

End Game Will Robie Series Book 5

David Baldacci's remarkable detective Amos Decker--the man who can forget nothing--was first introduced in the sensational #1 New York Times bestseller *Memory Man*. Now Decker returns in a stunning new novel . . . *THE FIX* Amos Decker witnesses a murder just outside FBI headquarters. A man shoots a woman execution-style on a crowded sidewalk, then turns the gun on himself. Even with Decker's extraordinary powers of observation and deduction, the killing is baffling. Decker and his team can find absolutely no connection between the shooter--a family man with a successful consulting business--and his victim, a schoolteacher. Nor is there a hint of any possible motive for the attack. Enter Harper Brown. An agent of the Defense Intelligence Agency, she orders Decker to back off the case. The murder is part of an open DIA investigation, one so classified that Decker and his team aren't cleared for it. But they learn that the DIA believes solving the murder is now a matter of urgent national security. Critical information may have been leaked to a hostile government--or worse, an international terrorist group--and an attack may be imminent. Decker's never been one to follow the rules, especially with the stakes so high. Forced into an uneasy alliance with Agent Brown, Decker remains laser focused on only one goal: solving the case before it's too late.

FBI Agent Atlee Pine returns to her Georgia hometown to investigate her twin sister's abduction, only to encounter a serial killer in this #1 New York Times bestselling thriller. FBI Agent Atlee Pine's life was never the same after her twin sister Mercy was kidnapped--and likely killed--thirty years ago. After a lifetime of torturous uncertainty, Atlee's unresolved anger finally gets the better of her on the job, and she finds she has to deal with the demons of her past if she wants to remain with the FBI. Atlee and her assistant Carol Blum head back to Atlee's rural hometown in Georgia to see what they can uncover about the traumatic night Mercy was taken and Pine was almost killed. But soon after Atlee begins her investigation, a local woman is found ritualistically murdered, her face covered with a wedding veil--and the first killing is quickly followed by a second bizarre murder. Atlee is determined to continue her search for answers, but now she must also set her sights on finding a potential serial killer before another victim is claimed. But in a small town full of secrets--some of which could answer the questions that have plagued Atlee her entire life--digging deeper into the past could be more dangerous than she realizes . . .

Will Robie is the government's most professional, disciplined, and lethal assassin. He infiltrates the most hostile countries in the world, defeats our enemies' advanced security measures, and eliminates threats before they ever reach our shores. But now, his skills have left him. Sent overseas on a critical assignment, he fails, unable to pull the trigger. Absent his talents, Robie is a man without a mission, and without a purpose. To recover what he has lost, Robie must confront what he has tried to forget for over twenty years: his own past. *THE GUILTY* Will Robie escaped his small Gulf Coast hometown of Cantrell, Mississippi, after high school, severing all personal ties, and never looked back. Not once. Not until the unimaginable occurs. His father, Dan Robie, has been arrested and charged with murder. Father and son haven't spoken or seen each other since the day Robie left town. In that time, Dan Robie--a local attorney and pillar of the community--has been elected town judge. Despite this, most of Cantrell is aligned against Dan. His guilt is assumed. To make matters worse, Dan has refused to do anything to defend himself. When Robie tries to help, his father responds only with anger and defiance. Could Dan really be guilty? With the equally formidable Jessica Reel at his side, Robie ignores his father's wishes and begins his own desperate investigation into the case. But Robie is now a stranger to his hometown, an outsider, a man who has forsaken his past and his family. His attempts to save his father are met with distrust and skepticism . . . and violence. Unlike the missions Robie undertook in the service of his country, where his target was clearly defined, digging into his father's case only reveals more questions. Robie is drawn into the hidden underside of Cantrell, where he must face the unexpected and possibly deadly consequences of the long-ago choices made by father and son. And this time, there may be no escape for either of them.

Another eagerly awaited novel of thrilling suspense set in Washington's corridors of power from the incomparable David Baldacci, bestselling author of "The Simple Truth" and "Absolute Power," Danny Buchanan and Faith Lockhart are the greatest influence peddlers in Washington because they can do something no one else can: guarantee results. But when Buchanan's scheme is uncovered by Robert Thornhill, a zealous CIA chief, he is forced to spy on his clients and network of politicians to further Thornhill's grand plan. Separately, Lockhart goes to the FBI to tell all, and thus becomes a target of Thornhill's. As the FBI is unknowingly pitted against the CIA mastermind, and Buchanan and Lockhart think each is destroying the other, it's left to private investigator Lee Brennan, who's stumbled into this nightmare, to "save faith." And a lot more.

