own. Most people hear a dialect but cannot place it. Everyone seems to experience her in unique and different ways---which, not surprisingly, is her intention."--- Pepper Lewis "These days there are lots of channelers around, but only one Pepper Lewis. Her process with Gaia is unique, and the profundity of her messages rings with truth and the wisdom of the ages."--- Lee Carroll, channel for Kryon The book you now hold is like a mystery that will unfold as you read it. More than a collection of pages, you will find that it is one part textbook and one part oracle. You might even wonder if it is biographical or autobiographical in nature, as the coincidental references to your own life will seem almost uncanny. How can that be? Gaia is a living/learning/teaching library of everything that is, was or might be related to the Earth. Because you are Gaian, you are also 'a part of the great living library that is. Gaia; you are a library within Gaia,' one whose contents are a collection of ever-unfolding experiences. You are a lifetimes-old master storyteller, unraveling each tantalizing chapter. That ts why you cannot help but find yourself within these pages. Your purposes are made of multidimensional similes and metaphors designed to stimulate, encourage, create and resolve. As Gaia tells it, you have at least seven purposes or reasons for being. You instinctively (consciously or unconsciously) know one or more of these, but others may remain hidden for many years or even throughout your entire lives. Given this expanded view of what you are and why you are here, you can begin to see how this book might be of use to you.

There are tens of thousands of self-help books on psychology and human relationships; however, there are very few that integrate the topics of the soul and spirit into the picture. Most books on this subject focus on personality-level self-actualization. The new wave in the field of psychology is transpersonal or soul psychology, which will lead to monadic psychology for the

more advanced students of the path. The entire understanding of psychology is completely changed when the soul is properly integrated. It has been said that personality-level self-actualization brings happiness, soul-level self-actualization brings joy, and monadic- and spiritual-level self-actualization bring bliss.

Reiko Ohnuma offers a wide-ranging exploration of maternal imagery and discourse in pre-modern South Asian Buddhism, drawing on textual sources preserved in Pali and Sanskrit. She demonstrates that Buddhism in India had a complex and ambivalent relationship with mothers and motherhood-symbolically, affectively, and institutionally. Symbolically, motherhood was a double-edged sword, sometimes extolled as the most appropriate symbol for buddhahood itself, and sometimes denigrated as the most paradigmatic manifestation possible of attachment and suffering. On an affective level, too, motherhood was viewed with the same ambivalence: in Buddhist literature, warm feelings of love and gratitude for the mother's nurturance and care frequently mingle with submerged feelings of hostility and resentment for the unbreakable obligations thus created, and positive images of self-sacrificing mothers are counterbalanced by horrific depictions of mothers who kill and devour. Institutionally, the formal definition of the Buddhist renunciant as one who has severed all familial ties seems to co-exist uneasily with an abundance of historical evidence demonstrating monks' and nuns' continuing concern for their mothers, as well as other familial entanglements. Ohnuma's study provides critical insight into Buddhist depictions of maternal love and maternal grief, the role played by the Buddha's own mothers, Maya and Mahaprajapati, the use of pregnancy and gestation as metaphors for the attainment of enlightenment, the use of breastfeeding as a metaphor for the compassionate deeds of buddhas and bodhisattvas, and

the relationship between Buddhism and motherhood as it actually existed in day-to-day life. This book, like in classical times of Plato and Aristotle, treats individual and communal ethics as intertwined. At its heart lies the quartet of respect, concern for welfare of others, trust, and care as the basic communal ties. The community needs to be built on these. Acquisition and practice of other values and goods are within the frame of the four underlying "pillars." The four basic notions are attitudes and as such consist of both rational and emotional elements. Thus our ethics is neither based purely on sentiment nor purely on reason. As such they will yield us guidelines, to be filled in contextually, not rigid rule systems. Moravcsik's proposal for ethics is pluralistic but not relativistic. It does not deny some objective ground for sound communal life, but leaves many alternatives within which the four basic ties can be implemented.

Officially, it doesn't exist. Off the books, Room 59 is mandated to disrupt and terminate threats that bury official channels in red tape. Driven, dedicated and extremely efficient, the elite agents recruited for the ultimate spy game ply their trade below the radar and on the razor's edge of action...and sudden death. New recruit Jason Siku is ex-CIA, a cold, calculating agent with black ops skills and a brilliant mind—a loner perfect for deep espionage work. Using his Inuit heritage and a search for his lost family as covers, he tracks intelligence reports of a new Russian Oscar-class submarine capable of reigniting the Cold War. But when Jason discovers weapons smugglers and an idealistic yet dangerous brother he never knew existed, the line between his mission and a secret hope collide with deadly consequences.

