The animation studio United Productions of America (UPA) was able to challenge Disney supremacy in the 1950s entertainment market by creating cutting-edge animated cartoons. UPA films express a simplified audiovisual language consisting of stylized layout designs, asymmetrical compositions, colors applied flatly and in contrast with each other, limited animation and a minimalist use of sound effects. UPA artists developed this innovative style by assimilating those aesthetic features already expressed by Modern painters, graphic designers and advertisers. This book considers UPA films as Modern animations, because they synthesize a common minimalist tendency that was occurring in US animation during the 1940s and 1950s. It examines the conditions under which UPA studio flourished and the figure of its executive producer Stephen Bosustow; the influence of Modernist stylistic features of painting, graphic design and poster advertising on UPA animations; and UPA animated cartoons as case studies of a simplified audiovisual language that influenced 1950s-1960s international productions.

Looks at the history of the 1920s, describes the jazz bands and performers who helped shape it, and discusses the important musical developments of the period.

Rob Paulsen is one of Hollywood's busiest, most talented, and most passionate performers. If you don't know him by name, you will know him by the many characters he has brought to life: Pinky from Pinky and the Brain, Yakko from Animaniacs, the tough but loveable Raphael from the original animated Teenage Mutant Ninja Turtles, and many more. So you can imagine how terrifying it must have been when Rob was diagnosed with throat cancer, putting his entire livelihood in jeopardy and threatening to rob the world of all his loveable characters that filled our youths and adulthoods with humor and delight. Voice Lessons tells the heartwarming and life-affirming story of Rob's experience with an aggressive cancer treatment and recovery regimen, which luckily led to a full recovery. Rob quickly returned to doing what he loves most, but with a much deeper appreciation of what he came so close to losing. His new lease on life inspired him to rededicate himself to his fans, particularly the new friends he made along the way: hundreds of sick children and their families. Rob said it best himself: "I can not only continue to make a living, but make a difference, and I can't wait to use that on the biggest scale that I can."

This first-ever biography of American actress Anne Francis will enlighten her casual fans and earn a nod of agreement from her diehard admirers. The star of such 1950s cinematic classics as *Bad Day at Black Rock*, *Blackboard Jungle* and *Forbidden Planet*, Anne made the risky decision to transplant her talents to television—and as a result, her acting has often been taken for granted. But TV supplied her with the groundbreaking title role in *Honey West* (1965–66), where she became the first leading actress to portray a private detective on a regular weekly series. All of Anne Francis' film and television appearances are chronicled, including a full episode guide for *Honey West* and a complete listing of her guest roles on such series as *The Twilight Zone*, *The Untouchables* and *Murder, She Wrote*.

ABC's, *First Words*, *Numbers and Shapes*, *Colors and Opposites* including a special note to parents. Children will enjoy hours of learning fun in each 32-page bi-lingual book. All four books are designed specifically to teach and reinforce basic concepts for preschool through early elementary school children.

Lurid but unknown scandals from Hollywood's Golden Age, as well as shocking rundowns of Today's Hollywood Scandals in the making.

*Jock Around the Clock* takes you back three decades to a time when satellite broadcasting and the concept of all sports all the time were brand-new. It's the story of how ESPN founders Bill and Scott Rasmussen, having been forced out of their TV sports network, turned to radio and gave birth to the all-sports network, *Enterprise Radio*. The story features names familiar to American sports fans as they gather to launch the network that would flash across the sky for a brief few months, then flame out, leaving behind the blueprint so many others have copied since.

During the 1930s, no event was more absorbing or galvanizing to Ernest Hemingway than the Spanish Civil War. Hemingway was passionately devoted to the cause of the democratically elected Spanish Republic and he spent much of the war reporting from its front lines, producing a deeply political body of work that illuminated the conflict and presaged the world war to come. In the end, his immersive journey into the turbulent world of the Spanish Civil War resulted in *For Whom the Bell Tolls*, a landmark in American political fiction. This book offers a fresh account of Hemingway's adventures in Spain during the Civil War, stressing his embrace of radical political action and discourse in

defense of the Republic against the forces of Fascism. On the eightieth anniversary of *For Whom the Bell Tolls*, Gilbert H. Muller reconsiders Hemingway as an engaged artist, political actor, and visionary.

