

Claimed A Reverse Harem Fairy Tale Retelling Haven Realm Book 4

My ex left me high and dry and completely broke. I'm never making that mistake again—the one where I trust someone enough to fall in love. That doesn't mean I've stopped enjoying the scenery. My two best friends and weekend RPG buddies, Seth and Ryan, are the perfect guest stars in my fantasies. But my imagination is a weak substitute for reality after one of those gaming sessions takes role playing to a scorching new level. Much as I'd like to spend more time daydreaming about both men taking me, my drained bank account demands immediate attention. Especially now that I may lose my job because someone screwed up... and all signs point to Ryan. Looks like I trusted the wrong guys. Again.

Six hot burly cowboys and one hipster ex are ready to claim me as their own. The question is, am I ready for one wild, wild ride? A photoshoot for the Handsome modeling agency takes me back to my Wyoming hometown. While I'm delivering cookies to Gran who feels unwell, I run into Wolf, the ranch owner who hates my family, and three sworn enemies from my past... Uptight police officer Lincoln with whom I locked lips before, Wyatt, a former horse-riding competitor with a carved body and intense looks, and Ryder, the tanned and well-built carpenter, who still blames me for a tragic event in the past. I'm supposed to stay away from them. But their chiseled bodies make it impossible to control all my dirty thoughts. Their deep, sensual voices make me an addict, always craving more. Soon, our scorching hate for each other turns into feverish passion. The oh-so-hot encounters leave me breathless. When I'm introduced to three more cowboys, I can't resist either of them. Before I know it, I find myself doing naughty things, feeling freer than I ever have. To complicate matters, my ex from NYC shows up. Seven rugged Romeos want to protect, comfort, and fight for me. Are these boys going to learn to share, and fulfill my wildest fantasy...seven ways? And if they aren't, how can I ever choose? Little Red's Riding is a sizzling reverse harem novel about a feisty heroine, and her hot seven men.

To most people, Jabberwock is a myth. A horror story that politicians and CEO's tell their interns, about a mysterious figure who pulls the strings of the world's most powerful, from the shadowy corners of the deep web. Reagan knows he's real. Jabberwock is the reason people around her are dying. Two men insist they can keep her safe and help her find answers. Hare is sweet, soft-spoken, and introduces her to a

