Dragon hoards are supposed to be a beacon of unity, but Sophia isn't so sure of that as her

hoard seems out to kill each other... When Sophia and her men arrive at the dragon town, the night is young, as fate seems keen to point out. First, she kisses one of her guys, and almost gets him killed by one of the others. It won't be the last time someone attempts that... Second, she hopes to get them all on the same page as she reveals that all four men are part of her hoard, her fated mates. That went over well... Third, she finds a little dragon in the streets, hungry, tired, alone. An orphan. Just like her. Returning home brings back many memories for Sophia, good and bad ones. But it also means she has to confront other things from her past, like the people she left behind, old friendships, old pain. Can she keep her head cool as the leader of their rebuilding mission, while caring for a young orphaned dragon and regaining the trust of old friends? This is the third novella in the Guarding Their Dragon Mate serial, a six episodes long reverse harem #WhyChoose story. This novella may include any of these elements: steamy scenes, 'I need tissues NOW' moments, cries of 'why, oh, why' and cliffhangers that make you bite your nails (and curse the author). This story takes place in the same world as the Lughnasadh Elite Academy and happens after the events from the other series. Both series can be read stand-alone, they are about different characters, but they are connected.

Not only that, but as they're breaking free, they spot Litha's grandma being dragged along by the soldiers and Litha sacrifices herself to save the woman. That's just the beginning of some very tense days as Bane and Rune don't get out of the struggle unharmed, their lives

now in grave danger. The fae soldiers were using weapons coated in a venom that slowly eats away at their flesh, and the six now have to work against the clock to find an antidote for it, or risk losing their werewolf and dragon lovers. Meanwhile, Litha's parents come out of hiding, bringing with them new information about the prophecy. Information that makes clear that the prophecy has accidentally, or willfully, been misinterpreted for over eighteen years. Not to mention, a surprise visit from Bane's uncle, the werewolf king, and Kit's mother, the succubus queen, like life wasn't complicated enough already... This is a collection of the second set of three novellas, Legacy, Sorcery and Bravery in the Lughnasadh Elite Academy serial, a reverse harem #WhyChoose story. These novellas may include any of the following elements: steamy scenes, 'I need tissues NOW' moments, cries of 'why, oh, why' and cliffhangers that make you bite your nails (and curse the author). Just when Sophia thinks she's got a handle on things going on in the dragon town, her whole world is rocked, quite literally. While Sophia, Gale and Topaz 'get to know' each other more intimately, things at the school they're camping out at have taken a turn for the worse. A group of dragon rebels were supposed to arrive today, but they never did, making everyone worry that they might have been caught by the deserter fae soldiers roaming the area. As Sophia makes it back to the school, she finds out that the parents of Gaia, the little earth dragon orphan, went missing last full moon and it's another full moon tonight... Then more bad news reaches her, another two sets of parents have gone missing... Sophia and her men try everything in their power to find out why earth dragons are going missing, what's happening to them. Why can Gaia still sense her parents when they're not there? And what does a magically locked room at the local library have anything to do with it? This is the fourth novella in the Guarding Their Dragon Mate serial, a six episodes long reverse harem #WhyChoose story. This novella may include any of these elements: steamy scenes, 'I need tissues NOW' moments, cries of 'why, oh, why' and cliffhangers that make you bite your nails (and curse the author). happens after the events from the other series. Both series can be read stand-alone, they are about different characters, but they are connected.

Sophia's family turns out to be even more... complicated, than she originally knew. When Sophia and her men finally make it into the magically locked room in the library, the room that has as far as they know been closed off for decades, they not only find out how long Sophia's father's side of the family has been in the area, but that they've secretly been doing research for the fae the whole time. The five's nosing around in the room triggered some alarm and Sophia's half-sister shows up to check out what's going on. Her half-sister, who Sophia had no idea existed and who has a fae mother... Things should have become easier now that Sophia and the others have found her family's research in the library and can use it to their advantage, but more than answers, it throws up questions for Sophia. Questions about her father, about who she really is, who the rest of her family are and what they've done to the people from the town where she grew up. Most of all, it throws up questions for her about what it means to be a half-dragon, now that the connection she felt with her witch side of the family has gotten so tainted. This is the fifth novella in the Guarding Their Dragon Mate serial, a six episodes long reverse harem #WhyChoose story. This novella may include any of these elements: steamy scenes, 'I need tissues NOW' moments, cries of 'why, oh, why' and cliffhangers that make you bite your nails (and curse the author). This story takes place in the same world as the Lughnasadh Elite Academy and happens after the events from the other series. only cares about one thing: securing a powerful enough partner for a taxing ritual that will turn the tides of battle. But Fate hasn't made her task easy. Rather than show her who her fated mates are to be, the infuriating eternal entity she calls a father has made Numa the prize in a contest of the gods. Whoever wins the favor of Fate's last unmated daughter shall have her as a partner. Numa sees this as an opportunity to secure a lover strong enough to complete the ritual, but isn't prepared when all five contestants unexpectedly capture her heart. Love should not be a factor when her entire world is at risk, so Numa knows she must choose between them. What does an immortal dragon do when given an impossible choice? She takes them all.

