The Rosetta Stone is one of the most famous objects in the world, attracting millions of visitors to the British museum every year, and yet most people don't really know what it is. Discovered in a pile of rubble in 1799, this slab of stone proved to be the key to unlocking a lost language that baffled scholars for centuries. This brief guide was prepared for those inquiring about how to enter into Hieroglyphic studies on their own at home or in study groups. First of all you should know that there are a few institutions around the world which teach how to read the Hieroglyphic text but due to the nature of the study there are perhaps only a handful of people who can read fluently. It is possible for anyone with average intelligence to achieve a high level of proficiency in reading inscriptions on temples and artifacts; however, reading extensive texts is another issue entirely. Now he fearlessly answers the question of why intolerance, hatred, and genocide characterize our modern world. Why have the Abrahamic religions caused more human sacrifice than any other religious system in human history, and have people overlooked it? In this marvelous journey you will come to understand how destructive the Abrahamic religions are. This book will change your mind and life forever. Life, Prosperity, and Health!
