

excess, an incubator for the grasping and ambitious, a college seduced by the religion of success. What Harvard taught him was not what he had gone there to learn: he was immersed in the culture of America's ever-swelling ruling class--a culture of privilege, of ambition and entitlement, in which a network of elite schools are viewed by students, parents, administrators, and professors more as stepping-stones to high salaries and coveted social networks than as institutions of academic excellence.
