When Charles Darwin published *The Origin of Species* in 1859, he forever altered the way people looked at their place in the world humans were just another animal species that evolved from more primitive life forms. After graduating college, Charles was hired as a naturalist aboard the HMS Beagle where he would collect the specimens he would use to make the case for biologic evolution through natural selection. By the time he returned to England in 1836 he was a celebrity, but it would be more than 20 years before he published his groundbreaking work. Darwin s theory ultimately helped Richard Owen solve the riddle of the enormous fossils found all over the world they were not dragon bones of lore, but the remnants of extinct species that once inhabited the earth. Darwin and the True Story of the Dinosaurs is a fast-paced, entertaining biography of the naturalist who changed humankind s understanding of its origins. In addition to its lively story, it includes 220 illustrations, a glossary, and sidebars covering related topics, from fossils to continental drift to medicine in the 19th century."

Dinosaurs eat, rest, roar, and march, making the earth flat.

And, once more, she hits the mark.

Wendolin Kramer, in arte Super Chica, è una donna che a trent'anni si crede un'eroina, vede la vita come un fumetto e

alla maniera di un novello Don Chisciotte, ci trascina nel suo mondo immaginario. Acrobazie linguistiche e architetture sonore compongono un'orchestra di personaggi strampalati: dalla scrittrice di romanzi rosa Vendolin Woolfin al detective gigolò Francis Dómino, a Roberta Glanton, editrice milionaria e senza scrupoli, a Erlinda la libraia lesbica, fino a Donatelo García lo psichiatra canino che insegue amori impossibili. Con questo romanzo psichedelico e innovativo - ispirato al mondo dei fumetti, ma anche a scrittori come John Fante e Kurt Vonnegut - l'autrice Laura Fernández ha letteralmente stregato la critica e i lettori spagnoli, inventando un'eroina (una super eroina) che si impone come un inno alla libertà e al candore.