Americans are great joiners. Millions of us join organizations devoted to birds, animals, natural history, and the outdoors. But joining is not the same as connecting. We have been slow to realize that Nature is in trouble. The climate is warming. Resources are disappearing faster than we can replace them. Species extinctions are accelerating. To save birds and to preserve the planet we must first heal ourselves, because as intolerance and selfishness demonstrate every day, humanity is in trouble with itself. We can begin to save ourselves by realizing that our fate is linked to that of the natural world. We can begin to heal our environment by relearning cooperation, mutual respect, and generosity of spirit-virtues that will reinforce our intimate and infinite ties to Mother Nature. Throughout *The Ties That Bind: Birds, Nature and Us* Mike Foster emphasizes the practical value of these virtues while elaborating the personal philosophy he has developed during a lifetime of outdoor experiences. His sympathetic connections to Nature provide vivid images of the natural world, especially birds. His message is informative and uplifting. The questions the author raises in these essays probe subjects most of us prefer to ignore: Why are so many Americans still denying their role in global warming? How is the "energy crisis" mostly a matter of attitudes? What would bacteria like to tell us? Why is water shortage a moral issue? In the voluminous literature on the environment, this book is unique in suggesting the transformative role birds can play in changing our attitudes to Nature. Based on solid biological research, expressed in a fluent and often lyrical style with a confident voice, Foster's essays will convince you that birds and Nature are worth saving.

This collection of essays, whose title echoes that of her most well-known book, celebrates the career of Barbara A. Hanawalt, emerita George III Professor of British Studies at The Ohio State University. The volume's contents -- ranging from politics to family histories, from intimate portraits to extensive prosopographies -- are authored by both former students and career-long colleagues and friends, and reflect the wide range of topics on which Professor Hanawalt has written as well as her varied methodological approaches and disciplinary interests. The essays also mirror the variety of sources Professor Hanawalt has utilized in her work: public documents of the law courts and chancery; private deeds, charters, and wills; works of both religious and secular literature. The collection not only illustrates and reinforces the influence of Barbara Hanawalt's work on modern-day medieval studies, it is also a testament to her inspiring friendship and guidance during a career that has now spanned more than three decades.

"A touching story..." – Bestselling author Patricia Gaffney In her compelling, beautifully crafted novel, New York Times bestselling author Marie Bostwick celebrates friendships old and new--and the unlikely threads that sometimes lead us exactly where we need to be. . . Christmas is fast approaching, and New Bern, Connecticut, is about to receive the gift of a new pastor, hired sight unseen to fill in while Reverend Tucker is on sabbatical. Meanwhile, Margot Matthews' friend, Abigail, is trying to match-make even though Margot has all but given up on

romance. She loves her job at the Cobbled Court Quilt Shop and the life and friendships she's made in New Bern; she just never thought she'd still be single on her fortieth birthday. It's a shock to the entire town when Phillip A. Clarkson turns out to be Philippa. Truth be told, not everyone is happy about having a female pastor. Yet despite a rocky start, Philippa begins to settle in--finding ways to ease the townspeople's burdens, joining the quilting circle, and forging a fast friendship with Margot. When tragedy threatens to tear Margot's family apart, that bond--and the help of her quilting sisterhood--will prove a saving grace. And as she untangles her feelings for another new arrival in town, Margot begins to realize that it is the surprising detours woven into life's fabric that provide its richest hues and deepest meaning. . . Explains how to become comfortable with disruptive states of mind, from stress to depression, paranormal experiences to mystical visions--and how to learn from and understand them

Miriam has spent the last 25 years collecting tales of childhood and family life. She has changed approximately 99,805 diapers. For the last seven years, she has cooked for a minimum of ten people three times a day which makes 76,650 meals (not to mention the dishes) and she is afraid to estimate how many loads of laundry she may have done. Along the way she has learned that the wash will never be done, that teenage children eat enormous amounts of food, that she should have bought stock in Pampers, and that no one ever went to college who wasn't potty trained. The Ties That Bind is a light-hearted collection of stories gathered in her spare time that reflect her belief that motherhood is not just a job, its an adventure

Trey Walker is living the high life. A successful advertising executive at the impressive Baker & Saddler advertising firm, he's dangerously good looking, drives a vintage red Mustang and has his pick of women. Life couldn't get any sweeter. Then Trey receives an urgent call from his identical twin brother and in an instant, his life changes... Wade Walker's life has never been easy. He might have been born with looks to die for, but so far things haven't worked out. In and out of dead end jobs, Wade is resentful of his brother's success. Even so, he's always been able to rely on Trey and the night of Saturday, September fifth is no different. Only this time, things don't quite go as planned. A woman has been raped and the police are asking a whole bunch of difficult questions. Trey is taken away in handcuffs... Kiesha Munro has a reputation at the prestigious Sydney Legal law firm for being their best defense attorney, but her rise to the top has been far from easy. She's an aboriginal woman working in a white

male-dominated world and even in the twenty-first century, it's taken a whole lot of hard work, courage and determination to get there. When Trey seeks her out to represent him against rape charges, she's initially reluctant to take him on. But then she hears Trey's story and she's convinced he's been wrongly accused. She's determined to do all she can to prove his innocence and at the same time, protect her heart. With killer looks and a body that would get any woman's pulse racing, Trey Walker is dangerous, but not in the way the police think. Of that she has no doubt...

