Energy runs through all of life linking us with other people, our homes and nature and the universe, but we don't really use it to our benefit. Understanding and directing our vital energy can give life more meaning and purpose and help with our health, relationships and mental wellbeing. The book is divided into four sections: - Body (including breathing, exercise and the energy of food) - Emotional (connecting to other people) - Environmental (how to cultivate a positive atmosphere at home and work and how to connect with the natural world) - Spiritual (using visualisation and ritual to connect to the ultimate energy source, how to manage the dark energy of judgement and depression, and finally, looking at death and where that energy goes). Energy healing treatments include reiki, chakra healing, acupressure and acupuncture, but with Jane's simple techniques, there's so much you can do at home to clear your energy paths and find harmony and joy in daily life.

The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic Awaken Healing Energy Through the Tao In 1983, Mantak Chia introduced the "Microcosmic Orbit" to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. Healing Light of the Tao presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the

higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality. The aura is a combination of the natural energy your mind, body, and soul emit. This electromagnetic field normally extends between three to six feet from your body. If your aura is very strong it can extend an even greater distance. On the other hand, if you've been through a lot of trauma and negativity in your life, your aura can become very weak, small, and filled with holes or rips. It can even develop a hard outer shell that prevents anything from entering or exiting your aura field. You Can Change Your Energy Field Many people believe that once you're born with a certain type of aura energy or color you're stuck with it for life. Or, that we have no control over the type of energy we give off. Nothing could be further from the truth! By learning to clear and heal your energy field then changing your aura color you can give off the type of vibrations you want others to feel from you while attracting positive people and opportunities. You'll be able to advance on both the material and spiritual planes much more quickly than you have been.

Energy runs through all of life and links us with other people, our homes and nature and with the universe and spirit. But we don't really use it to our benefit. Understanding and directing your vital energy can give life more meaning and purpose and help with your health, your relationships and your mental wellbeing. Divided into four topics: Body energy (including breathing, exercise and the energy of food); Emotional energy (connecting to other people and their energy); Environmental energy (how to cultivate a great atmosphere at home and at work and how to connect with the natural world and the seasons); and Spiritual Energy (using prayer, visualisation and ritual to connect to the ultimate energy source, looking at the dark energy of judgement and depression and how to manage it, and finally, looking at death and where that energy goes. Energy healing treatments include reiki, chakra healing, acupressure and acupuncture. But there's so much you can do yourself at home to clear your energy paths and find harmony and joy. Jane offers simple techniques and exercises to work with, from massage and breathing to tantra and Taoism, from Feng Shui to shamanism, this is an in-depth guide to energy and its secret power. After having been attuned and received the Elemental Light Beings (Healing Masters/Guides) in Level 1, now in Level 2 you will deepen your experience and your abilities using the Psychic Surgeons Light Beings to whom you will be attuned. The Psychic Surgeons are used when you want to work in more specific areas, as doing energetic operations. You will then work and combine the Elemental Healing Masters you received in Level 1 and the Psychic Surgeons Light Beings. The Energy Healing session is working more in depth focusing in the major and minor chakras as well as in specific areas. Carmel Sastre Puigcerver is a Psychic Chakra and Aura Energy Healer and Teacher & Reiki Master Practitioner in Notting Hill, London. He is also available online and in Denia, Valencia, Spain. He also uses the power of Spiritual Healing Beings who don't have a body or shape, but who were healers in another life. Once you are initiated to them you can call them and they will assist you during a Healing session or when you need to cleanse a place such as a room, a house or a business. He named this advanced method "ChakraAura(R) Technique". Carmel also provides face to face and Distant (Remote) Energy Healing sessions, as well as guiding you through a technique of Healing Meditations through visualisation. travel abilities via the energy body Time remains the most misunderstood and mystical dimension of our experience of life. We never seem to have enough time, yet often it seems to drag by too slowly. Enthralled with the possibility of time travel and time machines, we long for the future or regret our past and wish for a way to break out of the linear progression of time. Behind all of this time fascination and obsession is the human urge to manage our destiny and feel in control of our world. Yet the secret to escaping temporal bondage is inside each of us, a soul-given power to visit the past or future and travel through the present at the speed of light. Exploring the 7 secrets of time, Von Braschler reveals how to break free from the physical world and travel through time and space via the energy body. He examines time, timelessness, and time travel from the viewpoint of mystics, shamanic dreamwalkers, and scientists, including Helena Blavatsky, C. W. Leadbeater, Albert Einstein, and Julian Barbour, as well as Hindu spiritual science. Explaining how transcending the physical body offers new hope for the treatment of illness, emotional problems, and addictions, he offers step-by-step instructions and active, out-of-body exercises to develop your time travel abilities and explore the world of energy and spirit. Emphasizing the spiritual wholeness that comes from energy body work, he shows that by visiting the past and the future we can more fully live in the now.

Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in Healing Light of the Tao. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

In this book Dr Irina Webster reveals that energy is the root of body and mind. We all consist of and surround by an energy field. When energy flows through the body properly, you are in a state of health. When there is an energetic disturbance in the body, a disease state is created. Illnesses manifest in the body's energy field before they manifest in the physical body. And healing occurs in the energy field before it becomes apparent in the physical body. So, how can we heal ourselves and our life? You'll get the answers reading "The Secret Energy of Your Body. An Intuitive Guide to Healing, Health and Wellness." Dr Irina Webster is a medical doctor who is also an intuitive healer. She is the creator of Intuitive Healing Power – an educational program for health professionals and caregivers in regards to intuitive healing and medical intuition. Her on-line classes and seminars "How to Become an Intuitive Healer" are very popular amongst the health oriented community. The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

The phenomenon of energy is largely studied in the areas of both science and spirituality. Scholars, scientists, and engineers alike have attempted to understand energy as it relates to frequency and its effect on the body, mind, and spirit as well as various systems including corporations, society, and even the earth and her function as a sentient organism. Yet the average individual has little understanding of energy as it applies to his or her reality on a daily basis. The majority of the population goes through life with the belief that everything we see exists solely on a physical and tangible level when, in fact, it is mostly a perception. The Secret of Energy aims to demystify the concept of energy so the average person might understand the literal power in tapping into the various energies of the body, the environment and the collective energy of all of mankind. Understanding concepts such as the subconscious mind and how it communicates with us through intuition can help us achieve great things if only we recognize its existence and pay attention to its messages, which not only present themselves as physical or emotional feeling but which we also have the ability to read using our own bodies as the messenger. Learn about energy as a scientific concept and how many of its functions in science can be viewed in the spiritual world and spiritual sense such that we are able to utilize it fully to help us through the maze of emotions, struggles, and joys we call life.

The life force, also known as "spirit," is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.

An intense desire for physical sexual contact, just like any other intense and passionate desire, is potent creative energy seeking expression or outlet. That self-same creative potency projecting as tumultuous sex drive or sexual energy can become Intellectual energy, Money energy, Political energy, Professional energy, Sports energy, Spiritual energy, or whatever type of energy you need at any point in time. Indeed, the creative powers of sex transcend procreation. Unfortunately, many men being unaware unknowingly dissipate, and thus fail to avail themselves of the innate superlative powers of their abundant sex drive; and this is one primary cause of mediocrity. Sex, the carnal root of Man's generation, can be the source of his degeneration, yet holds the key to his regeneration. When properly harnessed, the primordial powers of sex and its creative essences that initiate all earthly existence can be used to achieve anything you want. This book tells you how.
