A true story of the 1977 alien abduction as told by a former Assistant Attorney General and USAF veteran. He and a friend were taken while remote camping in an Arkansas State Park. die Hunderte, vielleicht sind es sogar Tausende. Bei vielen Fällen ist die Faktenlage indes unklar. Vielleicht sind sie schlecht dokumentiert, vielleicht liegen Missverständnisse vor. Die Fälle, die wir hier verhandeln weisen dagegen glasklare Ungereimtheiten auf, teils so viele, dass man den Fall als mysteriös einstufen muss, beinahe als ein Wunder... entweder, wie das Opfer wiedergefunden wird... auch, wie das Opfer überhaupt verschwinden konnte... manchmal, wie es Tage und Wochen in der Wildnis überleben... manchmal, wie die Leiche nach Jahren noch so gut erhalten sein kann. Diese Fälle sind schwer erklärbar, man sagt nicht zu viel, wenn man sie regelrecht 'unerklärlich' nennen will. Sie sind unheimlich und mysteriös, nichts passt zusammen, Faktenlage, Persönlichkeit des Opfers, Zeugenaussagen... alles widerspricht sich. Und doch sind diese Menschen verschwunden. Einige tauchen wieder auf... andere bleiben für immer im Nirvana der Zeiten und Räume verschollen. Was sind ihre Geschichten? Und gibt es ein gemeinsames Phänomen, einen Jäger, ein Mysterium, das sie alle gemein haben? Betrachten wir die Fälle und machen wir uns ein Bild von der Situation...

This astounding work brings professional investigative abilities and forensic artistry to the field of Bigfoot studies. This astounding work brings professional investigative abilities and forensic artistry to the field of Bigfoot studies. David Paulides, a former police investigator, has applied his skills to questioning Bigfoot witnesses. The results he has achieved in gaining access to witnesses and getting detailed information from them is both remarkable and intriguing.

Furthermore, he commissioned a forensic police artist to meet with witnesses and sketch the creatures they saw. These drawings provide insights into the creature's nature never before realized. The result of this team's work is by far one of the most convincing accounts ever written on Bigfoot. The conclusion reached - that this creature, long revered by the Hoopa people, definitely inhabits the forested regions of Humboldt County in Northern California - is so convincing that those people who doubt Bigfoot's existence will be forced to think again!

A non-fiction book about people who are missing by way of land, air and water.

Charles Fort was an American researcher from the early twentieth century who cataloged reports of unexplained phenomena he found in newspapers and science journals. A minor bestseller with a cult appeal, Fort's work was posthumously republished in the pulp science fiction magazine *Astounding Stories* in 1934. His idiosyncratic books fascinated, scared, and entertained readers, many of them authors and editors of science fiction. Fort's work prophesied the paranormal mainstays of SF literature to come: UFOs, poltergeists, strange disappearances, cryptids, ancient mysteries, unexplained natural phenomena, and everything in between. Science fiction authors latched on to Fort's topics and hypotheses as perfect fodder for SF stories. Writers like Arthur C. Clarke, Philip K. Dick, Robert Heinlein, H.P. Lovecraft, and others are examined in this exploration of Fortean science fiction--a genre that borrows from the reports and ideas of Fort and others who saw the possible science-fictional nature of our reality.

covered many of these cases and has attempted to put a rational spin on a very unusual event. After 3+ years and 7000 hours of intensive research there is a new paradigm being presented on people missing in the wilds of North America. "Missing 411" identifies 28 clusters of missing people who have vanished in remote areas of the continent. The finding is a troubling fact questioning why and how these people have disappeared. Some of the victims are found and tell a very interesting and mind bending story of their experience, others are never found, a fact that confounds searchers and law enforcement. There are many children that have disappeared under highly unusual circumstances. After weeks of searching and failing to find any evidence of the child being in a remote location, many parents and law enforcement draw the conclusion that the victim was kidnapped, yes, taken by someone lurking in remote areas of our national parks, forests, farms and even ranches. There are two editions of this research, "Missing 411-Eastern United States" and "Missing 411-Western United States." The eastern United States copy has a list of every person who is listed in each book as well as a final conclusion to the investigation. You will be shocked by the lack of interest and documentation that many of our governmental bodies have committed to missing people. After reading these books you will never look at our wildlands the same.