A novel about the end of days full of surprising beginnings The world is living in the shadow of oncoming disaster. An asteroid is set to strike the earth in just one week's time; catastrophe is unavoidable. The question isn't how to save the world—the question is, what to do with the time that's left? Against this stark backdrop, three island teens wrestle with intertwining stories of love, friendship and family—all with the ultimate stakes at hand. Alexandra Coutts's *TUMBLE & FALL* is a powerful story of courage, love, and hope at the end of the world.

In the 1930s, Shirley Temple was heralded as “America’s sweetheart,” and she remains the icon of wholesome American girlhood, but Temple’s films strike many modern viewers as perverse. *Shirley Temple and the Performance of Girlhood* examines her early career in the context of the history of girlhood and considers how Temple’s star image emerged out of the Victorian cult of the child. Beginning her career in “Baby Burlesks,” short films where she played vamps and harlots, her biggest hits were marketed as romances between Temple and her adult male costars. Kristen Hatch helps modern audiences make sense of the erotic undercurrents that seem to run through these movies. Placing Temple’s films in their historical context and reading them alongside earlier representations of girlhood in Victorian theater and silent film, Hatch shows how Shirley Temple emerged at the very moment that long standing beliefs about childhood innocence and sexuality were starting to change. Where we might now see a wholesome child in danger of adult corruption, earlier audiences saw Temple’s films as demonstrations of the purifying power of childhood innocence. Hatch examines the cultural history of the time to view Temple’s performances in terms of sexuality, but in relation to changing views about gender, class, and race. Filled with new archival research, *Shirley Temple and the Performance of Girlhood* enables us to appreciate the “simpler times” of Temple’s stardom in all its thorny complexity.

Most often remembered for her gestures, expressive eyes, and body language on the screen, ZaSu Pitts was an unusual actress (and also an excellent cook: she often gave homemade candies to her coworkers, and her collection of candy recipes was published posthumously). This affectionate study of both her private life off-screen and her public persona details how the multi-talented actress become one of film’s favorite comediennes and character players. The book includes many rare photographs.

