I had it all. Two beautiful children. A gainfully employed husband. A successful food blog. The only thing missing from my life was . . . heat. And I wanted to live. To live loudly and without fear. I also wanted my husband to think I was as hot as I was when we were high school sweethearts. More, I wanted what my sister had: love, passion, and a husband whose love was infinite. Because something was happening with Rob. Had he fallen out of love with me? Had he found someone else? Was I not— Sigh. Was I not enough?

As they walked towards the railway station, their mother took an envelope from her handbag. 'I want you to keep this somewhere safe.' 'What's in the letter?' 'Listen carefully. You're never to open it unless you or your sister are in real trouble. Promise me.' England, 1943: Home is no longer safe for eight-year-old twins Molly and Jacob. Night after night wailing bombs and screeching planes skim the rooftops overhead. They cradle each other, shivering in terror, not knowing if they will live to see dawn. Their mother, Martha, has no choice but to evacuate them to the safety of the countryside. At the train station, Martha bites back tears as she says goodbye to her precious children. Knowing she might never see them again, she gives Jacob a letter, pressing the envelope into his hands and telling him to only read it if they are in danger. In the country, Molly and Jacob must adjust to life with strangers. Every night they dream of returning home to the arms of their beloved mother. But then the unimaginable happens. Martha is killed in an explosion, leaving the twins all alone in the world. The war has robbed Molly and Jacob of everything – all they have left is one another. Motherless and destitute, they face the grim reality of life in an orphanage. The time has finally come for Jacob to open the letter. What secret does it hold, and could it change the course of their tragic fate? Because if they are together, they can survive anything – but what if they are torn apart? No stranger to being talked about on the island, where no one's private life is their own, Evvy must protect her daughter, Daisy, from yet more island gossip. Being a Toronto Maple Leafs fan requires a leap of faith every year, girding against inevitable disappointment. Hope and Heartbreak in Toronto tells what that's like, how it got to be that way, and what the future holds for all who worship the Blue and White.

One of life's hardest blows is to suffer the loss of a child. *How Can I Keep Breathing?* offers insight and validation to the initial feelings and behaviours that arise from such a trauma, including the struggle to keep on going and the various ways family members cope with this kind of tragedy. Author Olivia Sunshine also shows, through her personal experience, a way of turning loss and pain into an ongoing opportunity to becoming a more fully developed and integrated human being. It is the silver lining that seems so impossible to find when one's heart has been so badly shattered. The effect of such a loss resonates throughout the rest of each family member's life, even for siblings born after such a tragedy, creating a lifelong relationship with the deceased child. *How Can I Keep Breathing?* goes into detail the struggle with this and the coming to terms with it. Death invites examination of our beliefs about it, asking what, if anything, lies after death. Olivia gives a compassionate view of different ways of handling the death of a child, showing how the spiritual path she chose helped her cope with the loss of her son and how it changed her life for the better in more ways than she could have imagined.

A British soldier storming the Normandy D-Day beachhead, a man whose girlfriend had been deported to Auschwitz four years previously - "Whenever I see a German in black? I see a dead German in SS black." The #1 Amazon charts bestseller *The Long Road to Auschwitz* explores the horrors of the Holocaust whilst looking to what would eventually end Nazi tyranny in Europe - the Allied soldiers landing on Normandy Beach. Pre-War Europe - May 1939. A couple meet and fall in love on a Parisian street. Max is a British Territorial soldier and Zia is a Jewish girl from the south of France. Zia's grandmother is a wealthy socialite, privy to a dark secret that can harm the Nazi leadership. After Zia is kidnapped by the Gestapo and Max is hospitalised, he awakes to find no trace of his beloved who he had planned to marry in England. The Red Cross suspect that she was trafficked across the border and delivered to Sachsenhausen Labour Camp at Oranienburg, not far from Berlin on the night of May 26th, 1939. A criminal act, 343 days before the Wehrmacht attacked France. June 6th, 1944 - four years later. Max is one of 150,000 Allied troops headed towards the Normandy beaches. He has two options - find the woman he could never forget or kill the people responsible for her death. From the very beginning, Berlin had ordered SS Hauptsturmführer Dieter Baumann to deal harshly with their VIP captive but never to kill her. Through three concentration camps, ending in Auschwitz, Zia wishes she had been killed many times over. Traumatized, she has no idea that Max and a few unlikely friends are battling their way through Nazi occupied Europe in a crazy attempt to rescue her. This novel explores the dark depths that humans can sink to in times of war. It is for adults only and even then; it is not for readers of a sensitive disposition. Whatever you read in this novel of extraordinary graphic Holocaust content, consider this – it was immeasurably worse, a hundred thousand times so. I now consider it the best "faction" Holocaust book I have come across. This page turner took me through a range of emotions; a perfect antidote for our troubled times. F.R.K This is a wonderful love story as well as telling the horrific things that happened during this time. I couldn't read it without shedding tears of emotion as well as shedding tears for each and EVERY being that died in these times. I highly recommend this book. Alice Lemon. She looked at the empty cradle where her baby had been. Her heart felt tattered and empty, like the hollow streets of Berlin after its people began to live in fear. Berlin, 1934. This is the story of an idyllic Irish childhood torn asunder by the famine of 1847, and the trials of emigration to a new life in Canada. It was on her father's farm, on the old Coach Road between Dromore and Enniskillen, that Polly spent an idyllic two years with her parents, George and Jane Noble. Then Disaster struck. On January 6, 1839, the infamous 'Big Wind' rose out of the sea and swept across Ireland, wailing like a thousand banshees. It flattened whole villages, burned down farm houses, and finally killed her father. It changed Polly's life forever. Only 10 years old, Polly was on her way to a new life in Canada. After an appalling voyage, during which some of the passengers, including Polly's darling little brother and sister died, they docked at Grosse-Île, the quarantine station on the St. Lawrence River, about an hour from Quebec. After three years in Montreal, where she met her future husband, Polly was now ready for her next adventure in a vast unknown land called Canada. Her destiny would be linked with a dozen children who had lost their mothers, one of them a future mayor of Toronto.