The search for answers continues... Barely escaping the Mahze clan compound with their lives, Issai and Hahri sneak back into Kairash, hoping to meet Korin as planned. The last thing they expect is to run into the very teenager Issai is determined to find while the boy is trying to protect Korin's missing little girl from a group of city guardsmen. In the ensuing chaos, both the boy and girl escape them, running off in opposite directions. They choose to pursue the girl, and Hahri ultimately manages to convince her to go with them to meet Korin. Once together, the four Old Souls delve deeper into the strange and sometimes frightening true nature of an Old Soul, discovering abilities Issai and Hahri have only glimpsed before, while also in pursuit of both the fugitive boy and Soujin, a man rumored to have become a god-like being with the power to grant true immortality after successfully consuming a thousand Old Souls. However, they soon learn that the Shi and slavers aren't the only ones that have been hunting them, and that they may not be the only Old Souls being hunted... This is the sequel to "Cutting the Ties that Bind" and contains advanced information that can be used to release ourselves from more complex systems that programme behaviours. These include familial and national customs - things we do without even thinking about them - role playing, acting out of superstition, fear of unmentioned taboos, old prejudices and fears that we accept blindly. This is the book that will make us "see" what we are doing; it will help us to be the kind of parents we wish we had! This very important book is a textbook for effective self-awareness that opens the door to a lifestyle for self-assured and happy people.

With more than thirty-five years of experience in psychotherapy, Dr. Halpern enables the adult child to understand his or her parent and foster a positive, healthy adult relationship. In all respects, you appear to be well-adjusted,

reasonably successful adult, but in the presence of your parents, you feel vulnerable, dependent, guilty, insecure—childlike. They manipulate you, smother you, demand your attention or elicit your resentment. In clear, nonclinical terms, renowned psychotherapist Dr. Howard Halpern shows you how to break these familiar family routines so that you can build healthy, rewarding parent-child relationships. He teaches you, for example, how to handle martyred mothers, despotic fathers, and moralistic, unloving, or seductive parents. He also addresses the sensitive topics of how to deal with aging, divorced, or dying parents. Resolving conflicts with your parents will enable you, finally, to cut loose—to start being yourself rather than your parent's child. Without guilt, revenge, or fear as your motives, you will be able to make the choices in love, work, and values that do justice to who you are. With more than thirty-five years of experience in psychotherapy, Dr. Halpern enables the adult child to understand his or her parent and foster a positive, healthy adult relationship. Deathtraps, kidnapping, and murder—this is the new life Emily Hampton has awoken to and she's discovering it's not at all what she bargained for. When Dante turns her world upside down, Emily finds solace in Damien's arms, but Emily doesn't realize how much she cares until another woman shows up and threatens to upset the balance she has created. and elite data, Leslie E. Anderson's *Social Capital in Developing Democracies* explores the contribution of social capital to the process of democratization and the limits of that contribution. Anderson finds that in Nicaragua, strong, positive, bridging social capital has enhanced democratization while in Argentina the legacy of Peronism has created bonding and non-democratic social capital that perpetually undermines the development of democracy. Faced with the reality of an anti-democratic form of social capital, Anderson suggests that Argentine democracy is developing on the basis of an alternative resource – institutional capital. Anderson concludes that social capital can and does enhance democracy under historical conditions that have created horizontal ties among citizens, but that social capital can also undermine democratization where historical conditions have created vertical ties with leaders and suspicion or non-cooperation among citizens.

At last, we can say the word love at work. We can acknowledge what has been true all along: love is what works at work. Love has been just outside the office door for centuries. We have heard its knock, but we have said, not here . Some enlightened leaders have recently moved to, not yet . But finally, Nigel Cutts has said, now . In this beautiful book he has opened the door. He has done this because love is what

produces results. People perform best when they are loved: when they are respected, when they can soar because of who they are their experience, their talents, their capacity, their intelligence is cherished. We all know this. Now we can stop believing the nonsense. We can stop putting off putting love on the top of the list of required expertise in leaders.
