The book, 'The black Mercedes and other Stories' Is the collection of beautiful and message giving short stories. With his vast experience of life, The author has very nicely narrated the changes happened in the society during last decade related to behaviour, morals, thoughts and so on in this collection, the author has touched the basic instinct of human I.E., sensitivity. Because of its deterioration how our society has been affected with this. In the present scenario, where people are running helter- skelter, living machine like life and struggling lot to meet both their ends, these stories may be a healer. The stories, in this collection have touched some of the social aspects where everyone will surely focus and rethink about how to deal life, society and develop a helpful attitude towards others. These stories are not only interesting but also going to enlighten everyone's innerconscience. Thoughts providing stories. Each story shows some sort of belonging towards society and more or less surely going to change the present mind-set to the helping attitude towards our society.the author has very successfully framed each story in its lively form and full of emotions.the stories, 'bridge', 'eid-ul-fitr', 'gurudakshina', 'Hello', 'a ruptured heart' Narrate the whole social structure to be reformed. 'Revenge'and 'the black mercedes'are beyond imagination, will surely shake you. Mind blowing stories. The author has very successfully prepared this bunch containing different flowers, thus making it unique.the language is lucid and easy to understand. A must have book for everyone.

2019 SSC JE (HINDI+ENGLISH) CIVIL ENGINEERING PRACTICE BOOK

GATE, An acronym for the Graduate Aptitude Test in Engineering (GATE) is a national-level competitive entrance exam for engineering graduates. GATE is conducted by the seven IITs and IISc Bangalore to offer admissions to their postgraduate programs in Science, Technology, and Architecture. GATE scores are also used by PSUs for recruiting candidates to prestigious designations. Civil Engineering is one of the many branches of GATE. It is the second oldest discipline in engineering and is highly popular among the M.Tech aspirants. GATE Civil leads to a professional discipline dealing with the designing, construction, and maintenance of the physical environment.

Staff Selection Commission (SSC) is one of the prestigious organisations of Government of India known widely for recruiting potential candidates for various posts at various subordinate offices. "SSC Junior Engineer CPWD/MES Civil Engineering" for Paper I Computer-based test (CBT) 2019 is a revised edition to provide students an updated version of study material following the latest examination pattern for this examination. TOC Solved Paper 2018, Solved Paper 2017, Solved Paper 2015, PART A - General Intelligence & Reasoning, PART B - General Awareness, PART C – Civil, Mock Test

Civil Engineering Drawing For Civil Engineering Students Symposium on Modern Trends in Civil Engineering Competition Science Vision

Vaastu Shastra is the art and science of living a happy and contented long life. In the modern-day world of high-speed technology, many diseases are arising out of faulty lifestyles. Classical principles of Vaastu Shastra describe the ancient way of living which need modifications in the present-day context. This book is an intelligent amalgamation of the ancient practice of Vaastu living and modern technologies of house building and architecture. It offers an introduction to Vaastu Shastra, systematising and standardising its techniques and methodologies. The book has been divided into three sections. The first section has been devoted to the understanding of the key concepts, principles and forces of Vaastu that exert an influence on any given space. The second section of the book reveals how to create heaven on earth; right in your home. It shows how we can achieve internal peace by first achieving external peace in the house. The third section is related to the day-to-day use of Vaastu. One chapter has been devoted to Vaastu of workplace which, in many aspects, is different from residential Vaastu. This book has been written according to the established principles of Vedic Astrology; an inevitable part of Vaastu Shastra. The effect of the nine planets is considered in Astrology while mainly the effect of planet earth is taken in Vaastu. Astrology depends on dashas (Planetary Periods) while Vaastu depends on dishas (Directions), Jyotish assumes the existence of Kaal Purush (Time Personified) while Vaastu assumes the existence of Vaastu Purush (Space Personified). The book incorporates current knowledge of building science to explain the ancient wisdom of Vaastu Shastra only to bridge the gap between ancient traditions and modern way of thinking. No attempt has been made to transgress into the other parallel systems known as Feng Shui and Pyramidology, which require totally separate study. The work is meant primarily for those who want to learn Vaastu from the very beginning and pursue it seriously in a scientific manner. The book will also serve as a stepping-stone for those who intend to indulge in hitherto unexplored areas of Vaastu Shastra like suitability of certain directions for certain activities, hidden meanings of Vaastu Purush; forty-five demi gods; ten dikpalas; three energies and Panchmahabhootas, predicting the fate of a house and its inhabitants through Vaastu kala, etc.

This multisite ethnography examines the construction of personal and group identity in the diaspora by emigrants from Hyderabad, India, settling in Pakistan, the UK, Canada, the US, Australia, and the Gulf states of the Middle East at the end of the 20th century.