threat? On Sunday, October 28, 2001, six weeks after the attack on the World Trade Center, the Boston Globe printed a call-to-arms by Rocky Suhayda, the chairman of the American Nazi Party: "if we were one-tenth as serious as the bin Laden terrorists, we just might start getting somewhere." Quinn is a divorced, forty-something year old history buff, who loves his city and its marathon. He's run the race six times. And when marathon director Ronnie Silk is killed, Quinn is assigned to protect Raven, the red hot rock 'n roll diva and the marathon's first-ever celebrity entrant. Raven is a magnet for trouble. And Quinn scrambles to keep up with her during the final miles of the race while trying to flush out the maniac terrorists.

"Heartwrenching... I loved each and every minute... Reminded me of JoJo Moyes The Giver of Stars with a dash of Kathryn Stockett's The Help... An emotional rollercoaster." Rachel M Writes, ?????? Virginia, 1933: Her heart broke as she took in the scene before her. There were too many orphans and not enough beds. The rags they wore barely covered them and they hadn't eaten in days. How could anyone let innocent children live like this? She picked up a tiny girl who'd cried as she moved past her cot. "I'll be back soon, little one." Never in a million years did Lauren Greenwood think she would be destitute and without a penny to her name. But when her father mercilessly disowns her in the depths of winter, that is her fate. Now homeless, Lauren finds America in the devastating grip of the Great Depression—children run wild in the icy streets, endless queues for soup kitchens line frosty sidewalks, and desperation hangs in the air. All alone in the world, Lauren finds an orphanage in the sprawling fields of the Virginia countryside, surrounded by snow-topped mountains and magnificent fir trees—a safe haven for those who have nowhere to go. But she is appalled to find children living in shocking conditions, huddled together for warmth, their hunger keeping them awake at night as the temperature plunges. The home for unloved orphans is on the brink of closure and the helpless innocents may lose the roof over their heads... Lauren, heartbroken by the rejection of her own father, vows to provide these poor orphans with the love she never received. With Christmas just around the corner, she refuses to see them cast out onto the street, where they will not survive. When she sees an advertisement in the local newspaper, with an anonymous benefactor donating money to families crippled by the Depression, it could be the answer to her prayers. Can Lauren save these children who have been rejected by the world? Or in a time of so much suffering, is there simply no hope? A heartbreaking yet hopeful tale about a brave young woman who gives up everything to help unloved children who have nothing. Fans of Before We Were Yours, The Orphan Train and Diney Costeloe will adore this USA Today bestselling historical novel, which shows that a little bit of kindness can go a long way. Poetry, prose, fiction, whatever you want to call it, it's in here, a completely egotistical bunch of writing compiled for my own sake. On Friday 14 June 1968 Suhaili, a tiny ketch, slipped almost unnoticed out of Falmouth harbour steered by the solitary figure at her helm, Robin Knox-Johnston. Ten and a half months later Suhaili, paintwork peeling and rust streaked, her once white sails weathered and brown, her self-steering gone, her tiller arm jury rigged to the rudder head, came romping joyously back to Falmouth to a fantastic reception for Robin, who had become the first man to sail round the world non-stop single-handed. By every standard it was an incredible adventure, perhaps the last great uncomputerised journey left to man. Every hazard, every temptation to abandon the astounding voyage came Robin's way, from polluted water tanks, smashed cabin top and collapsed boom to lost self-steering gear and sheered off tiller, and all before the tiny ketch had fought her way to Cape Horn, the point of no return, the fearsome test of any seaman's nerve and determination. A World of My Own is Robin's gripping, uninhibited, moving account of one of the greatest sea adventures of our time. An instant bestseller, it is now reissued for a new generation of readers to be enthralled and inspired.