The setting: Hollywood: the character: Pat Hobby, a down-and-out screenwriter trying to break back into show business, but having better luck getting into bars. Written between 1939 and 1940, when F. Scott Fitzgerald was working for Universal Studios, the seventeen Pat Hobby stories were first published in *Esquire* magazine and present a bitterly humorous portrait of a once-successful writer who becomes a forgotten hack on a Hollywood lot. "This was not art" Pat Hobby often said, "this was an industry" where whom "you sat with at lunch was more important than what you dictated in your office." Pat Hobby's Christmas Wish (excerpt) It was Christmas Eve in the studio. By eleven o'clock in the morning, Santa Claus had called on most of the huge population according to each one's deserts. Sumptuous gifts from producers to stars, and from agents to producers arrived at offices and studio bungalows: on every stage one heard of the roguish gifts of casts to directors or directors to casts; champagne had gone out from publicity office to the press. And tips of fifties, tens and fives from producers, directors and writers fell like manna upon the white collar class. In this sort of transaction there were exceptions. Pat Hobby, for example, who knew the game from twenty years' experience, had had the idea of getting rid of his secretary the day before. They were sending over a new one any minute—but she would scarcely expect a present the first day. Waiting for her, he walked the corridor, glancing into open offices for signs of life. He stopped to chat with Joe Hopper from the scenario department. 'Not like the old days,' he mourned, 'Then there was a bottle on every desk.' 'There're a few around.' 'Not many.' Pat sighed. 'And afterwards we'd run a picture—made up out of cutting-room scraps.' 'I've heard. All the suppressed stuff,' said Hopper. Pat nodded, his eyes glistening. 'Oh, it was juicy. You darned near ripped your guts laughing—' He broke off as the sight of a woman, pad in hand, entering his office down the hall recalled him to the sorry present. 'Gooddorf has me working over the holiday,' he complained bitterly. 'I wouldn't do it.' 'I wouldn't either except my four weeks are up next Friday, and if I bucked him he wouldn't extend me.' As he turned away Hopper knew that Pat was not being extended anyhow. He had been hired to script an old-fashioned horse-opera and the boys who were 'writing behind him'—that is working over his stuff—said that all of it was old and some didn't make sense. 'I'm Miss Kagle,' said Pat's new secretary... Francis Scott Key Fitzgerald (September 24, 1896 – December 21, 1940), known professionally as F. Scott Fitzgerald, was an American novelist and short story writer, whose works illustrate the Jazz Age. While he achieved limited success in his lifetime, he is now widely regarded as one of the greatest American writers of the 20th century. Fitzgerald is considered a member of the "Lost Generation" of the 1920s. He finished four novels: *This Side of Paradise*, *The Beautiful and Damned*, *The Great Gatsby*, and *Tender Is the Night*. A fifth, unfinished novel, *The Last Tycoon*, was published posthumously. Fitzgerald also authored 4 collections of short stories, as well as 164 short stories in magazines during his lifetime. Not many writers introduce a phrase - let alone a whole idea - into the language. In *CATCH-22*, Joseph Heller invented a motif for the modern world. For that book alone he is one of the greatest American writers of the twentieth century. But where did the author who was able to create that novel come from? And what happened to those remarkable characters? *CATCH AS CATCH CAN* for the first time collects early works, previously unpublished stories and lost chapters of *CATCH-22* to chart the development of a genius. It also explores the consequences in the later stories of the unforgettable Yossarian, and Heller's non-fiction pieces, in which the author reflects upon his childhood in Coney Island and the novel which shaped everything that was written after it.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt The Pat Hobby Stories are a collection of 17 short stories written by F. Scott Fitzgerald, first published by Arnold Gingrich of *Esquire* magazine between January 1940 and May 1941, and later collected in one volume in 1962. The last installments in *Esquire* of The Pat Hobby Stories were published posthumously; Fitzgerald had died in 1940. Pat Hobby is a down-and-out screenwriter in Hollywood, once successful as "a good man for structure" during the silent age of cinema, but now reduced to an alcoholic hack hanging around the studio lot. Most stories find him broke and engaged in some ploy for money or a much-desired screen credit, but his antics usually backfire and end in further humiliation. Drawing on his own experiences as a writer in Hollywood, Fitzgerald portrays Pat Hobby with self-mocking humor and nostalgia.

Hal Wallis might not be as well known as David O. Selznick or Samuel Goldwyn, but the films he produced -- Casablanca, Jezebel, Now Voyager, The Life of Emile Zola, Becket, True Grit, and many other classics (as well as scores of Elvis movies) -- have certainly endured. As producer of numerous films, Wallis made an indelible mark on the course of America's film industry, but his contributions are often overlooked and no full-length study has yet assessed his incredible career. A former office boy and salesman, Wallis first engaged with the business of film as the manager of a Los Angeles movie theater in 1922. He attracted the notice of the Warner brothers, who hired him as a publicity assistant. Within three months he was director of the department, and appointments to studio manager and production executive quickly followed. Wallis went on to oversee dozens of productions and formed his own production company in 1944. Bernard F. Dick draws on numerous sources such as Wallis's personal production files and exclusive interviews with many of his contemporaries to finally tell the full story of his illustrious career. Dick combines his knowledge of behind-the-scenes Hollywood with fascinating anecdotes to create a portrait of one of Hollywood's early power players.

In this classic collection of 14 short stories, Fitzgerald evokes, with a mixture of nostalgia and ironic humor, his experiences growing up in the decade before World War II. The tales were originally written as two separate series for The Saturday Evening Post.

