Blatant tenant hostility towards landlords, widespread neglect and wholesale abandonment of properties, and a critical shortage of housing accommodations for low- and moderate-income tenants for all symptoms, in Professor Rose's view, of the current legal relationship between landlords and tenantsâ€”an unworkable anachronism dangerously maladjusted to social, economic, and political realities. This book describes in detail the patterns by which myriad inequities have been woven into the law, and suggests some remedies. It provides, in plain language, a comprehensive and up-to-date manual of the rights and liabilities of landlords and tenants. A basic reference work for anyone concerned with landlord-tenant relations.

For the past 50 years, the *Occupational Outlook Handbook* has been the most widely used and trusted source of occupational information -- anywhere! JIST's edition is a complete reprint of the original!

This Manual is valuable because: It details the development of condominiums. It educates condominium owners about their civil rights. It reveals how owners could unknowingly be disenfranchising themselves. It unfolds a road map to a purely democratic

system of self-governance. It explains the choices that owners have for a personally accountable system of governance. It describes the essential difference between true democracy and pure democracy. It includes a brief commentary on a parallel universe, namely the American system of representative democracy and the monumental problems which need to be addressed. It informs the members of their association regarding the importance of Roberts Rules of Order as an inclusion in their Bylaws. It allows the voice of the minority to be heard and requires that the decision of the majority be acknowledged; contrarily, it allows the silence of the members to be the equivalent of consent without a vote. It requires that the chairperson of a meeting of an association conduct a meeting in an orderly manner and insist that the voters be mutually respectful with the liberal use of a gavel. It declares that the chairperson must remain impartial at all times by not expressing an opinion on a motion thereby compromising a vote.