Major news organizations do a deplorable job of covering major stories and issues which are deemed too unusual or too far outside the box. Chances are, they will find a way to trivialize or ignore the disturbing evidence accumulated by David Paulides, a former law man turned investigative journalist. The paper trail uncovered by Paulides through sheer doggedness is impressive, the evidence indisputable. People are vanishing without a trace from our national parks and forests, yet government agencies are saying nothing. At a minimum, this story deserves space on the front page of every newspaper in the country, and it warrants a formal high level inquiry by the federal agencies whose files leave little doubt that something very strange is unfolding in our wilderness."

Überall auf der Welt verschwinden Menschen spurlos. Immer wieder. Die Anzahl der Fälle geht in die Tausende. Aber diese Menschen verschwinden nicht einfach so, etwa weil sie ein neues Leben beginnen wollen, weil sie Selbstmord begehen oder weil sie in irgend ein Loch fallen. Sie verschwinden spurlos. Die Umstände ihres Verschwindens sind nicht selten mysteriös bis hin zu in sich widersprüchlich. Suchhunde finden keine Fährte, Suchmannschaften finden über Wochen keine Spur der Vermissten, Hubschrauber finden auch mit modernsten Methoden wie FLIR einfach nichts. Gar nichts. Auch keine Ausrüstungsgegenstände, Kleidung, keine Spuren eines Kampfes oder eines Überalls von Tieren oder Menschen. Einfach gar nichts. Dann plötzlich tauchen manche Opfer wieder auf. In aller Regel ohne Schuhe. Oft an einer Stelle wo die Suchmannschaften schon viele Male gesucht hatten. Oft so weit vom Ort ihres Verschwindens entfernt, dass es schwerlich bis überhaupt nicht vorstellbar ist, wie sie dorthin gelangt sein sollen. Meistens sind sie tot, aber ohne eine feststellbare Todesursache. Die wenigen, die überleben berichten immer wieder von einem großen Hund, einem großen Wolf oder

einer Art Känguru, das sich um sie gekümmert haben soll, dass sie nicht in der Eiseskälte erfroren sind. In einigen Fällen ist solch ein Wesen von Zeugen gesehen worden. Auch in den mysteriösen Vorfällen auf der sogenannten 'Skinwalker Ranch' soll solch ein Wesen beobachtet worden sein. Die Liste der Merkwürdigkeiten dieser Fälle ist aber noch viel länger. Es scheint nicht mit rechten Dingen zuzugehen. Manchmal werden die Kleider der Opfer feinsäuberlich neben den Opfern oder auch ein Stück entfernt auf einem Stapel gefunden. Manchmal tragen die Opfer ihre Kleider falsch herum oder Kleider, die ihnen nicht gehören. Manchmal sind die Opfer nackt und das obwohl winterliche Temperaturen herrschen und sie kilometerweit durch verschneite Berggegenden gelaufen sein müssen um vom Ort wo ihre Kleidung später gefunden wird zum Ort wo ihre Leiche gefunden wurde gelangt zu sein. Dokumentiert sind diese Fälle von der Polizei, von Zeugen und in Zeitungsartikeln. Die Verwaltung der US Nationalparks kennt das Problem, schweigt aber, die Suchmannschaften stehen oft vor einem Rätsel. Und der ehemalige Polizist David Paulides hat diese Fälle in seinen Büchern der 'Missing 411' Reihe akribisch und rein faktenorientiert dokumentiert. Aber die Fälle treten nicht nur im Englischsprachigen Raum auf, also in den USA, Kanada, Australien und England, sondern überall auf der Welt. Was passiert da? Fragen auf die sich schwerlich einfache Antworten finden lassen. Vieles deutet darauf hin, dass hier Mechanismen wirken, die außerhalb dessen liegen, was wir gewöhnlich unter Realität verstehen... aber wie gelingt es diesen Menschen die Grenzen unserer Realität zu durchschreiten? Gibt es Täter? Was passiert da.