The early works of beloved poet Robert Frost, collected in one volume. The poetry of Robert Frost is praised for its realistic depiction of rural life in New England during the early twentieth century, as well as for its examination of social and philosophical issues. Through the use of American idiom and free verse, Frost produced many enduring poems that remain popular with modern readers. A Collection of Poems by Robert Frost contains all the poems from his first four published collections: A Boy's Will (1913), North of Boston (1914), Mountain Interval (1916), and New Hampshire (1923), including classics such as "The Road Not Taken," "Fire and Ice," and "Stopping by Woods on a Snowy Evening."

A provocative, unprecedented anthology featuring original short stories on what it means to be an American from thirty bestselling and award-winning authors with an introduction by Pulitzer Prize-winning author Viet Thanh Nguyen: "This chorus of brilliant voices articulating the shape and texture of contemporary America makes for necessary reading" (Lauren Groff, author of Fates and Furies). When Donald Trump claimed victory in the November 2016 election, the US literary and art world erupted in indignation. Many of America's preeminent writers and artists are stridently opposed to the administration's agenda and executive orders—and they're not about to go gentle into that good night. In this "masterful literary achievement" (Kurt Eichenwald, author of Conspiracy of Fools), more than thirty of the most acclaimed writers at work today consider the fundamental ideals of a free, just, and compassionate democracy through fiction in an anthology that "promises to be both a powerful tool in the fight to uphold our values and a tribute to the remarkable voices behind it" (Anthony D. Romero, executive director of the ACLU). With an introduction by Pulitzer Prize-winning author, Viet Thanh Nguyen, and edited by bestselling author Jonathan Santlofer, this powerful anthology includes original, striking art from fourteen of the country's most celebrated artists, cartoonists, and graphic novelists, including Art Spiegelman, Roz Chast, Marilyn Minter, and Eric Fischl. Transcendent, urgent, and ultimately hopeful, It Occurs to Me That I Am America takes back the narrative of what it means to be an American in the 21st century. The American naturalist's life and philosophy are revealed in a dramatic work which focuses on his symbolic act of civil disobedience in 1846.

This book offers an examination of the Roaring Twenties in the United States, focusing on the vibrant icon of the newly liberated woman—the flapper—that came to embody the Jazz Age. \* Primary documents allow readers to see how contemporaries viewed flappers, follow the trial of a famous comedian charged with a horrific crime, and read what proponents of Prohibition really thought about wicked liquor \* The glossary allows readers to enter into the spirit of the times, when people could express their delight using phrases such as "bee's knees," and "cat's meow"; pass along the word about illegal booze with colorful terms such as "hooch," "bathtub gin," and "bootleg"; and describe relentless dancers as "floorflushers," women using too much face makeup as "flour lovers," and pilots as "fly boys."

A stunning collection of short stories originally commissioned by The New York Times Magazine as the COVID-19 pandemic swept the world, from twenty-nine authors including Margaret Atwood, Tommy Orange, Edwidge Danticat, this year's National Book Award winner Charles Yu, and more. When reality is surreal, only fiction can make sense of it. In 1353, Giovanni Boccaccio wrote The Decameron: one hundred nested tales told by a group of young men and women passing the time at a villa outside Florence while waiting out the gruesome Black Death, a plague that killed more than 25 million people. Some of the stories are silly, some are bawdy, some are like fables. In March 2020, the editors of The New York Times Magazine created The Decameron Project, an anthology with a simple, time-spanning goal: to gather a collection of stories written as our current pandemic first swept the globe. How might new fiction from some of the finest writers working today help us memorialize and understand the unimaginable? And what could be learned about how this crisis will affect the art of fiction? These twenty-nine new stories, from authors including Margaret Atwood, Tommy Orange, Edwidge Danticat, Charles Yu, Rachel Kushner, Colm Toibin, and David Mitchell vary widely in texture and tone. Their work will be remembered as a historical tribute to a time and place unlike any other in our lifetimes, and will offer perspective and solace to the reader now and in a future where COVID-19 is, hopefully, just a memory.
