

Drawing Cartoons Letter By Letter Create Fun Characters From A To Z Drawing Shape By Shape Series

Provides facts about different kinds of vehicles and step-by-step instructions for drawing cartoons of each one, including a submarine, a hot air balloon, and a race car.

Drawing Cartoons Letter by Letter Chris Hart Books

In the writing and illustrating of this book, the aim has been to produce a comprehensive and concise treatise of the art of caricaturing. It has been made as brief as is consistent with clearness and completeness. Although the text is brief, no illustrations were spared. The many plates illustrate all points necessary, and each of the points illustrated are explained in the text with reference to that particular illustration. Acting upon the assumption that it is easier to work if one's assignments are already made, Chapter XII has been made up of assignments and suggestions, which makes this book a complete course of caricaturing.

Ravensraig is a post WWII fictionalized memoir told from the perspective of Alasdair Marshall who is raising his son Ewan, by himself, after his wife's death. When Alasdair's father Alex is struck with Alzheimer's, Jean, Alex's wife admits him to a full-time care facility called Ravensraig which has a dark history as a lunatic asylum. The hospital becomes an ever present reminder to Alasdair of his father's deterioration. Jean is overwhelmed by the stress of Alzheimer's and the guilt of removing her husband from his home. Psychologically embattled, she begins to see the spirits of departed relatives. Finally, unable to cope and suffering from emphysema and osteoporosis, she moves to England to live with her daughter Margaret. Alasdair is compelled to examine his relationships with his father, mother and sisters by reliving childhood memories, good and bad. He remembers his family having to live in a cramped, three bedroom apartment with his grandparents, three uncles and an aunt. Clashing personalities and violent tempers are a constant threat to the calm of everyday life. However, Alasdair recalls happy times when the home was filled with laughter, humor and music. Although Ewan is upset that his grandpa doesn't remember him, he finds solace through the healing power of music. When he plays his bagpipes and his grandpa plays his accordion, they are reunited. Although Alzheimer's takes a terrible toll, ultimately it fails to destroy a family determined to reconcile the past with the present and overcome a troubled past.

This book will teach your child how to draw with the easiest approach possible...by using alphabet letters, numbers, and other simple shapes. Rachel has been teaching kids how to draw for almost ten years now, and this drawing technique really works! With this no-tears strategy, learning how to draw is fun for children as young as 4 years old, but also works for adults and teens. Cartooning is fun for kids, but even more fun when it comes easy to them. This book does just that...makes drawing fun and easy for kids. This book will turn your child into the artist that he or she wants to be. Each drawing lesson is a step by step process. Each tutorial is broken down into the simplest of steps that can be followed by most children. Your child doesn't need to know how to read or write letters to follow these drawing lessons. In fact, preschoolers, Kindergartners, First graders, etc. can enjoy this book. The only thing your child needs is time and interest. You can also use this as a drawing workbook as the child can draw along in the book. Have fun drawing the day away!

Your kids will love learning how to draw cool stuff with the following easy-to-follow step by step illustrations and tutorials. This is the second book by this name, continuing to teach you how to draw cool stuff, letters, and optical illusions. The simple steps in this drawing book will show you and your kids how to draw optical illusions, 3-dimensional letters that pop out of the page, 3d cartooning effects, and cool things that will blow your mind. Each easy art lesson starts with easy geometric shapes that will help you and your child build the basic structure of your drawing. If your child has loved our other cartooning books, he or she will want to take their drawing skills to the next level with these super cool drawing tricks, tips, and optical illusions. This book is for older children, teens, students, teachers, parents, and adults. You are never too old to learn how to draw. These cool drawing tricks will follow you wherever you go in life. Kids will enjoy learning how to make 3-dimensional art, letters and stuff that that pop out of the page, and so will their parents. This book is filled with cool stuff to draw - I hope you think so too! Each "Cool Stuff / Things" drawing lesson is a step by step process. Each tutorial is broken down into the simplest of steps that can be followed by older children & teens. Kids, teenagers, students, teachers, and adults can enjoy this book...it isn't just for children. The only thing your child needs is time and interest. Let the Cool drawing and doodling start now and let the creativity flow! This book is part of the Drawing for Kids series of books!

Provides information about various types of rodents and step-by-step instructions for drawing them.

Facsimile of the original 1929 book. From the original 1929 promotion, Robert Ripley describes the land where rain has fallen for a million years; here he talks with you about the Ever-Standing Men and the Upside-Down Men of Benares. Sport enthusiasts will prick up their ears at the queer tales told by the man who it is said can answer more questions on sports than any other living man. All these stores, all these marvelous adventuring into the countries of the fantastically true are lavishly illustrated with a multitude of those vivid cartoons which are followed eagerly every night in the New York Evening Post and more than 100 other newspapers. You will find your old favorites-and some new puzzlers which Mr. Ripley has uncorked now for the first time. Believe It Or Not this volume contains a thousand new things under the sun!

Generously illustrated, user-friendly guide by popular illustrator presents abundance of valuable pointers for both beginners and experienced cartoonists: pen and brush handling; coloring and patterns; more.

The Washington Post "10 Best Graphic Novels of the Year" New York magazine "The Year's Most Giftable Coffee-Table Books" Newsday "Best Fall Books" The Verge "10 Best Comics of the Year"

Oklahoman "Best Graphic Novels of the Year" Winner of the New York City Book Award From the #1 NYT bestselling author of Can't We Talk About Something More Pleasant?, Roz Chast, an "absolutely laugh-out-loud hysterical" (AP) illustrated ode/guide/thank-you to Manhattan. New Yorker cartoonist and NYT bestselling author Roz Chast, native Brooklynite-turned-suburban commuter deemed the quintessential New Yorker, has always been intensely alive to the glorious spectacle that is Manhattan--the daily clash of sidewalk racers and dawdlers, the fascinating range of dress codes, and the priceless, nutty outbursts of souls from all walks of life. For Chast, adjusting to life outside the city was surreal (you can own trees!? you have to drive!?), but she recognized that the reverse was true for her kids. On trips into town, they would marvel at the strange visual world of Manhattan--its blackened sidewalk gum wads, "those West Side Story--things" (fire escapes)--its crazily honeycombed systems and grids. Told through Chast's singularly zany, laugh-out-loud, touching, and true cartoons, Going into Town is part New York stories (the "overheard and overseen" of the island borough), part personal and practical guide to walking, talking, renting, and venting--an irresistible, one-of-a-kind love letter to the city.

???????,??????-??-???(Theodor Seuss Geisel,1904~1991)

Instill a love of reading in special-education students and/or English Language Learners in grades K-2 using Get Ready, Read! This 240-page interactive resource systematically breaks down phonics and reduces the pace to help struggling readers comprehend first words. It covers more than 150 word families, and each chapter includes phonogram lists, clip art, word cards, and phonemic-awareness and decoding activities. Circle-time lessons introduce small groups of words with exercises, songs, games, and learning aids. Activities and games provide follow-up practice. The book supports NAEYC and NCTE standards.
