

Dragons Coloring Books

Our Baby Dragons coloring book takes you on a magical adventure of the cutest dragons and their sweet friends. Each page sets a stunning scene, from an underwater dragon discovering the sea bed to a baby dragon building a sandcastle on the beach. Brian Kesinger's charming collection of pen-and-ink dragon portraits obliterates winged-serpent stereotypes with its fun and fantastic portrayal of these magnificent creatures at their informal best. There are no cookie-cutter fantasy clichés to be found here... just candid studies of dozens of the world's most wonderful dragons with their individual personalities on display. An authentic and insightful glimpse into the little-known realities of being a dragon. The toned-paper sketchbook format of this handsome volume presents expertly drafted monochromatic drawings of the dragons along with their names and descriptions of their unique qualities. Characters like Fynlar the Daring, Gorüing the Skittish, and So'kee the Vegetarian will delight readers of all ages. The cover of Pinned Dragons features head-turning lenticular art that brings Brian Kesinger's sketch of Koga the flightless kite-flying dragon to life, and serves as a nod to his two decades as a contributing artist on some of the world's most famous animated motion pictures.

Dragons have figured prominently in the legends and folk tales of countless cultures. Thirty ready-to-color images of fire-breathing mythical creatures with batlike wings, scaly skin, and a barbed tail — among them a flying dragon with three heads; Quetzalcoatl, a legendary feather-covered serpent; the Leviathan, a sea monster of enormous proportions; the African amphisbaena, a beast with heads on both ends of its body; and a real dragon, the Komodo, one of the world's largest living reptiles.
