The Seven Laws of Discipleship: The Ultimate Guide for Spiritual Transformation gives voice to a collection of truths that shape the lives of disciples. The author, Patti Mauree Pendleton, following the lead of the Holy Spirit, has paired her own personal reflections with the seven laws of discipleship. These laws reveal that one's life reflects Christ, one's life is not one's own, God requires faith, the Christian life calls for forgiveness, Christian discipleship entails preparation, growing in one's relationship with Christ leads to discovering the secrets of the kingdom, and disciples surrender to the love of God. Towards the end of The Seven Laws of Discipleship the author shares a brief thought: "Reminder: it is said, new habits take 30 days to root--give yourself 30 days to get the good habit ingrained into your life!!" Her advice, reflecting her own experience that gave rise to the book's reflections, offers a way to make this book serve as an ultimate guide. In truth, reading The Seven Laws of Discipleship means taking action. Pick up your Bible, find a concordance, immerse yourself in the laws of discipleship, and then you will discover the path that leads you to spiritual transformation.

There are laws, rules, and facts so potent in the world, that they are capable to teach and decide everything everywhere. These are the Supreme, Natural, and Spiritual Laws of The Universe. The Natural and Spiritual Laws of The Universe are relatively easy to find, learn, and understand, since they are taught by most spiritual schools of thought. Will we also be able to find the Supreme Laws of The Universe? Because, since these are the main, first laws, they should remain at the base of every law and knowledge in the world, and therefore they should remain capable to define and express everything in the world, including your unanswered questions about yourself, about life, about the Universe, and about your own meaning and place in life and in the world. The meaning of this book is to find and understand these main natural, spiritual, and supreme Laws of The Universe, in order to discover and explain everything of importance in the world. Furthermore, these Supreme, Natural, and Spiritual Laws of The Universe help us distinguish between accurate facts and misleading beliefs, by matching them and by

studying the lines of causality and lifelines of existence containing and defining them. You must be familiar with the Laws of The Universe presented throughout schools of thought, and used in famous documentaries as “The Secret,” the documentary building on the famous Law of Attraction. There are seven Laws of The Universe, all successful people account for them always, methodically, since these help everybody succeed in life. If you understand these natural, spiritual, or supreme Laws of The Universe, they help you throughout life, indeed. In fact, there are twelve Laws of The Universe more precisely, or fourteen, depending on your school of thought, yet they include the same higher knowledge, as the Law of Attraction, the Law of Polarity, the Law of Vibration, and so on. These laws are over five thousand years old, and this is the case only because the age of all our written records stops at this particular number, for various reasons. Because if our records went further back in time, we found these Laws of The Universe mentioned everywhere. You may find the Laws of The Universe stated throughout old Egyptian, old Greek, and old Indian records, and I state them in the second chapter of this book. Because what we want throughout this book is to find the natural, supreme laws capable to describe the Universe the most, with you in it. The purpose of this book is to find and understand the Supreme, Natural, and Spiritual Laws of the Universe, in order to discover, explain, motivate, and understand everything of importance in the world. Furthermore, these Laws help us distinguish between valid facts and misleading beliefs, by matching them and by studying the lines of reasoning

and causality defining them.