Detective Amos Decker discovers that a mistake he made as a rookie detective may have led to deadly consequences in this compelling *Memory Man* thriller by #1 New York Times bestselling author David Baldacci. Decker is visiting his hometown of Burlington, Ohio, when he's approached by a man named Meryl Hawkins. Hawkins is a convicted murderer. In fact, he's the very first killer Decker ever put behind bars. But he's innocent, he claims. Now suffering from terminal cancer, it's his dying wish that Decker clear his name. It's unthinkable. The case was open and shut, with rock solid forensic evidence. But when Hawkins turns up dead with a bullet in his head, even Decker begins to have doubts. Is it possible that he really did get it wrong, all those years ago? Decker's determined to uncover the truth, no matter the personal cost. But solving a case this cold may be impossible, especially when it becomes clear that someone doesn't want the old case reopened. Someone who is willing to kill to keep the truth buried, and hide a decades-old secret that may have devastating repercussions . . .

The Target is David Baldacci's blockbuster follow up to *The Hit*, the smash-hit bestseller featuring U.S. government assassin, Will Robie. Will Robie is a highly trained CIA assassin who is only matched in his ability to kill by his fellow agent, Jessica Reel. They are trusted by the US government to succeed when failure isn't an option. So when the President identifies an opportunity to take down a global menace there's only two people he has in mind for the clandestine mission. Their target is the dangerous and unpredictable leader of North Korea, but when things don't go to plan a fierce retaliation is set in motion. While Robie and Reel are stalked by a new adversary - sent to destroy the enemy at all costs - a deadly game of cat and mouse is triggered between the East and West. But who will be hunter and who will be hunted when the true target is revealed?

In this all-new short story from #1 New York Times bestselling author David Baldacci, worlds collide when government assassin Will Robie is caught in the crossfire with Oliver Stone and the Camel Club. Will Robie is closing in on his next target when he finds himself in the middle of a bank heist--and he's taken hostage alongside Oliver Stone. But is this just a simple bank job, or are the robbers after something even more valuable--and dangerous--than the cash in the vault? Available only as an ebook.

John Puller is a former war hero and now the best military investigator in the U.S. Army's Criminal Investigative Division. He is a loner with few possessions by preference, but he has an indomitable spirit and an unstoppable determination for finding the truth. His father was the most decorated U.S. Marine in history, but now resides in a nursing home far from his battlefield glory. Puller's older brother, also a military vet, is serving a life sentence in Leavenworth Penitentiary. Puller is called out to a remote, rural area far from any military outpost to investigate into the brutal murder of a family in their home. The dead husband was in the army and the wife worked for a Pentagon contractor. The local homicide detective, a woman with personal demons of her own, clashes with Puller over the investigation. What neither of them knows is what is waiting for them across the street from the murdered family's home. Absolutely nothing, and nobody, Puller's so far seen in this small town, are what they seem. He is truly one man against an overwhelming force.

When a convicted killer is saved by another man's confession, Amos Decker, now an FBI special task force detective, must find the truth in this "utterly absorbing" #1 New York Times bestseller (Associated Press). Convicted murderer Melvin Mars is counting down the last hours before his execution--for the violent killing of his parents twenty years earlier--when he's granted an unexpected reprieve. Another man has confessed to the crime. Amos Decker, newly hired on an FBI special task force, takes an interest in Mars's case after discovering the striking similarities to his own life: Both men were talented football players with promising careers cut short by tragedy. Both men's families were brutally murdered. And in both cases, another suspect came forward, years after the killing, to confess to the crime. A suspect who may or may not have been telling the truth. The confession has the potential to make Melvin Mars--guilty or not--a free man. Who wants Mars out of prison? And why now? But when a member of Decker's team disappears, it becomes clear that something much larger--and more sinister--than just one convicted criminal's life hangs in the balance. Decker will need all of his extraordinary brainpower to stop an innocent man from being executed.
