No malice, no forethought, just a horrible misfortune. Why then did he plead guilty to first degree murder? He didn't. The attorney who Chapman met fifteen minutes before the trial, did. Why? Simple. No one's going to believe it was an accident, his lawyer said regarding his black client's explanation.

It was then that he heard it. A high-pitched squealing voice echoing through the front door to his apartment, "TIMMY... TIMMY... TIMMY," he heard. Jumping up from his chair, his right arm fully extended outward. Cupping the palm of his right hand, Timmy slowly moved out of his bedroom and into the living room. Still holding the gun toward the front door, "Tim, Tim," he heard the voice again, this time right outside his front door, causing him to point the barrel directly at the door pulling the hammer all the way back. "Timmy, Tim, Timmy," he heard again as he saw the knob of the door slowly begin to turn. Hearing the person, behind it say in an evilly sadistic voice, "You're Next Timmy Richards . . . You're next,"

The book begins with the kidnapping of Tony Denton's sixteen year old niece at a car wash and his involvement with the police as they try to locate her. Things start going wrong when police officers are pulled from the kidnapping case to work as decoys on a sting in the red light district, arresting prostitutes and their "johns". Tony losses it as he rants and raves against management of the police force in his hometown. When people tell Tony to stop griping and do something about it he reluctantly runs for sheriff, and to his surprise he wins the office. His only promise on the campaign trail had been that he would not allow any of his officers to be involved in arresting prostitutes or their "johns's", nor would he allow an officer to arrest anyone using drugs, which causes an uproar within the religious community. Tony is so successful at taking his police officers away from these two areas and putting them to work solving the brutal murders and rapes that take place in his town that within the first two years the number of all major crimes in the town take a major nose dive. Even the papers in larger cities take notice and begin writing accounts of the small town sheriff that has a new method of fighting crimes. Soon Tony is being asked to run for higher office and this starts the remarkable story of the reluctant politician who changes the system, but as is always the case with the old saying, "be careful what you wish for, it might come true", in Tony's case he pulls the nation down a slippery slope faster and faster to destruction.

Can he accept her as a Christian woman who's nowhere near content to live out her life without the love of a man and a family of her own?

Hi, my name is Neven. I'm very attractive and come from a family that were never slaves. The family is very large and physically beautiful. Our family has always been wealthy. Once, they almost lost everything, but they came back with a vengeance, never to be without again by any means necessary. To this day, none of the elders in my family have never had to work and have been able to take care of their large families. My granny raised me and two of my older cousins. I have an amazing life that I was born in, and any problems I have ever had, for the most part, did not have to happen. I have always had very expensive things. The people in my life never knew how wealthy our family is, so they did extravagant things for me. I'm handsome, humble, and sometimes I can have a slick mouth, which they like; and if you push me, I will lose my head on you. I have very famous friends that, for the most part, don't know me. They just see the pretty picture and that I don't have to want for anything like some of them. I have more money than them.