How do you find your soul mate if you're born without a soul? Deva Rainsong was born with dragon fire in her veins, an ursa's generous heart, a turul's skill with song, and the carnal appetites of a nymph. What she wasn't born with was a soul. It's all she ever wanted, but the one thing she can never have. When Fate was handing out those precious things, it must have overlooked her, and a soul is required to unlock the dormant elemental powers within her. Not to mention the only thing that will ever give her a chance of finding the thing she truly desires: a soul mate. Not only has Fate forgotten her, it seems dead set on destroying the only part of her life that gives her purpose. An ancient bloodline of mixed-breed humans linked to Deva is being hunted by a pack of rogue fate hounds, and her link to the bloodline means she's the only one who can save them. She doesn't count on her quest taking her straight into the arms of a dragon, and she definitely isn't prepared for the futile desire he incites within her, or the frustrating passion his ursa friend draws out of her. She shouldn't want the pair so much, but when they both fall victim to the hounds, it may take nothing less than her love to save them.

Memphis as a child, just a girl with a difference, she is smart, cute, ambitious, but not evil. Until the fairy exam at the age of sixteen, sadness, loneliness, anger, betrayal.

Blythe Li is a wellspring—a vessel containing magic that can only be used by a magi. The only problem is, women aren't supposed to be wellsprings. In a world where powerful female magic workers rule, and vulnerable male wellsprings must follow the rigid social norms meant to keep their magic pure from corruption, Blythe doesn't fit in anywhere. She can't actually use magic, the way a woman should. Wellsprings can't own property and have very little in the way of basic rights. And Blythe has no hope of making a fortuitous match and becoming a magi's favored lover and pet, the way a male wellspring would. Instead, she's an embarrassment and burden to her parents, who already have a house full of normal boy wellsprings to marry off. Blythe's world is turned upside down when a commission for a clockwork dragon ends with a proposal she never could have imagined—and leaves her bonded to the future queen of the Imperial American States. But this is no Cinderella story. Blythe's future wife, Raina, is engaged in a quiet, deadly battle of politics and power with the current regent as she approaches her coming of age and her ascension to the throne. Blythe soon finds herself fighting alongside Raina for every freedom she's ever dared dream of, as they try to completely remake a kingdom. But will Raina's efforts to gather the support of a misfit court with the magic of only a pair of newly bonded wellsprings be enough to save them all from accusations of treason, murder, and all-out war? Clockwork Dragon is an "outside the box" romance of monarchy and mayhem. It is set against a rich steampunk regency backdrop in an alternate world where magic has influenced the development of technologies and nations, and where Regency and Victorian era gender norms are reversed. It features a clockwork dragon

guard dog, an irreverent and intimidating future queen, a metal-worker-turned-consort, and a poly relationship with a vessel of fire and air. Oh, and airships...plenty of airships. This story includes diverse characters and LGBTQIA elements, including lesbian, bisexual, and poly romance, as well as reversed and fluid gender norms. Author's Note: This isn't your usual reverse harem. It isn't your usual steampunk book. And these aren't your usual victorian/regency gender norms.... *99,000 words without any extra "fluff" at the end. *This book is not a serious historical book. It is a fantasy and liberties have been taken! *The initial/main romance in this book is F/F, however it later develops into a poly relationship with M/F, F/F, M/M, and M/F/F scenes. *There may be mentions of trauma, though this isn't explicit on the page stuff. *There is some mild-moderate violence. *No, I can't send you your own Sparrow. Sorry. *This book is intended to be a stand-alone story. Whether there are any more books in this world will depend entirely upon demand and the graces of the writer muse. filled with renegade fae soldiers, still loyal to the old fae king. Third problem? Or should that be her first problem? The team assigned to help her might be more of a distraction than an asset. One spoiled fire dragon who won't take orders from anyone. One broody air element witch carrying a lot of pain from his past. One soft-spoken werewolf with hidden strength. And one mysterious fae... Four very hot sources of trouble. Can she save her people, rebuild what was lost, and protect her heart all at the same time? This is the first novella in the Guarding Their Dragon Mate serial, a six episodes long reverse harem #WhyChoose story. This novella may include any of these elements: steamy scenes, 'I need tissues NOW' moments, cries of 'why, oh, why' and cliffhangers that make you bite your nails (and curse the author). This story takes place in the same world as the Lughnasadh Elite Academy and happens after the events from the other series. Both series can be read stand-alone, they are about different characters, but they are connected.