A look at the pattern of disappearances in rural America. The Missing 411 books by David Paulides revealed the phenomenon of people disappearing in America without a trace. Into Nowhere shows these disappearances to be regional in nature, with identifiable trends in behavior. These are plotted in color maps identifying the regions clearly. Certain issues concerning the nature of the disappearances are also covered.

If you liked Virtual Earth Graduate, you'll love this one. This book picks up where John Keel and Charles Fort left off.. with answers. In addition, it features the research of a modern-day investigator David Paulides into the issue of Disappearing People -- his outstanding series is called Missing 411.

Thousands of people are disappearing every year and now we can partially understand it. There are cloaked predators out there, and several videos are examined that deal with the issue. In addition, we are developing our own version of cloaking (chapter 6). While the book also deals with Evolution vs Creation and Science vs Religion and even includes the Dan Brown treatment of same in his latest book, Origin, there is a lot of emphasis on the Anunnaki, Skygods, Astral Spooks and even the Djinn. Also covered are the Black-eyed Kids, Shadow People, and odd anomalies around the planet. All in all the book is mainly about anomalies (human, astral, and physical vs paranormal) but is dedicated to the late John Keel whose outstanding book, Disneyland of the Gods, is echoed in this book. Earth is not quite what we think it is, and it is not our home. Thus with Custodians running around cloaked, disappearing people, we need to think twice about Earth being our home -- it isn't. And in order to get out of here, Chapters 9-10 offer insights to further one's personal growth -- which is also a necessity as The Change (aka Alien Agenda) is not just 10 years away, ... it is ongoing as you

The Hubrids are explained and are the new human -- just as Neanderthal was replaced, so is the current version of Man being replaced...and how you can proactively survive in the New Society (by upgrading yourself) is examined. ### Missing 411- a Sobering Coincidence

Thousands of years ago, Indian Yogis possessed the knowledge to obtain the weapons of the gods. However, this knowledge could only be transferred from a Guru to his disciple by word of mouth. In today's world, one mystic, who calls himself Guruji, still possesses this knowledge and is using it to empower an innocent person's life. Only, this empowerment could be a deception and the innocent person is a thirteen year old boy with a stutter... In this intertwining tale, an ambitious yet unsuccessful Shankar, in search of his identity, is manipulated to embark on a never-told-before fantasy tale; only to rediscover the father he never knew and unmask the mystical Guruji. Amidst this confounding concoction of ancient myths, deluding personas and dispersed emotions, will Shankar ever be able to separate fact from fiction and find his true identity?

to disappear but this story is about the unusual. Nobody has ever studied the archives for similarities, traits and geographical clusters of missing people, until now. A tip from a national park ranger led to this three year, 7000+ hour investigative effort into understanding the stories behind people who have vanished. The book chronicles children, adults and the elderly who disappeared, sometimes in the presence of friends and relatives. As Search and Rescue personnel exhaust leads and places to search, relatives start to believe kidnappings and abductions have occurred. The belief by the relatives is not an isolated occurrence; it replicates itself time after time, case after case across North America. The research depicts 28 clusters of missing people across the continent, something that has never been exposed and was a shocking find to researchers. Topography does play a part into the age of the victims and certain clusters have specific age and sex consistency that is baffling. This is not a phenomenon that has been occurring in just the last few decades, clusters of missing people have been identified as far back as the 1800's. The manuscript for the research was extremely large so the story was split between two books, Missing 411 Western United States and Canada and Missing 411 Eastern United States. The Eastern version will be released in late March and will include a list of all missing people in each edition and a concluding chapter that

draws both books together for conclusions. Some of the issues that are discussed in each edition:

- \* The National Park Service attitude toward missing people
- \* How specific factors in certain cases replicate themselves in different clusters
- \* Exposing cases involving missing children that aren't on any national database
- \* Unusual behavior by bloodhounds/canines involved in the search process
- \* How storms, berries, swamps, briar patches, boulder fields and victim disabilities play a role in the disappearance
- \* The strategies of Search and Rescue personnel need to change under specific circumstances

