Another of Eric Clapton's stellar masterpieces of the album titled 'Layla and Other Assorted Songs'. Hailed as one of the greatest rock songs of all time. But as acoustic gigging musicians we are more interested in the 'unplugged' version, which essentially re-works the song for a solo musician. Oddly enough the unplugged version got just as much commercial recognition as ...

Saying Eric Clapton was a better guitarist is a pretty shakey premise. George played to the song in his recordings and often had to tone back due to Paul's insistence, from what I know Paul was a bit of a control freak which antagonized the others, of course John dd that a lot as well and was more well known for it. George was a heck of a lot more versatile than Eric on guitar than Eric ...

23/12/2021 · Eric Clapton and B.B. King's collaborative album felt like it was years in the making, and it was great that Clapton shared his platform with his idol (Clapton was a much bigger draw in 2000 than King was). But the album felt a bit polite. The title track, a cover of a John Hiatt song, was a hoot, and it holds up to both men's catalogs.
