All is not well in the Letherii Empire. Rhulad Sengar, the Emperor of a Thousand Deaths, spirals into madness, surrounded by sycophants and agents of his Machiavellian chancellor. Meanwhile, the Letherii secret police conduct a campaign of terror against their own people. The Errant, once a farseeing god, is suddenly blind to the future. Conspiracies seethe throughout the palace, as the empire - driven by the corrupt and self-interested - edges ever-closer to all-out war with the neighboring kingdoms. The great Edur fleet--its warriors selected from countless numbers of people--draws closer. Amongst the warriors are Karsa Orlong and Icarium Lifestealer--each destined to cross blades with the emperor himself. That yet more blood is to be spilled is inevitable... Against this backdrop, a band of fugitives seek a way out of the empire, but one of them, Fear Sengar, must find the soul of Scabandari Bloodeye. It is his hope that the soul might help halt the Tiste Edur, and so save his

brother, the emperor. Yet, traveling with them is Scabandari's most ancient foe: Silchas Ruin, brother of Anomander Rake. And his motives are anything but certain - for the wounds he carries on his back, made by the blades of Scabandari, are still fresh. Fate decrees that there is to be a reckoning, for such bloodshed cannot go unanswered--and it will be a reckoning on an unimaginable scale. This is a brutal, harrowing novel of war, intrigue and dark, uncontrollable magic; this is epic fantasy at its most imaginative, storytelling at its most thrilling.

The Malazan Empire is a fictional state in the epic fantasy series Malazan Book of the Fallen by Steven Erikson. It is one of only two human empires in the series - the other being Lether. It is likely the largest group of humans under one name. The Malazan Empire plays a significant role in the first four volumes and in the sixth, but according to Steven Erikson, it will not play a major role in the last four books. The empire also plays a role in the novels written by the Malazan world's co-creator, Ian Cameron Esslemont. The Malazan Empire was born in the year 1058 Burn's Sleep. surrenders to brutal imposition. Millions are made to kneel and yet more millions die horrible deaths in a welter of suffering and misery. But leave all that behind and plunge into escapist fantasy of the most irrelevant kind, and in the ragged wake of the tale told in Lees of Laughter's End, those most civil adventurers, Bauchelain and Korbal Broach, along with their suitably phlegmatic manservant, Emancipor Reese, make gentle landing upon a peaceful beach, beneath a quaint village at the foot of a majestic castle. There they make acquaintance with the soft-hearted and generous folk of Spendrugle, which lies at the mouth of the Blear River and falls under the benign rule of the Lord of Wurms in his lovely keep. Make welcome, then, to Spendrugle's memorable residents, including the man who should have stayed dead, the woman whose prayers should never have been answered, the tax collector everyone ignores, the ex-husband town militiaman who never married, the beachcomber who lives in his own beard, and the now singular lizard cat who used to be plural, and the girl who likes to pee in your lap. And of course, hovering over all, the denizen of the castle keep, Lord—Ah, but there lies this tale. The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, their lone surviving mage, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities, yet

holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand . . . Conceived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order--an enthralling adventure by an outstanding voice.

In Darujhistan, the city of blue fire, it is said that love and death shall arrive dancing. It is summer and the heat is oppressive, but for the small round man in the faded red waistcoat, discomfiture is not just because of the sun. All is not well. Dire portents plague his nights and haunt the city streets like fiends of shadow. Assassins skulk in alleyways, but the quarry has turned and the hunters become the hunted. Hidden hands pluck the strings of tyranny like a fell chorus. While the bards sing their tragic tales, somewhere in the distance can be heard the baying of Hounds...And in the distant city of Black Coral, where rules Anomander Rake, Son of Darkness, ancient crimes awaken, intent on revenge. It seems Love and Death are indeed about to arrive...hand in hand, dancing. A thrilling, harrowing novel of war, intrigue and dark, uncontrollable magic, Toll the Hounds is the new chapter in Erikson's monumental series - epic fantasy at its most imaginative and storytelling at its most exciting.

The five tribes of the Tiste Edur have finally been united under the implacable rule of the Warlock King of Hiroth, but their peace has made at the cost of a pact made with a hidden power, and ancient forces are awakening that may destroy them all.

Intrepid necromancers Bauchelain and Korbal Broach, scourges of civilization, raisers of the dead, reapers of the souls of the living, devourers of hope, betrayers of faith, slayers of the innocent, and modest personifications of evil, have a lot to answer for and answer they will. Known as the Nehemoth, they are pursued by countless self-professed defenders of decency, sanity, and civilization. After all, since when does evil thrive unchallenged? Well, often—but not this time.
