At the age of twelve, Sophie Caco is sent from her impoverished village of Croix-des-Rosets to New York, to be reunited with a mother she barely remembers. There she discovers secrets that no child should ever know, and a legacy of shame that can be healed only when she returns to Haiti--to the women who first reared her. What ensues is a passionate journey through a landscape charged with the supernatural and scarred by political violence, in a novel that bears witness to the traditions, suffering, and wisdom of an entire people.

Written by an examiner and subject specialist, this updated resource develops analysis and critical thinking skills, with a focus on progression and results. The accompanying support site is packed with additional content to cement exam skills and extend learning.

An ability to speak Jamaican Standard English is the stated requirement for any managerial or frontline position in corporate Jamaica. This research looks at the phonological variation that occurs in the formal speech of this type of employee, and focuses on the specific cohort chosen to represent Jamaica in interactions with local and international clients. The variation that does emerge, shows both the presence of some features traditionally characterized as Creole and a clear avoidance of other features found in basilectal and mesolectal Jamaican. Some phonological items are prerequisites for “good English” - variables that define the user as someone who speaks English - even if other Creole variants are present. The ideologies of language and language use that Jamaican speakers hold about “good English” clearly reflect the centuries-old coexistence of English and Creole, and suggest local norms must be our starting point for discussing the acrolect.

This book explores English teaching in 13 countries where English is a mother tongue language or a significant second or third language. It focuses on the place of English in a particular society and examines how the teaching of English exists in the social and political context of that society.

There have been many great and enduring works of literature by Caribbean authors over the last century. The Caribbean Contemporary Classics collection celebrates these deep and vibrant stories, overflowing with life and acute observations about society. Fifteen-year-old Shell tells his story directly and we see things through his eyes - his confused feelings first for Rosalie, and then for Joan, his distress about the illness and death of his father, and his admiration tempered by fear of Mr Gidharee, Rosalie's father. This iconic, universal 'coming of age' novel conveys the confusion of a teenager growing to maturity, and the difficult choices that have to be made. Shell is gradually led out of childhood and into a deeper understanding of the human condition. Suitable for readers aged 14 and above.

Written by a team of experienced examiners and teachers, and matched to the requirements of the latest CSEC syllabus, English A for CSEC adopts a skills-based approach and engages students with a variety of carefully structured activities to maintain interest. CSEC examination-type questions throughout develop skills and provide valuable practice alongside interesting, audience-appropriate, extracts that meet the outcomes of the syllabus and the requirements of the examination. A newly added SBA section focuses on core skills required for this aspect of the assessment.

This book is an expression of my opinion on life, in its different stages. Many of these stages are personal. In this book, I have combined my experiences and perceptions of life, and expressed it in the form of poetry. Growing up in Jamaica, I had a passion for poetry which intensified over the years. I started studying English literature in high school (Holy Trinity High) and fell in love. Throughout the years, I would find myself reaching for poetry as a method of comfort and expression I later took an English Literature Exam at the CXC level (Caribbean Examination Council), in which I was successful. I presently have 2 degrees in Business (Associates in Arts of Business Administration & Bachelor of Business Management). My family consists of my husband Conrad Campbell, and our three amazing children (Dehstin, Dehstinie, and Daniel). We reside in New Jersey. My husband is my anchor, and my mother, Joyice White, is my greatest inspiration.

The missionaries from the Presbyterian Church of Canada and locally trained personnel provided the educational, religious and social foundations that allowed the marginalized peoples in the Caribbean to progress and assimilate during the nineteenth and early twentieth centuries.

"English Alive! is a series designed specifically to meet the needs of English students in Caribbean secondary schools. The book covers the key areas of reading comprehension, listening and speaking, writing grammar and language usage and vocabulary development. Particular attention is given to the often challenging area of poetry. The book also covers common errors made by students. A reference section contains verb tables, including a section on tenses (notoriously difficult for learners), irregular verbs and a glossary of language words and literary terms,"--page [4] of cover.

Chained to the hold of a slave ship bound for the Caribbean, a terrified young girl's only comfort is the voice of a woman she can't see. She is told 'Anansi stories', tales of the crafty spider whose cunning and humorous tricks give the girl the resilience and wit she needs to survive. Moving and funny at the same time, Anansi carefully juxtaposes the savagery of the slave trade with the exuberance of traditional story telling. SuperScripts are tried and tested plays that will appeal to 11 - 16 year olds. Mostly written by professional playwrights and performed in public to popular acclaim, these plays are ideal for the English classroom and drama studio and are accompanied by an extensive range of original activities.

In the first half of the twentieth century Britishness was an integral part of the culture that pervaded life in the colonial Caribbean. Caribbean peoples were encouraged to identify with social structures and cultural values touted as intrinsically British. Many middle-class West Indians of colour duly adopted Britishness as part of their own identity. Yet, as Anne Spry Rush explains in *Bonds of Empire*, even as they re-fashioned themselves, West Indians recast Britishness in their own image, basing it on hierarchical ideas of respectability that were traditionally British, but also on more modern expectations of racial and geographical inclusiveness. Britain became the focus of an imperial British identity, an identity which stood separate from, and yet intimately related to, their strong feelings for their tropical homelands. Moving from the heights of empire in 1900 to the independence era of the 1960s, Rush argues that middle-class West Indians used their understanding of Britishness first to establish a place for themselves in the British imperial world, and then to negotiate the challenges of decolonization. Through a focus on education, voluntary organization, the challenges of war, radio broadcasting, and British royalty, she explores how this process worked in the daily lives of West Indians in both the Caribbean and the British Isles. *Bonds of Empire* thus traces West Indians' participation in a complex process of cultural transition as they manipulated Britishness and their relationship to it not only as colonial peoples but also as Britons

The cultural and linguistic complexity of postcolonial Trinidadian society is cleverly portrayed in this beautifully written West Indian novel. Hodge uses the voice of the central character, Tee, to tell a story that begins with two young children forced to live first with their aunt Tantie and then with Aunt Beatrice. Tantie's world overflows with hilarity, aggression, and warmth. Aunt Beatrice's Creole middle-class world is pretentious and exudes discriminatory attitudes toward people of color in the lower classes. As we follow Tee from childhood to young adulthood, we share the diversity and richness of her struggle to exist in two worlds, fit in with relatives and classmates, learn from differing cultures, and carve out her identity. In addition to Hodge's powerful, evocative writing and messages, readers are treated to an insightful introduction and study questions, written by Roy Narinesingh, that prompt fruitful discussions of postcolonial issues.

Increasingly, students worldwide are seeking post-secondary education to acquire new skill-sets and credentials. There is an explosion of community college models that provide educational opportunities and alternative pathways for students who do not fit the traditional higher educational profile. This book focuses on economic models to help local and national economies develop strong workforce training, humanitarian models to bring about social mobility and peace, transformative models to help institutions expand and keep up with societal needs, and newly created models that respond to the educational and training needs of a constantly changing world. These models seek to capture the imagination of those who are committed to learning about what works in higher education and in particular, the impact community college models are having on the changing nature of world social, political and economic landscapes. With contributors representing 30 countries, this book presents an international perspective.