wicked walk on the wild side, spiced with temptation and thrill. Hatter has kept secrets from her since they met. But he speaks her language, and a single touch from him ignites her desire. As she follows the tracks down the rabbit hole, Reagan is dropped headfirst into a world of the dangerous and surreal, where everything and everyone has a price. And her time is running out to discover if it's the Hatter or the Hare who owns Jabberwock's bounty on her. Publisher's Note: This book was previously released under the same title. It is part one of a duet. It does not stand alone. Book two is The Hatter and The Hare. Sadie Hooking up with my brother's two best friends was a bad idea. But when the guy I've crushed on for ages stumbles on my stash of toys, and offers to teach me how much fun they are with a partner, there's no way I'm saying no. Especially when his boyfriend wants to watch. It's just a one-time thing, though. Which is good, because I need headspace to focus on the Hollywood designer who's trying to scam me and others like me out of our hard-earned money. She's making my life a living hell for exposing her to the internet. Jax and Grayson offer a tempting distraction by exposing me. In my bedroom. At a company holiday party... If I can't unravel how I feel about them, and sift through the Hollywood-style legal trouble we've brought crashing down around us, the only things I'll be getting for Christmas are a broken career and a shattered heart. The spell that bound her fate to their realm has unleashed its crippling curse. She's the only thing standing between them and total destruction... I can't control my powers or the brooding princes who won't let me out of their sight. And I can't keep my secrets safe for long. Which scares me as much as the dark pasts haunting my warrior princes. I shouldn't want them by my side, but I do. I need them, especially here among the fae court, a dangerous place with even more enemies hiding in plain sight...and among them, I fear my own parents stand waiting to end my life. Not that any of that will matter if I can't get my powers under control. They've already cost me so much and put us all in great danger. With time running out to save one of my own from becoming a cursed creature, I'll have to rely on my erratic powers and my bond with the princes to let us live to fight another day. But with every win, another shadow befalls us. Our odds of coming out of this alive grow less by the day. And less with each step we take toward learning the truth behind this insidious curse and what fate awaits me when it's finally over... know who to turn to. The trickster god who makes it easy to throw caution to the wind? The god of passion who sparks delight, terror, and desire with a single look? Kirby desperately wants one of those people she trusts to be the berserker who set her on this path both then and now, but lifetimes of playing both sides changes a person. Time is running out for her to find answers. Both about her lovers, and the gods she seeks to destroy before they can act on the prophecies that will allow them to topple modern empires. Failure means not just her destruction, but the death of thousands. It was supposed to be casual sex between two strangers. No strings. No obligation. No excuses the next morning... Until she wakes up engaged. Gwen's heard it all, and lived half of it, when it comes to dates gone wrong. Saying she's jaded about love is the ultimate understatement. But sometimes a gal wants a more physical connection than her battery-operated-boyfriend can provide. Solution—one night stand. Between running a multi-billion dollar lingerie company, and fighting for custody of his daughter, Brad doesn't have time for things like long-term relationships. Especially since his ex has convinced the judge that his sleeping around creates a bad environment for their child. When his ex-wife drops off their girl without warning one morning and catches him in bed with Gwen, he introduces her as his fiancée, rather than risk another notch against him in court. Now, two people who don't believe relationships last more than a month, let alone in happily ever after, are putting on the ultimate performance and struggling to keep their hearts separate from their engagement. If they fail at faking forever, the consequences could ruin more lives than just theirs. Little Mermaid. Three spirited warriors. A realm in peril. As the princess in the underwater realm, Nyssa has many responsibilities, none of which included an arranged marriage to the cruel, possessive and scheming army commander. Desperate to escape the union at all costs and save the kingdom from his merciless ways, Nyssa makes a dangerous pact with the sea witch. With the help of three mersoldiers who pledge their allegiance to her, Nyssa must track down a magical pearl to save her and her kingdom. But

staying ahead of the commander is a deadly game. One that threatens to tear her from the mermen claiming her heart, leaving her to navigate new emotional currents while keeping her head above, or below, water. Mermaids, loyalty, passion and vengeance collide in this spellbinding romance that finds its 'Happily Ever After.' Note: Each book in the Haven Realm series is a standalone book.

Hatter has made a career of keeping people at arm's length. He doesn't expect Reagan to throw a wrench in his plans, though. Intoxicating, brilliant, and incredible in bed, she's knocked him off-kilter in a way he never expected. Hare has been called a lot of names in his time—fanatical, mad, and obsessive are at the top of the list. But he's so close to getting what he wants. No one stands in his way, until Reagan. Her view of the world is an odd blend of rose-colored cynicism, and the things she lets him—begs him to—do her body, haunt his dreams and darkest fantasies. But she could ruin his life if he doesn't move the chess pieces right. Both men will risk their livelihoods, connections, and power to have her, but only one will kill if he can't. the genies that have charmed their way into her heart. Family, magic and love intertwine in an action packed romance with a 'Happily Ever After.' Charmed is a Haven Realm novel retelling of Aladdin. Note: Each book in the Haven Realm series is a standalone book.

