It was only supposed to be a simple arrangement—until emotions got in the way. Now lies and secrets could destroy everything. Lawson Carlisle, the ostracized black sheep of the wealthy Carlisle family is back in Magdalena. It's been sixteen years since he left, vanishing one night amidst speculations that included jail time and detention homes. Those were serious claims against one of the wealthiest families in town, and whether those stories were true or not, they fueled many a conversation and served as a lesson to the community; no person is invincible, no matter how much money his family has. Ava Marie Ventori used to believe that doing good and following rules would gift her with the life she wanted, the man she loved, the dreams she didn't even know she craved. But her eagerness to find that perfect life landed her with the wrong man, the wrong career path, and the wrong dreams. At thirty-three, the jobs are meaningless, the relationships nonexistent, and the dreams are gone. Her one joy is painting river rocks with inspirational messages, but she's not about to share their existence, especially with the parents she continues to disappoint. After a chance encounter with former classmate, good-girl Ava Maire Ventori,

Law offers her the use of his cabin—no strings attached—so she can work on the mystery art she obviously doesn't want to share. But his “no strings” good intentions are no match for old-fashioned attraction... As Law and Ava spend time together, she discovers there's so much more to the former bad-boy than a questionable past and he starts to believe that maybe Ava isn't too good for him. In fact, maybe she's perfect for him. When lies and old secrets threaten the couple's happiness, will their love be strong enough to fight for a life together? While *A Family Affair: The Proposal* can be read as a stand-alone story, readers have fallen in love with the entire series!

An enticing savior, an old love, and one deranged alien hell-bent on destroying it all. The problem is, he isn't the only one making that claim. As an ambassador for his people, Oshen is used to handling delicate situations, but he has never been in one quite so delicate as this. Captured, stripped bare, and brought before the barbarian king whose men she had the audacity to resist, eighteen-year-old Sariah can only assume she will be made his slave. She will be his pet, trained to come when he calls, heed his every command, and please him in any way he demands. Sariah does her best to remain proud and defiant, but the handsome, dominant warrior proves quite adept at teaching his pet obedience by means of his firm hand applied to her bare bottom. When she persists in her rebelliousness, Sariah quickly discovers that a mere spanking is far from the most humiliating punishment a naughty pet can face, and before long she has been fitted with a tail and put on display for the king and his men. To her surprise, however, in spite of her circumstances Sariah soon finds herself craving her new master's touch, and when he claims her fully his skillful lovemaking brings her pleasure beyond anything she has felt before.