Missing 411- Off The Grid Missing 411- Off The Grid is the seventh book in the best selling series about missing people. The books are based on actual law enforcement, search and rescue and archived reports of incidents. The author has based the narrative on delivering the facts and not making unsubstantiated claims. Thousands of case files were reviewed and what's presented are incidents that fit narrow criteria of established profile points. According to the Urban Dictionary, Off the Grid means, "untraceable through normal means." The individuals that are documented in this seventh book of the Missing 411 series fit this definition to perfection. The disappearances involve physicists, physicians, professors, hikers, hunters, children, and joggers. Cases from thirty states, six Canadian provinces and five countries are included. Each of these stories is new to the Missing 411 series. Disappearances from national parks, forests and open spaces that have never been discussed or compared to similar instances are included. Updated tables from past books assist the reader in

understanding the vast numbers of missing that fit the established profile. Early reviewers of this book have called it the most intriguing and thought-provoking of the series. Author David Paulides is an investigative reporter, twenty-year police officer/detective and the director of the Canam Missing Project ([www.canammissing.com](http://www.canammissing.com)), the organization behind the search for understanding the missing person issue. He recently released a movie based on the books, Missing 411, which a former LA Magazine and NBC movie critic rated it the best documentary for 2017. He has presented his findings to the most attended annual search and rescue conference in the world, NASAR and has spoken at hundreds of seminars, symposiums, and meetings. called MJ-12. He examines Operation Highjump led by Admiral Richard Byrd in 1947 and the battle that he apparently had in Antarctica with flying saucers. Through "Operation Paperclip," the Nazis infiltrated aerospace companies, banking, media, and the US government, including NASA and the CIA after WWII. He reveals that the Nazis had built secret bases in a variety of places during WWII, including Greenland, the Canary Islands, Tibet and Antarctica. Childress discusses the secret U-boat fleet that patrolled the Atlantic and Antarctic Oceans for decades after the war. He looks into the secret German space program and its flying disks and tubular aircraft; the secret technology involved, including anti-gravity propulsion technology; underground and under ice bases; strange things happening in South America; and secret bases on the Moon and Mars. Childress looks at the possible merger of Nazi assets in Antarctic with the Americans' and the use of Antarctica as a space base for traffic to secret space stations in orbit and below the surface of the Moon. The author looks at military space programs such as Solar Warden, Lunex and Project Horizon. Does the US Space Force have a secret space program that maintains huge ships in orbit around the Earth and employs hundreds of astronauts as crew for these vehicles? influence in world governments, financial systems, and scientific institutions throughout history • Shows how Eisenhower's treaty with the Greys, signed at Holloman Air Force Base in 1954, gave the aliens authority to abduct humans for "research" • Reveals how Reptilian-influenced ex-Nazis infiltrated the U.S. government • Explains how the Reptilians have created alien-human hybrids under their control to replace the human population Long ago, the Galactic Federation sent the Atlans, a fierce group of humans from the Pleiades, to Earth to confront the newest colony of the combative ever-spreading alien race known as the Reptilians. The ensuing battle sank the continent of Lemuria and drove the Reptilians underground beneath the Indian subcontinent as well as to Antarctica. Able to shapeshift to appear human, the Reptilians then infiltrated the Atlantean civilization, abducting humans and creating Reptilian hybrids. As Len Kasten shows, this technique of infiltration and hybridization prior to an all-out attack has been the hallmark of Reptilian conquest throughout the galaxy. Chronicling the history of the Reptilian Empire's influence on Earth and their conquest of 21 star systems, Kasten reveals how the human race is enmeshed in a skillfully concealed plot to enslave humanity and exploit our planet's physical and biological resources. Revealing Hitler's pact with extraterrestrials and the Reptilian influence on the Nazi state, he shares new documents that