When the past and present collide, is the risk of falling in love worth the reward? The entire network for Spencer's theme park crashes on Christmas Eve, and it's the rotten cherry on top of an already sucky night. Fortunately, the on-call tech is the perfect distraction. Sexy, smart... and his best friend's much younger sister. Talk about off-limits. Trina's ready to give the asshole on the other end of the support line a piece of her mind—how dare he take out his frustrations on her because his night is going bad? When she comes face-to-face with the gorgeous owner of her company's biggest client, drooling replaces anger. She's always had a thing for Spencer, but her memory lied about just how hot he is. Trina has a hard enough time proving she's as good, or better, at her job than the guys she works with, without adding in another rumor about her sleeping her way into the position. And Spencer's ex-wife is looking for a way to prove he can't keep it in his pants when it comes to the women he works with. Is riding the wave of lust worth the risk, or will it bring everything they've worked for crashing down around them? Inspiration builds empires one day and topples them the next. The battle with the gods isn't going the way Lexi anticipated, which forces her to side with the lesser of two evils—Zeus and the asinine inventor he swears will make things right. Icarus has no interest in helping the bratty hero who broke things that didn't belong to her, but his attraction to Lexi

is impossible to ignore, and the things she can do with illusion inspire him in new and amazing ways. Icarus is only the beginning of Lexi's problems. Cerberus is keeping secrets. Actaeon's past love is back in the most inconvenient manner imaginable. And the dead are trying to increase their numbers by calling loved ones to the other side of the veil. To make matters worse, Lexi can hear those voices crying in pain. Suddenly working with Icarus doesn't seem like such a big deal. Can she hang onto her sanity long enough to save the world from her father? Jonathan's childhood ended the day Bailey got engaged. When Jonathan is named executor of his grandmother's estate, he refuses to let show how much her passing hurts, for fear of losing himself. He returns to the sleepy little town where she lived in the Florida Keys to find it hasn't changed in thirteen years, but Bailey has. His best friend has grown up, has a body that's non-stop distraction, and isn't happy to see him. Bailey's furious that Jonathan isn't openly mourning. His grandmother deserves more respect than a distracted nod from an asshole grandson who's too focused on work to care about anything else. But whatever. Not even a couple of nights of intense, scorching-enough-to-ignite-the-sheets passion, or a handful of wonderful shared memories, can steal Bailey's heart. A hurricane sweeps over the Keys, stranding Jonathan. He and Bailey are forced to face the past that tore them apart, the pain that reunites them, and the truth that could destroy them both. I thought I only had to give up my voice, like my mother, but I never expected this. The sea witch claims my mother never told me what she really went through to have what she truly wanted. And now, I'm bound by the same fate. Three conditions, three ways to fail. But first, I need to do something for Ursula. The spell comes with a price, and it might just be dearer than I thought. Giving up my memories is fine. Serving her for a year is also manageable. Getting Eric to fall in love with me in three days, maybe. But marrying Ursula's son? When I learn about a prophecy, things become even more confusing, not to mention when I actually meet the guy. Sparks fly, and I am more confused than ever. Memories I never knew I had return and the question is up in the air: Am I willing to lose everything again in order to have it for ever? Note from the Author: This is a slow burn Reverse Harem, Why Choose Fairy Tale Romance Retelling of The Little Mermaid in 7000 words. It being a short story, expect insta romance as well as a cliffhanger. Part 4 is coming shortly. This is Book 3 in the Reverse Harem Fairy Tales Series, with more stories to come every week. Some characters will stay with us for the duration of several books, while there will be standalones in the series, too, and every book can be read on its own. It's highly recommended though that books in the same fantasy niche fairy tale are read in their order of publication. Includes mature scenes, slight BDSM, multiple partners and dark humour. You have been warned.

All four books, plus the prequel, in the pulse-pounding, heart-racing Valkyrie's Legacy series. The gods raised Kirby as an assassin. A weapon to wield against those who threatened their power. The soldiers she grew up and trained with are the only family she knows. When her partner—her lover—betrays her and The Order shuns her, Kirby's world shatters. She spirals into a darkness that threatens to destroy her. The combat instructor Kirby lusted after from a distance, pulls

