By drinking a secret drug he has created, a kind and well-respected doctor can turn himself into a murderous madman.

"Mismatched Women tells the history of sound machines through singers whose bodies and voices do not match. Jennifer Fleeger explores this phenomenon, moving from the fictional Trilby to the real-life Youtube star Susan Boyle, and demonstrating along the way that singers with voices that do not match their bodies are essential to the success of technologies for preserving and sharing music"--

Discover the lessons that helped bring about a new golden age of Disney animation! Published for the first time ever, Drawn to Life is a two volume collection of the legendary lectures from long-time Disney animator Walt Stanchfield. For over twenty years, Walt helped breathe life into the new golden age of animation with these teachings at the Walt Disney Animation Studios and influenced such talented artists as Tim Burton, Brad Bird, Glen Keane, and John Lasseter. These writings represent the quintessential refresher for fine artists and film professionals, and it is a vital tutorial for students who are now poised to be part of another new generation in the art form. Written by Walt Stanchfield (1919-2000), who began work for the Walt Disney Studios in the 1950s. His work can be seen in films like Sleeping Beauty, The Jungle Book, 101 Dalmatians, and Peter Pan. Edited by Academy Award®-nominated producer Don Hahn, who has produced such classic Disney films as Beauty and the Beast and The Lion King.

Chinese edition of Jimmy Corrigan: The Smartest Kid on Earth. In Traditional Chinese. Distributed by Tsai Fong Books, Inc.

Ed Hooks' indispensable acting guidebook for animators has been fully updated and improved! Hooks uses basic acting theory to explain everything from character movement and facial expressions to interaction and scene construction. Just as acting on film and on stage are very different disciplines, so is the use of acting theory in creating an animated character, scene or story. Acting for Animators is full of essential craft tips from an acting master. New to this Routledge edition: - scene-by-scene analyses of six films, including Up, Coraline and Kung Fu Panda - an expanded chapter on video game animation - all-new illustrations - a 500 word history of acting

Animated Performance guides you through the process of bringing animated characters to life. Nancy Beiman demonstrates how animated characters need not be constrained by the limitations that restrict human actors and shows how species, weight and design affect character actions.

Modern websites use a variety of animated effects not only to improve usability but also to delight and surprise users. Some of these effects require complex scripting or programming skills, but many are within the grasp of designers who are already familiar with CSS and HTML. CSS Animations and Transitions for the Modern Web shows designers how to add movement to web pages over time using CSS3 style definitions. Author Steven Bradley begins as simply as possible and uses elementary skills as the basis for more

advanced techniques. Conceptual explanation is combined with specific examples to give designers a solid foundation in the art of creating dynamic and appealing websites. Steven's examples are posted at peachpit.com so readers can see the animations in action and download the code files for further study. Instructions for access are in the "Getting Started" section. With CSS Animations and Transitions for the Modern Web, you'll learn how to make your websites more vibrant and compelling with user interfaces that are functional, reliable, and usable, as well as beautiful. Up-to-date information on current browser support for CSS animations and transitions An introduction to manipulating web page objects in both 2D and 3D space Techniques for creating smooth transitions between object states An overview of Disney's principles for creating realistic animation and how they apply to web page designs

Discover the lessons that helped bring about a new golden age of Disney animation! Published for the first time ever, Drawn to Life is a two volume collection of the legendary lectures from long-time Disney animator Walt Stanchfield. "While riding the subway home from the pool with his abuela one day, Julián notices three women spectacularly dressed up. Their hair billows in brilliant hues, their dresses end in fishtails, and their joy fills the train car. When Julián gets home, daydreaming of the magic he's seen, all he can think about is dressing up just like the ladies in his own fabulous mermaid costume: a butter-yellow curtain for his tail, the fronds of a potted fern for his headdress. But what will Abuela think about the mess he makes -- and even more importantly, what will she think about how Julián sees himself?"--

In 1943, during the German occupation of Denmark, ten-year-old Annemarie learns how to be brave and courageous when she helps shelter her Jewish friend

Lectures Volume 1
from the Nazis.

You have a useful library of books covering the tools, techniques and aesthetics of animation, but you've been asked to put your production and creative skills to the test to produce a theatrical feature film or to deliver 52 episodes of a television series with only 18 months in the schedule. Producing Animation is your answer. Written by Catherine Winder and Zahra Dowlatabadi and edited by Tracey Miller-Zarneke, Producing Animation is a comprehensive guide to the production industry. Already a relied upon resource by professionals and students alike, this book covers the process from script to screen while defining the role of the producer at each phase.

The second edition features new content such as sidebars on key topics from industry experts, discussions on CG, 2D and stereoscopic production processes, and an overview on marketing and distributing your project. The companion website provides access to sample tables, templates and workflow outlines for CG and 2D animation production.

First published in 2011. Routledge is an imprint of Taylor & Francis, an informa company.
