Early in his life, John Walsh made a commitment that he would do whatever the Lord told him to do, even if he didn't understand why. This commitment provided a foundation for his life. He has followed God's direction from the heartland of America to a bustling market in Cambodia, from a bus in Jerusalem to a water taxi in Bangkok. John doesn't seek God's direction in every decision he makes, but he has found that God steps in whenever he needs to change course. This book tells about a few times when God interfered with John's plans. This usually brought about a battle of wills between a man and the master of his destiny. The stories of these struggles are written in a casual, authentic voice that invites you to pour a cup of coffee and join John on the front porch. He will touch your heart with his hard-earned insights and delight you with his adventures around the world.

This book is a mosaic of short stories told from many points of view that weave a larger tale about the fundamental connection between good and evil. The stories account the brotherly comradeship of Michael the Archangel and Lucifer prior to and despite Lucifer's demise from the most perfect good to the most perfect evil. Once evil takes residence, the once creative rivalry between the two diverges into their covert use of human beings to harvest the souls of Earth. Since in this complex stealthy war there are multiple sides to every story, each chapter houses accounts from the supernatural point of view and the "day-in-the-life" point of view of human beings. Anyone that faces the trials and tribulations of today's world understands how quickly good can bleed into evil or evil into good. This is a story about how we as human beings can be manipulated between the two by unseen forces.

The village of Old Mines is the oldest settlement in the state of Missouri. Lead miners were in Old Mines as early as 1719. The founding of Old Mines in 1723 coincides with the land grant awarded to Philippe Francois Renault by French authorities on June 26, 1723, to mine lead. Thus, the oldest village in Missouri began as a mining town. In 2023, the village marks three hundred years of the French in Old Mines. This book narrates the history of people in remote Louisiana and how they have kept alive a French heritage of culture and customs. The history of Old Mines is tightly bound to the Catholic faith the French settlers brought with them, the parish they founded, and the church, schools, rectories, and convents they built. The decade of the 2020s is filled with over twenty anniversaries to be marked and celebrated in the oldest mining town in Missouri, itself marking its Bicentennial in 2021. This is not a scholarly writing of history; it is a thirty-chapter narrative, grounded in research, of the continual presence of the French in Old Mines for three hundred years.

This book contains many stories about my life, from when I was born at home near Girard, Texas, to the present time. Almost everyone around Girard, including my family, was very poor when I was born and many years thereafter. It was not easy growing up in the late 1930s, 1940s, and early to the middle 1950s. It is also about my family, schoolmates, friends, army reserve time, and coworkers. After graduating from high school, moving to Lubbock, and getting my first job (not counting pulling and hoeing cotton, which I did from when I was about eleven or twelve years old until graduation), things improved considerably for me.! My life has had numerous ups and downs, but thankfully, mostly ups! Overall, I have had a wonderful life! This book also

contains numerous, which I consider to be funny, stories and thoughts. I hope the humor improves the lives of everyone who reads it!