her from pit and offers her a new path forward. Vengeance and a chance to do right by the people she once hunted. But he's keeping a secret. At least one of the prophecies drilled into her head in school is about her—the Valkyrie who Odin cursed to an eternity of loss. He and the other immortal men she's loved in her previous lives have searched for her through time and around the world, to keep her alive in this life. These three gorgeous, sexy immortals promise her family. A future. After so much betrayal and heartbreak though, Kirby doesn't know if she can trust the man who lied to her for years, or his companions. When the order realizes Kirby is still alive, she becomes their most prominent target. Is she's strong enough to face the threat alone, or is putting her faith in the allies who can help her survive an even deadlier choice? I have good friends who are helping me get back on my feet, after I screwed up big time, writing a dangerous piece of malware so I could draw a paycheck. Graham and Oz are sweeping me off my feet, to help relieve the stress. When a major tech blog runs an anniversary piece on my mistake, all eyes are pointed at me again. This time, if I go down, everyone who supports me will go with me. There's no way I'm letting that happen to my friends. Even if it means walking away from the men I love. Lyn My two best friends have each found their perfect threesome. I don't have an issue with the fact they both have two boyfriends. I would like a taste of the same for myself, though. When two guys hit on me in a bookstore, I'm tempted to ignore the fact that Fred and Barney are obviously fake names. I'll be their Betty. Then they stroll into my gaming café the next morning. Turns out I almost hooked up with the relentless a-holes who are trying to buy my shop at a fraction of its value. The best friends are also real estate investors who have refused to take no for an answer for several months now. I loathe their persistence at the negotiating table, but I love it in the bedroom. This time, I can't have my cake and eat it too. They're not backing down from their pursuit to drive me out of the company I built from the ground up, so it's time to back off the sex. They're not stealing my heart or my business out from under me. Scott McAllister's attitude is as much a part of his software empire's public image as its bestselling video games—there's no way he's letting his board of directors force him to behave just because someone might be watching. Then he meets his new publicity manager. Kenzie

Carter is gorgeous, intelligent, and organized to a fault. Having her around is the perfect excuse to get down and dirty during business hours, show her the appeal of embracing chaos, and still claim he's complying with the board's edict. And as long as he doesn't fall for the woman who's supposed to make over his geeky exterior, he can pretend screwing around with her isn't a conflict of interest. The gods want her dead. The feeling is mutual. Lexi hates the gods. Their arrogance. Their disregard for life. Their oppressive rule. Her father, Hades, is no exception. But since his brothers imprisoned him in a labyrinth, he and Lexi share a common goal—destroying the other gods. To free him, she must enlist the help of a loyal and gorgeous hellhound, and an obnoxious but sexy hero. No one warned her about the trials that await. The void that threatens to consume her. The rampaging champion who can kill her with a single blow. And the ex who's looking for vengeance of the fatal variety. And they definitely left out the details about fated love. Twice over. Now Lexi must decide what she's willing to surrender to defeat opponents who will sacrifice humanity before they'll forfeit their power. Other Books By Allyson Lindt

Fourteen years ago, Vivian and Damon walked away from a once-in-a-lifetime love. Their worlds collide again when Damon is appointed Head Attorney for a defendant that could bring Vivian's entire network security company crashing down around her. As sparks fly and old passions resurface, Damon promises they can keep the past and present separate. He demands control in the bedroom, but they agree to keep things professional in the outside world. Each time he ties her up, pins her down, and commands her pleasure, the line between then and now blurs a little more. Anne Crunch time. Two words every game developer fears, and I'm living the horror of impossibly long work days, that bleed into weekends. The only upside is spending a lot of that time with my sexy-as-sin boss. I probably shouldn't get physical him, but the need for stress relief is real, and so is the size of his... desk. Then word gets back to my best friend's brother. The guy whose house I practically grew up in. Who I thought saw me as a second sister. Talk about jealousy. Though I'm not sure if it's toward me, or my boss. Apparently they hooked up a few times, too. One thing leads to another leads to the three of us playing naked Twister without the mat. Shifters are myths that are told as cautionary tales to children. They're not supposed to be real. But on my eighteenth birthday, I learn the truth when five of them appear. They claim to be my guards and that I'm supposed to fulfill a prophecy to unite our two kingdoms as one again. To do this, I'll have to marry the prince. Only the more time I spend with my shifters, the more I'm drawn to them. How am I supposed to ignore my heart when I am responsible for the fate of two kingdoms? No need to make a choice with this fairy-tale retelling, where five shifters are better than one! Each standalone in the "Once Upon A Shifter" series contains a witch, her guards that love her, and a guaranteed HEA!

