

## Colloquial Turkish The Complete Course For Beginners Colloquial Series

The monograph is dealing with the non-finite relativization formally marked by the absence of dependent clauses. The traditional grammar tends to classify these constructions in terms of sentences with multiple attribute. In a number of languages, however, such constructions represent the unique way to express relativity (Turkic languages, Korean, Japanese, among others). The primary aim of the study is to establish the relation between subject and non-subject non-finite relatives in database languages: Arabic, Hungarian, Turkish and Korean. In contrast to Indo-European languages, like English, German and Russian, where the non-finite relativization is reduced to subject, that of all database languages involves non-subject as well. This monograph explores the structural parameters controlling the relation between subject and non-subject relatives (mainly the type of relativizer and word-order) which may considerably vary.

A major title for a language spoken by 70% of the Chinese population. The official language of Taiwan and Hong Kong, and known as "Mandarin Chinese" in English-speaking countries, Colloquial Chinese has been specially written by an experienced teacher for self-study or class use. This paperback in the Colloquial Language Learning Series is available individually or as part of a pack. For more information, please refer to the cassette pack listing for this language.

'The Delights of Learning Turkish' is a self-study course book that takes the learner from the beginner level to the intermediate level in Turkish. It is designed for English speakers, targeting adult and young adult learners; especially for those planning to settle and live in Turkey or visiting Turkey for business or pleasure. It is a comprehensive, explanatory approach to Turkish language teaching how to construct and use the language both in formal and colloquial forms with dialogues, examples, grammar points, vocabulary and exercises. It shows the grammatical structures in detail with examples, which enables the learners to make their own sentences instead of depending on off-the-shelf phrases. In the book, you can also find general information about the Turkish alphabet and Turkish language as well as notes on Turkish culture in daily life. Covering so many language points, this book is also a grammar reference that targets a wide range of audience including advanced learners. At the end of the book, you will find the keys to the exercises. There are also Turkish - English and English - Turkish glossary sections as well as Turkish proverbs and idioms added to the book with explanations.

Comprehensive Turkish for Beginners is the ultimate resource for those looking for an efficient way to learn elementary to intermediate level Turkish. This book presents its audience with the necessary ingredients for successfully communicating in Turkish in the context of formal and informal situations, grasping the basic language, and attaining the ability to express your needs and desires in these social contexts. Comprehensive Turkish for Beginners is your trusted companion if you are;

- a formal student learning Turkish in an institutional setting
- a self-learner who wants to learn Turkish for fun and is starting from scratch
- traveling to Turkey and looking for some helpful material to familiarize yourself with
- a business person conducting business in Turkey
- a Turkish Language instructor and looking for a textbook format course book

This book is designed so that you will acquire the necessary skills to communicate in Turkish, regardless of whether this book is used as primary or secondary course material. You will learn how to use practical expressions and understand Turkish daily language structure. This book will act as your stepping-stone in your future Turkish studies. What the students will get with the book:

- Entertaining situational dialogues with a consistent storyline that cover a variety of social contexts spread over 20 lessons
- Intense essential grammar that applies to most of the daily language
- Practical language skills that satisfactorily teach colloquial uses
- Abundant and engaging exercises that help the student apprehend all the material in a relaxed but effective manner
- An extensive glossary at the end of the book for reference

With an experience of teaching more than 20 years, the author's other works include Hebrew and Turkish self-study books and complementary materials. They've proven successful with their new editions and over 7 years in the market.

- \* complete - includes answer key and special reference section.

Two 60 minute cassettes are also available to help you with listening and pronunciation skills.

One of the keys to learning the Turkish language is to understand the importance and function of the verb. The stem of the verb, together with various suffixes of mode, tense, person, along with a subject and/or object, may be the equivalent of an entire English sentence. A Dictionary of Turkish Verbs is an aid to both the beginning and more advanced student of the language by providing approximately 1,000 verbs in context as they appear in up-to-date colloquial Turkish phrases and sentences, or short dialogues in translation. Contrasting English and Turkish ways of expression, this multipurpose dictionary also helps the English speaker avoid the most common errors--with most verbs cross-referenced to related verbs, synonyms, or antonyms, and to the broader themes or categories of meaning to which they belong. Includes an English-Turkish index and a thesaurus section (using Roget's categories) where verbs of related meaning appear together and a short reference list of verb-forming suffixes. For students at any stage of learning the Turkish language, or for the self-motivated traveler, this unique dictionary will help open the door to greater understanding in an increasingly important area of the world.

Colloquial Turkish provides a step-by-step course in Turkish as it is written and spoken today. Combining a user-friendly approach with a
