This collection bundles Chris Walley's entire epic Lamb among the Stars series into one e-book for a great value! #1 The Shadow and Night In the first book in the epic Lamb among the Stars series, author Chris Walley weaves the worlds of science and the spirit, technology and supernatural into something unique in science fiction. Twelve thousand years into the future, the human race has spread across the galaxy to hundreds of terraformed worlds. The effects of the Fall have been diminished by the Great Intervention, and peace and contentment reign under the gentle rule of the Assembly. But suddenly, almost imperceptibly, things begin to change. On the remotest planet of Farholme, Forester Merral D'Avanos hears one simple . . . lie. Slowly a handful of men and women begin to realize that evil has returned and must be fought. What will this mean for a people to whom war and evil are ancient history? Thus begins the epic that has been described as "If C. S. Lewis and Tolkien had written Star Wars." The Shadow and Night was previously published in two volumes: The Shadow at Evening and The Power of the Night. #2 The Dark Foundations The Dark Foundations continues the epic story begun in The Shadow and Night. Far beyond the tranquility of the Assembly worlds, Nezhuala, Lord-Emperor of the Dominion, is preparing a merciless and crushing attack on Farholme as a prelude to an onslaught on the Assembly. Back on Farholme, Commander Merral D'Avanos recovers from his wounds after the battle at Fallambet where the intruders were destroyed. Yet even as Merral dreams of a return to peace, he receives a warning of imminent war on a massive scale he cannot ignore. Amid the urgent preparations for battle, Merral and his friends realize the inadequacy of their defenses. Then, with weeks to spare before the predicted eve of war, Merral receives an offer of assistance from the strangest of sources. But can it be trusted? As the wave of war finally crashes over Farholme, Merral must find the answer to other questions in the heat of battle: Can Farholme survive the growing internal strains? Who will pay the price for victory? Will his own weaknesses undo both him and his world? #3 The Infinite

Merral’s only hope is that he can get to the hostages before they’re taken to Lord-Emperor Nezhuala at the Blade of Night—the nexus of the Dominion’s power. But in order to get there, Merral and his crew will have to survive a perilous trip through Below Space. Meanwhile, news of the Dominion’s defeat at Farholme reaches Ancient Earth but is tempered by the sobering truth of the enemy’s growth and strength. Bold, brash, and full of ambition, George Brinton McClellan seemed destined for greatness when he assumed command of all the Union armies before he was 35. It was not to be. Ultimately deemed a failure on the battlefield by Abraham Lincoln, he was finally dismissed from command following the bloody battle of Antietam. To better understand this fascinating, however flawed, character, Ethan S. Rafuse considers the broad and complicated political climate of the earlier 19th century. Rather than blaming McClellan for the Union's military losses, Rafuse attempts to understand his political thinking as it affected his wartime strategy. As a result, Rafuse sheds light not only on McClellan's conduct on the battlefields of 1861-62 but also on United States politics and culture in the years leading up to the Civil War.

? This book focuses on the social and societal context of women's mental health. Drawing from multidisciplinary perspectives and scholarship, it pays particular attention to how women's mental health is experienced at the personal level, yet it is influenced by their relationships and interacts with the larger societal context (such as prevailing gender equality policies, income distribution, role burden, peace and security). Specific attention is given to the positive aspects of women's mental health (such as agency, resilience) and how women's personal relations across diverse domains (such as family, work, neighbourhoods) are constructed and influenced by, and in turn influence, broader societal structures/ policies/ opportunities. A unique feature of this book is that, at the end of each chapter, there is a Response section written by a non-academic such as a community member, practitioner or policy maker in which the invited authors respond to the chapter texts in the form of narrative, poetry, and/or prose, according to their various backgrounds, interests, and experiences.?

In the wake of their son's death, Kittel and her husband are overcome with grief—and they're still trying to make sense of their loss when, a mere nine months later, their family doctor makes a terrible mistake during Kittel's pregnancy and they are forced to bury a second child. And when they decide to press malpractice charges, things only get worse: they end up having to battle not only the medical system but also their own family in a court of law, all while raising their other three children and trying to heal from the pain of living through the deaths of two sons. Achingly raw and beautifully narrated, *Breathe* is a story of motherhood, death, family, and conflict—and, ultimately, how to embrace love, honesty, and joy even in the face of tragedy.

Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to

remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.

This is a new release of the original 1939 edition.

"...I am still your sibling, and I love you." *My Sibling Still* is written as a love letter from a sibling lost to miscarriage, stillbirth, or infant death to any surviving siblings. It walks through the emotions that a child and his or her family may experience following a loss while also depicting the loving presence of the deceased child in the family's life. With gentle words and comforting pictures, this book offers a beautiful way for the entire family to remember and honor any lost little ones. *My Sibling Still* is accessible whether the loss happened years ago or yesterday, whether a sibling was born at the time of the loss or came afterwards. Most of all, with an affirming message of hope through suffering, it reminds us that our relationships with the little ones who have gone before us continue after death.

When 86-year-old pianist and teacher Seymour Bernstein met Ethan Hawke, international film star, at a dinner party, the two quickly discovered they shared a common malady: stage fright. Based on his familiarity with nervousness prior to concerts, Seymour was able to provide Ethan with invaluable insight and advice. That was the beginning of a deep friendship. Renowned spiritual scholar and activist Andrew Harvey was a fellow dinner guest that auspicious night and contributed to the decision to create a documentary about Seymour exploring his unique combination of accomplished musician, teacher, and seasoned elder. The film, *Seymour: An Introduction*, directed by Ethan Hawke, has received enthusiastic critical acclaim. Seymour and Andrew's friendship has continued to thrive with a shared curiosity and appreciation for the intersection of life and art. The trusting conversations captured in this book meld memory with philosophy, and observations with reflections, dissolving the line between