Violet It's best to leave the past behind. Ramsey's family is local royalty. Basically the Kennedys around here. And he doesn't have a problem using his money and connections to work the system. It's the reason he and I didn't work out, years ago. Then I make a mistake--I let a night of fun and relived memories lead to inviting him and his best friend-slash-campaign manager into my bed. With their smoldering looks and magic fingers, it's a mistake I'm tempted to repeat. But I need to remember the people they are behind closed doors don't mesh with their public faces. Because in Ramsey and Hunter's world, appearance is everything, even if hearts get stomped on in the process.

Jordan Chloe and I are notorious in the gaming world. Each new trade show stunt—from a fake marriage proposal to taking overbearing corporate egos down a notch—keeps us the us in the spotlight. When I'm arrested in front of the cameras for a crime I didn't commit, my

boss discards me in favor of the next bad boy (but not too bad). Turns out there is such a thing as bad publicity. Chloe In our private lives, Jordan and I are just trying to get by, like anyone who hit adulthood being famous for their tentacle art and slash fiction. What would the public say if they knew their favorite naughty couple was vanilla in the bedroom? There are days I question if we deserve our reputation, and even more days where I wish we lived that life. Liz I should be content to be a modern day, corporate princess. My family name slips easily from tongues when people in this town talk about where the cash lives. But I'm desperate to define me. Chloe and Jordan offer me a night of exploration for all three of us, and wow the memories. But my name on top of theirs makes a feeding frenzy for the sharks. He's a high profile CEO, she's a virgin... and his best friend's younger sister. He really shouldn't be fantasizing about unwrapping her under the Christmas tree. It's been almost a decade since Andrew Newton returned to the small town where he grew up. But he's not missing his best friend, Mercy's, wedding—it's time to face his past, so he can move on with his future. Susan Rice envies the exotic life her older sister Mercy has lived. She can't even get up enough courage for ballet company try-outs. Andrew promises Mercy he won't corrupt her sister. But when Susan begs him for help overcoming her stage fright, he can't say no. He doesn't expect her to be trouble and temptation, wrapped in an innocent package. Being home summons long-buried demons from Andrew's past, and the more time he spends with Susan, the less he wants his darkness to touch her. Susan's going to need a Christmas miracle to show Andrew his scars don't define him. But the only things Santa may be bringing this year are fresh wounds and broken hearts. Molly's favorite part of her job is telling people she sells naughty cartoon clothes to retailers. As a sales rep for a company that produces cosplay-themed lingerie, she also doesn't mind spending most of her time on the road for work. It makes relationships difficult though, and too many weeks in a row on the road drag her down. When a sexy stranger asks to share her breakfast table, she welcomes the change in scenery. The easy banter and teasing that dance behind the eyes of the handsome voice actor have her wondering if just this once, a one-night stand might be worth her time. Brandon is tired of the playboy image that comes with his cult-celebrity status. When he meets a woman with a travel schedule as hectic as his, she lights a spark deep inside. The problem is, he's hoping for long-term and she's hesitant to start anything long-distance. With less than three days before they go their separate ways, Brandon has to show Molly they're more together than fake love. Then they show up in my shop the next days--it turns out they're the persistent jerks trying to buy my business out from under me. Running For It - Violet I walked away from the man I loved because the person his political career required him to be in public wasn't the same as the man behind closed doors. But a night with him and his best friend reminds me how much I miss their company. I can't walk away again, but I can't play by the same rules they do. Fighting For It - Luna When the media paints me as a hacking super villain, the only way to redeem myself is to step into the spotlight and prove them wrong.
