The social world can be a mystery, even to the most savvy among us. While social relationships are frequently a source of joy and satisfaction, they can be a source of frustration and confusion -- downright. What is someone to do if his entire social world is a mystery to him? How is a person supposed to proceed in life if she does not understand why others act the way they do, or how she is supposed to behave in order to fit in with others? While Diary of a Social Detective is first and foremost a detective/ mystery book for young readers, it also addresses these often unspoken questions and offers clear-cut, practical strategies for solving social mysteries. The book is unique in that it steps outside the usual box of social skills solutions and delivers insights, tools and solutions within an engaging storyline that kids can relate to. As a result, it has appeal not just for kids in need of social tools, but also for children ages 8+ who are simply in search of a good story. Diary of a Social Detective chronicles the work of young Johnny who, through his own struggles to fit in socially, has become a well-known social detective in his school, helping other kids solve their social mysteries. The book offers kids (and the people who care for them) practical strategies for dealing with some of the most common problems kids face in everyday social situations in a way that is fun and entertaining.

This unique and funny journal notebook makes the perfect gift. With a glossy, full-color soft cover this 6x9 108 lined pages paperback notebook is as practical as it is cute! It is sure to save all of those sweets moments that you NEVER want to forget.

This family cookbook morphed into much more for me during the writing process. It began by contacting friends and family to collect recipes for what I thought would be a simple process. During those conversations and with my own memories, a flood of personal history evolved in my mind. What began as a repository of food recipes became much more to me, and I decided to collect the process in the form of this book, The Diary of a Mad Chef, to also include photos of those people and selected short stories. Food has always been the center of our family's common narrative thread, and I attempted to place the face and the stories of my friends and family with the recipes as I remember them. Along with the feedback and photos from my friends and family, it became a two-year-long effort to compile, edit, and publish this book. The journey has been a magnificent experience for me, and I am grateful to have had the time and opportunity to write this book.

A great funny gifts all the new parents in the family. This cute dot grid Journal makes a perfect gift for a new parent mom or dad as a Christmas appreciation gift.
