The importance of being able to read for meaning should never be underestimated. The ability to decode text is not enough. It is vital that children understand what they are reading. More importantly, it is fundamental that they enjoy what they are reading, so that they grow up to become lifelong readers. The passages in the Brilliant Activities for Reading Comprehension series are designed to do just that. They provide children with a variety of engaging, enjoyable texts that will grab their attention, and indeed their teacher's attention as well. The types of comprehension passages range from newspaper articles and dialogues, to plays, stories and poems. They gradually increase in difficulty as you progress through the book, and through the series, encouraging children to develop their ability to read for meaning and use a range of strategies to engage with the text. Tasks range from simple factual recall and vocabulary work to more open-ended questions enabling the reader to provide a more personal response. The cross-curricular activities provide a wealth of ideas for extending the passages further and are ideal for fast-finishers.

Camp Green Lake, a juvenile detention facility where there is no lake, and there are no happy campers. In place of what used to be "the largest lake in Texas" is now a dry, flat, sunburned wasteland, pocked with countless identical holes dug by boys improving their character. Stanley Yelnats, of palindromic name and ill-fated pedigree, has landed at Camp Green Lake because it seemed a better option than jail. No matter that his conviction was all a case of mistaken identity, the Yelnats family has become accustomed to a long history of bad luck.

Specifically designed for busy teachers who have responsibility for co-ordinating English within their primary school, this concise and practical volume provides a wealth of tips, case studies and photocopiable materials.

What is the role of the individual school 'subject' and 'subject teacher' within school? Is it to teach a set of core subject knowledge, skills and understanding in a way that remains faithful to long-standing subject cultures and pedagogies? Or is there another way to consider how the curriculum and the notion of individual subjects and teachers' pedagogy could be constructed? Cross-Curricular Teaching and Learning in the Secondary School ... English brings together ongoing debates about personalised learning, creativity and ICT in education to establish a clear theoretical framework for cross-curricular teaching and learning in English and literacy. Presenting an appropriate pedagogy for cross-curricular teaching that draws on this framework, it promotes radical new approaches to English teaching as part of a widened curriculum through practical examples and theoretical discussions, blended with engaging stories of current practice. With links to other curriculum subjects and current education policy, features include: theoretical examination of key issues; assessment of the strengths and weaknesses of different curricular models; clear principles for effective assessment; a wide range of case studies; summaries of key research linked to suggestions for further reading; professional development activities to promote cross-curricular dialogue. Part of the Cross-Curricular Teaching and Learning in the Secondary School series, this timely, interdisciplinary textbook is essential reading for all students on Initial Teacher Training courses and practising teachers looking to holistically introduce cross-curricular themes and practices in secondary English teaching.
