The National Bestseller "Focused and persuasive... Bray's book is many things: the first English-language transnational history of antifa, a how-to for would-be activists, and a record of advice from anti-Fascist organizers past and present."—THE NEW YORKER "Insurgent activist movements need spokesmen, intellectuals and apologists, and for the moment Mark Bray is filling in as all three... The book's most enlightening contribution is on the history of anti-fascist efforts over the past century, but its most relevant for today is its justification for stifling speech and clobbering white supremacists."—Carlos Lozada, THE WASHINGTON POST "[Bray's] analysis is methodical, and clearly informed by both his historical training and 15 years of organizing, which included Occupy Wall Street…Antifa: The Anti-Fascist Handbook couldn't have emerged at a more opportune time. Bray's arguments are incisive and cohesive, and his consistent refusal to back down from principle makes the book a crucial intervention in our political moment."—SAN FRANCISCO CHRONICLE In the wake of tragic events in Charlottesville, VA, and Donald Trump's initial refusal to denounce the white nationalists behind it all, the "antifa" opposition movement is suddenly appearing everywhere. But what is it, precisely? And where did it come from? As long as there has been fascism, there has been anti-fascism — also known as "antifa." Born out of resistance to Mussolini and Hitler in Europe during the 1920s and '30s, the antifa movement has suddenly burst into the headlines amidst opposition to the Trump administration and the alt-right. They could be seen in news reports, often clad all in black with balaclavas covering their faces, demonstrating at the presidential inauguration, and on California college campuses protesting far-right speakers, and most recently, on the streets of Charlottesville, VA, protecting, among others, a group of ministers including Cornel West from neo-Nazi violence. (West would later tell reporters, "The anti-fascists saved our lives.") Simply, antifa aims to deny fascists the opportunity to promote their oppressive politics, and to protect tolerant communities from acts of violence promulgated by fascists. Critics say shutting down political adversaries is anti-democratic; antifa adherents argue that the horrors of fascism must never be allowed the slightest chance to triumph again. In a smart and gripping investigation, historian and former Occupy Wall Street organizer Mark Bray provides a detailed survey of the full history of anti-fascism from its origins to the present day — the first transnational history of postwar anti-fascism in English. Based on interviews with anti-fascists from around the world, Antifa details the tactics of the movement and the philosophy behind it, offering insight into the growing but little-understood resistance fighting back against fascism in all its guises.

„Online-Verkauf" ist deine schrittweise Anleitung zum E-Commerce-Erfolg. Dieses Buch stellt dir die großen vier Online-Plattformen vor: eBay, Amazon, Fiverr und Etsy. Möchtest du lernen, wie man online verkauft? Der Autor, Nick Vulich, hat in den letzten vierzehn Jahren über 29.000 Transaktionen auf eBay abgeschlossen. Er kennt alle Details des Verkaufs auf eBay, Amazon und Fiverr in- und auswendig und bietet dir an, dich bei der Hand zu nehmen und durch den Verkaufsprozess zu führen. Bist du neu beim E-Commerce? Schlägst du dich gerade mit dem Versuch herum, zu entscheiden, wie du loslegen kannst? Nur keine Panik. Dieses Buch wird dich durch alles führen, was du wissen musst, um noch heute mit dem Online-Verkauf zu beginnen. Jeder träumt davon, online Geld zu verdienen. Wer hätte nicht gerne einen Job, bei dem man zu Hause im Schlafanzug oder in Unterwäsche arbeiten kann? Einen Job, wo du keinen Chef hast, der dir auf die Nerven geht und dir sagt, was, wie oder wann du etwas zu tun hast? Online-Verkauf kann all das und vieles mehr sein. Entgegen der weitverbreiteten Meinung ist es aber nicht so einfach. Du wirst zwar keinen Chef haben, der dich nervt und dir sagt, was du zu tun hast, aber du wirst härter arbeiten müssen als du es jemals in deiner normalen Arbeit getan hast. Du wirst knapp bei Kasse sein, besonders am Anfang. Nur weil du beschließt, deine Waren auf eBay, Amazon oder irgendeiner anderen Webseite anzupreisen, bedeutet das noch lange nicht, dass Käufer wie durch Zauberhand zu deinen Artikeln strömen und dich mit Geld überhäufen werden. Wie alles andere braucht ein erfolgreicher Verkauf von Produkten oder Dienstleistungen online seine Zeit. Jeder kann online Artikel auflisten und ein paar schnelle Verkäufe erzielen. Um jedoch ein erfolgreicher Online-Verkäufer zu sein, muss man diesen Prozess tagtäglich und Monat für Monat wiederholen.