disclose the rescue and rehabilitation of Nazi war criminals to assist in the Cold War, which then corrupted many U.S. government institutions. Focusing on crucial events in the decade after World War II, he examines the Reptilians' human allies, the Illuminati, who control the levers of financial, technological, and military power throughout the world through various secret societies. He shows how Eisenhower's treaty with the Greys, signed at Holloman Air Force Base in 1954, gave the aliens permission to take humans up to their spaceships, ostensibly for genetic study--in return for alien technology--and how these abductions led to the creation of a hybrid race under Reptilian mind control. He also explains how Kennedy was assassinated by the CIA because of his plans to rout out this Nazi-Reptilian presence. Contrasting the Reptilians with the benevolent Ebens, the aliens from Zeta Reticuli who crashed at Roswell, Kasten exposes the stealthy tactics of the Reptilians, their relationship with the Greys, and their advanced genetic bio-technology and teleportation abilities--as well as what we need to do to defeat their plans. Iceland and Indonesia) outside of North America and examines the parallels between the cases. The book also includes a multitude of new stories from North America. There is a continuing trend of clusters of missing people in United States National Parks. The National Park Service has continued with their policy of failing to keep ledgers, track or otherwise document lists of missing people inside their parks and monuments. This edition has cases from Florida, Texas, Hawaii and forty other states. There are new clusters of missing people from Sequoia and Mount Rainier National Park, Three Sisters Wilderness (OR) and Adirondacks (NY). Canada has missing cases from six provinces that are documented. This new book brings further clarity to the missing person issue by examining multiple disappearances of people in small-confined areas and exposing the similarities of their case. David Paulides also exposes a series of coed disappearances that date back to the early 1900's, which have unusual facts surrounding their case. "Missing 411-North America and Beyond" is the largest and most comprehensive of the trilogy, 472 pages. The Missing 411 series builds upon itself. It is recommended that you read "Missing 411-Western United States" first, then the eastern version and then "North America and Beyond." There is a historical aspect to this issue and there are common elements that run through the disappearances.

\*\*\*\*\*One of the early reviews of "Missing 411-North America and Beyond" was written by New York Times Best Selling author Whitley Strieber:David Paulides has shined a light onto one of the greatest and most disturbing mysteries of our time: the simple and awful fact that people disappear, especially in our national parks, and little effort is made to find them, let alone inform the public about the danger.Even when massive searches are mounted, and people are found, the events surrounding their loss and recovery are often far beyond logical explanation.This is the most comprehensive and expertly presented series of books on the subject ever written, and the latest volume, which includes stories from five countries, is sobering, chilling and far too well researched to ignore. indisputable." Survivorman Les Stroud was interviewed about the series and stated, "Paulides presents pure facts. Facts that can't be disputed."The author continues with his profile points involving the disappearances and applies them to a series of incidents involving young men and women, mostly college age. Many of the victims vanished within the confines of their college or university town. These individuals were brilliant scholars, athletes and stellar people in their community. They disappear under unusual circumstances and are often found in areas that were previously searched. Medical examiners in these cases often cannot determine the cause of death. Many times the victim was recovered in water, yet autopsies show the body was not in the water the entire time the victim was missing. The majority of the families in these cases believe their loved ones were abducted and held, then later dumped in the water. These allegations are generally ignored by authorities until pressured by facts presented through secondary autopsies that families requested and paid for. This is a chilling and shocking series of stories that will cause many parents and young people to rethink their nighttime activities. stories of the characters who fill the vacuum created by a vanished human being. We'll meet eccentric bloodhound-handler Duff and R.C., his flagship purebred, who began trailing with the family dog after his brother vanished in the San Gabriel Mountains. And there's Michael Neiger North America's foremost backcountry Search & Rescue expert and self-described "bushman" obsessed with missing persons. And top researcher of persons missing on public wildlands Ex-San Jose, California detective David Paulides who is also one of the world's foremost Bigfoot researchers. It's a tricky thing to write about missing persons because the story is the absence of someone. A void. The person at the heart of the story is thinner than a smoke ring, invisible as someone else's memory. The bones you dig up are most often metaphorical. While much of the book will embrace memory and faulty memory--history--The Cold Vanish is at its core a story of now and tomorrow. Someone will vanish in the wild tomorrow. These are the people who will go looking.

The stunning mountains of Virginia offer spectacular views and endless outdoor activities, yet they also hold secrets. A nineteenth-century cache of gold is buried in the hills.
