century. Sometimes he was a "good boy," whose dutiful behavior was intended as a model for real boys to emulate. Other times, he was a "bad boy," whose mischievous escapades could be excused either as

youthful exuberance that foreshadowed adult industriousness or as deserved attacks on undemocratic pomp and pretension. But whether good or bad, the all-American boy was a product of the historical moment in which he made his appearance in print, and to trace his evolution over time is to take a fresh view of America's cultural history, which is precisely what Larzer Ziff accomplishes in *All-American Boy*. Ziff looks at eight classic examples of the all-American boy—young Washington, Rollo, Tom Bailey, Tom Sawyer, Ragged Dick, Peck's "bad boy," Little Lord Fauntleroy, and Penrod—as well as two notable antitheses—Huckleberry Finn and Holden Caulfield. Setting each boy in a rich cultural context, Ziff reveals how the all-American boy represented a response to his times, ranging from the newly independent nation's need for models of democratic citizenship, to the tales of rags-to-riches beloved during a century of accelerating economic competition, to the recognition of adolescence as a distinct phase of life, which created a stage on which the white, middle-class "solid citizen" boy and the alienated youth both played their parts.

Ruby Wensley is sixteen and growing up behind her father's back. Daniel Wensley is a child psychologist and all too aware of the perils of this world. Joann Wensley is her daughters accomplice in deceit. Jake Finn has been raised in a rough Chicago neighborhood. His parents make a suspiciously quick decision to uproot their family and move to a far west suburb. Consequently, Jake doesn't fit in. He meets Ruby, who has been abandoned by her friends after she refuses to follow them down a destructive path of drugs and drinking. The unlikely pair begin dating. Ruby's father discovers them and cracks down; this only results in more rebellion. Jake tentatively reveals more of himself and his past to Ruby, bit by shocking bit. There are moments when she questions his trustworthiness, but she persists in believing in him. Are Jake's enemies coming after him? Is she in danger when she is with him? What all is Jake involved in?

In the world of municipal politics, truth is stranger than fiction, and there is no truth stranger than *La Blanca Gente*, Colorado. Tedesco weaves between the anecdotal and the academic to unveil the tactics government employees employ to achieve their own ends.

A memoir of the social and sexual lives of New York City's cultural and intellectual in-crowd in the tumultuous 1970s, from the acclaimed author Edmund White.

Meet Tim Bazzett, fifty years ago. This book is not so much a memoir as a rambling and luminous letter he is writing to his kids. In it he pays tribute and homage to his parents, to his teachers, and to Reed City, the town that shaped him. Mining his earliest memories, Bazzett tells of childhood scrapes, homemade toys, playing cowboys and "war" and even comes clean about an embarrassing feat of flatulence in a most unlikely place which became legend in family lore. He takes you along to Indian Lake, where he spent his summers swimming, and to Saturday matinees at the Reed Theater, where he learned homespun values from Gene and Roy. You'll meet the nuns who educated him at St. Philip's School, where he learned to dance and diagram. Early struggles with sex, sin and "Catholic guilt" are given their due, along with a short-lived religious vocation and a stint at the seminary. A "pseudo-farm kid," Bazzett tells too of his trials with cows, chickens, and picking pickles; and of lessons in "animal psychology" learned from his grandfather. His high school years are marred by pimples, dorkiness, and pining for the "popular" girls, but brightened by a few close friends and some minor successes on the basketball court. He loves some of his teachers, clashes with others, and even terrorizes one, as he fumbles his way toward manhood. It's all here - the work, the play, the frustrations and the joys of growing up working-class and Catholic in the heart of small-town America. Anyone who has been there will chuckle, remember and relate to *Reed City Boy*.

Growing up in a small town, Sarah Wright knew city boy Jake Ryland was going to be trouble the minute she saw him. In order to help a friend, Jake moved from his home in the city - with its vast amounts of entertainment options and women - to a small town in the middle of nowhere. Accustomed to the fast paced life he loved, life now seemed to move as slow as the molasses the South was known for. Until he met Sarah. Sarah knew Jake's stay in town was temporary, and did her best not to be drawn in by his charm and good looks. And after a disastrous first date, she thought she was safe. Little did she know... As their relationship builds, so does their chemistry...and their feelings for one another. Do they try to find a way to make it work, even though they come from different worlds? Or do they walk away now and wonder what might have been?

"This insightful analysis of ethnoracial contact and social networks among immigrants and racial groups in the central districts of Los Angeles is the product of new thinking. Wildís conclusions are fresh and sound."—Tom Sitton, coeditor of *Metropolis in the Making: Los Angeles in the 1920s* "This stimulating and exciting book is a work of synthesis that draws on dozens of previous theses and studies, as well as reminiscences, oral histories, testimony, and other first-person accounts. The result is an original and persuasive interpretation of the West's most important city."—Carl Abbott, author of *The Metropolitan Frontier: Cities in the Modern American West*

Memoirs of a Poor City Boy: From Penniless Youth to Chemist and Doctor is the fascinating life story of George Francis Kamen. Amidst a background of poverty, George obtained a coveted college education and medical training. Always the pragmatist, George earned a degree in chemistry to back up his medical education. He went on to conduct groundbreaking research in the treatment of multiple sclerosis and other neurological diseases with hydrocortisone injections and a salt-free, low-fat diet: The Kamen Diet. The author practiced medicine at a time when medical research sometimes was conducted with only a verbal agreement between patients and doctors. His treatments with hydrocortisone injections and The Kamen Diet also were found to be beneficial in patients with diabetes and cirrhosis of the liver. Published articles on Dr. Kamen's research with acrolein ranged from the effects of shock associated with burns (1943) to Mengo-Semliki virus immunity (1961), some of the earliest research on retroviruses. Dr. Kamen is listed in *Leaders in American Science* (1960) for his work on Multiple Sclerosis. Now retired and living in Sarasota, Florida, Dr. Kamen hopes that by publishing his memoirs, readers might find the courage and determination to realize their own dreams against any odds.
