

Effective English Learning Unit 6 Vocabulary

Here is a typical classroom scenario: out of the thirty children, two-thirds speak a different language at home and only speak English at school. Even though many pupils' English skills are almost non-existent, teachers are expected to provide the national curriculum for every child in the class. Teaching Children English as an Additional Language solves this problem with a ten-week teaching programme of units and lesson activities for children aged seven–eleven (Key Stage 2) new to English. It will help these children learn some very basic English sentences, questions and vocabulary, to get them through regular day-to-day routines more easily. By offering a flexible step by step approach this book helps EAL teachers to: identify learners' individual needs teach grammar and vocabulary support teaching through speaking and listening assess pupils to inform future planning The programme also contains emergency lessons to support learners in the first three days, cross curricular links, ways of using a home-school learning book and an opportunity for the child to make a booklet about themselves. It fosters the child's home language, incorporates different learning styles as well as including a wealth of carefully tailored, themed resources. The programme is complete with activities, resources and assessment materials and helpful tips on how to develop a successful EAL department.

Teaching English Language Learners: Content and Language in Middle and Secondary Mainstream Classrooms is a user-friendly guide for planning, implementing, and assessing high-level, content-area instruction for English Language Learners. Starting with an overview of second language acquisition and the cultural variables that impact teaching and learning, this text goes on to detail planning strategies, units and lessons in the subject areas where it is most difficult to shelter content and scaffold language skills: middle and secondary Math, English Language Arts, History, and Science. Teaching English Language Learners will leave preservice teachers with a foundational understanding of how to purposefully structure, build, and present effective lessons for English Language Learners in these mainstream, content-area courses.

These New editions of the successful, highly-illustrated study/revision guides have been fully updated to meet the latest specification changes. Written by experienced examiners, they contain in-depth coverage of the key information plus hints, tips and guidance about how to achieve top grades in the A2 exams.

This is a fun and user–friendly way to learn English English Made Easy is a breakthrough in English language learning—imaginatively exploiting how pictures and text can work together to create understanding and help learners learn more productively. It gives beginner English learners easy access to the vocabulary, grammar and functions of English as it is actually used in a comprehensive range of social situations. Self–guided students and classroom learners alike will be delighted by the way they are helped to progress easily from one unit to the next, using a combination of pictures and text to discover for themselves how English works. The pictorial method used in this book is based on a thorough understanding of language structure and how language is successfully learned. The authors are experienced English language teachers with strong backgrounds in language analysis and language learning. English Made Easy, Volume 2 consists of a total of 20 units arranged in groups of five. The first four units presents language and provide learners the opportunities to practice as they learn. The first page of each unit has a list of all the words and phrases to be learned in that unit, together with pronunciation guide. At the end of each unit, an interesting story which uses the language that has just been learned is presented. The fifth unit in each group contains exercises designed to reinforce the language learned in the first four units.

A complete course in English for Academic Purposes at intermediate level upwards.

This book presents research in business discourse and offers pedagogical approaches to teaching business discourse in both classroom and consultancy contexts that address the key issues of dealing with different types of learners, developing teaching materials and evaluation. Drawing on the authors' extensive experience of researching business discourse from a variety of different perspectives including pragmatics, discourse analysis, rhetoric, and language for specific purposes, it demonstrates how these approaches may be applied to teaching. Each chapter includes a list of additional readings, together with a number of practical tasks designed to help readers apply the materials presented. Case studies are used throughout the book to illustrate the concepts, thus equipping readers with a set of research tools to extend their own understanding of how language and communication operate in business contexts, as well introducing them to a variety of research-based ideas that can be translated easily into a classroom setting. The book is cross-cultural in scope as it includes perspectives from a range of different contexts. It represents a significant advance in current literature and will provide a valuable resource for students and scholars of applied linguistics, business communication, and business discourse, in addition to teachers of Business English.

The use of phones in the classroom is a controversial topic that receives a variety of reactions and can have political ramifications. In various school districts across different states, as well as in some countries, cell phone usage has been banned in the classroom to combat what administrators say is a distracted student population. However, research demonstrates that cell phones

supported by a rich media package anchored by TeachSource Video Cases, which bring text content to life in actual classroom situations. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Focuses on the essentials of grammar in ready-to-use worksheets. Provides flexible lessons appropriate for small-group or whole-class work. Features extensive teacher support including objectives, strategies, and answer key.

This second edition updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students.
