special focus on common pitfalls such as how to show correct workings. -Access answers at the back of the book, with detailed step-by-step worked solutions for ALL questions available for free online.

Developed for the EDEXCEL specification, this course provides thorough preparation for GCSE success with an enjoyable and motivating approach. Now revised for the new National Curriculum and the new GCSE specifications. Detailed support and guidance are contained in the Teacher Files on advanced planning, points of emphasis, key-words, notes for the non-specialist, useful supplementary ideas and homework sheets. Summary and test yourself questions are also included.

The most popular series for GCSE has been updated to offer comprehensive coverage of the revised GCSE specifications. Physics for You, has been updated in-line with the revised National Curriculum requirements.

Planned, developed and written by practising classroom teachers with a wide variety of experience in schools, this maths course has been designed to be enjoyable and motivating for pupils and teachers. The course is open and accessible to pupils of all abilities and backgrounds, and is differentiated to provide material which is appropriate for all pupils. It provides spiral coverage of the curriculum which involves regular revisiting of key concepts to promote familiarity through practice. This book, designed for the higher level of the GCSE, adheres to the Edexcel specification.

This title covers Edexcel's GCSE ICT specification. It is designed in double-page spreads, clearly set out and written in a style and language appropriate for students at this level. Each

spread covers a whole topic, providing just the right amount of information to hold students' attention.

Traditional Chinese edition of the Nobel Prize laureate John Steinbeck's classic *Of Mice And Men*. In Traditional Chinese. Annotation copyright Tsai Fong Books, Inc. Distributed by Tsai Fong Books, Inc.

Used alongside the textbook *Engineering GCSE*, this pack offers a complete course for the new GCSE syllabuses from Edexcel and OCR, providing all the resources needed by a busy teacher or lecturer as well as a student-centred learning programme that will enable students to gain the skills, knowledge and understanding they require. The photocopiable materials in this pack include: \* Background to running a GCSE Engineering course \* Worksheets to support and develop work in the textbook \* Assignments, practicals and design briefs \* Reference material and revision sheets for use as handouts This pack builds on the success of Mike Tooley's GNVQ materials, which have helped thousands of students to gain their first engineering qualification. Mike Tooley is Vice Principal at Brooklands College, Surrey, and author of many engineering and electronics books.

*How to Achieve 100% in a GCSE - Guide to GCSE Exam and Revision Technique* Written by a teenager for teenagers, this simple guide guarantees

success in your GCSE's. Having achieved 10 A\* grades (4 with a score of 100%), the author shares practical tips on exam and revision technique, including specific subject advice. The book is written with the belief that everyone has the potential to achieve 100% in a GCSE."What a fantastic book! A truly great idea. I wish the book had been around years ago when I was doing my O and A levels. Rob makes some excellent points and the book is full of good sense." - Lorna Read, Editor, Writing Ltd
