with the trauma of an abusive childhood and rapidly skidding towards a mental health crisis that would land her in a psychiatric ward. Coming Undone is Terri's story of her unravelling, and her precarious journey back from a life in pieces.

From the author of No Good Deed comes a true-crime shocker. On June 11, 1988, 27-year-old Janet Moore was stabbed to death in her San Diego apartment. After clues and leads went nowhere, her sad and tragic murder became a cold case. But detectives never gave up on her. Eighteen years later, thousands of miles away, a Daytona Beach police officer stopped Mark Elder for driving with an expired license plate. The officer found and confiscated a partially smoked marijuana cigarette. Aware of a rapist on the loose, the butt was examined for DNA and a match was made to a 2004 rape. Incredibly, the same DNA match turned up in San Diego—Moore's killer and the serial rapist were the same. Through exclusive interviews with detectives on the case and Elder himself, former police officer and reporter Tom Basinski not only exposes the mind and motives of an elusive killer, but explores the fascinating inner workings of the tireless, brilliant two-decade investigation that finally brought about justice.

The story of an Oregon woman convicted of shooting her three children, killing one, in 1983.

The bond between parent and child is the strongest natural connection imaginable. But in rare and shocking cases, that bond can be brutally broken. The Philpott family, 'baby P' and Jasmine Beckford are just three cases that have made a nation's blood run cold. But

what could possibly drive a parent to commit the cruellest crime of all - the killing of their own child. In *Parents Who Kill*, renowned crime expert Carol Anne Davis explores the motives behind an act which flies in the face of all reason and instinct. This timely study examines some of the most harrowing cases documented in recent legal history, ranging from tragic negligence to more culturally specific instances of religious honour killings for 'sexual deviancy'. Update to include analysis of the most recent case of Mick and Mairead Philpott, who killed six of their children after setting fire to their own home, Davis casts a forensically objective eye over powerful themes encompassing jealousy, insanity, greed and everything in between. But this is more than just a study in the macabre. David shows great compassion and insight to reveal the psychology behind disability, mercy killings and post-natal depression, whilst in a final conclusion she proposes solutions to these issues and potentially life-saving avenues of help. *Parents Who Kill* is the compendium for anyone seeking to answer the hardest question: 'What could possibly turn a parent into a killer?'. Carol Anne Davis writes with dangerous authority about the deadly everyday... You've got to read her.' - IAN RANKIN

MORE THAN 20 MILLION COPIES OF ANN RULE'S BOOKS IN PRINT! In this unnerving collection drawn from her personal crime files, "America's best true-crime writer" (Kirkus Reviews) Ann Rule brilliantly dissects the convoluted love affairs that all too often end in violence. Expertly analyzing a shocking, headline-making case,

Where To Download Evil Beside Her The True Story Of A Texas Womans Marriage To A Dangerous Psychopath

Rule unmasks the deadly motives inside a seemingly idyllic marriage: a beautiful young wife, a rising star in America's top-ranked computer corporation, and a prosperous husband, the scion of a family building business. With an adorable son and a gorgeous home, the couple seemed to have it all. But a furtive evil permeated their days and nights, dragging them into a murky world of drugs, sordid sex, and con operations. In this realm, one of them would prove to be a virtual innocent, the other a manipulator with no conscience. Sudden, violent death brought their charade of a fairy-tale romance to a tragic end -- with a brutal crime that might never have come to light were it not for the stubborn detectives and prosecutors whose fight for justice spanned an entire decade. Empty Promises recounts several other cases where the search for love brought only lies and betrayal -- a cautionary primer, perhaps, for those who trust too much too soon. Powerful because they strike so close to home, the cases in Empty Promises will leave readers shaken by the realities of love gone terribly -- and fatally -- wrong. It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

She married a doctor, moved to Olympia, Washington, and began a new life. For years, Mechele's suburban friends never suspected a thing. Based on a true story, this edition of Devil's Knot will tie-in to a major motion picture starring Academy Award winners Reese Witherspoon and Colin Firth. This riveting portrait of a small Arkansas town recounts the all-too-true story of a brutal triple murder and the eighteen-year imprisonment of three innocent teenagers. For weeks in 1993, after the grisly murders of three eight-year-old boys, police in West Memphis, Arkansas, seemed stumped. Then suddenly, detectives charged three teenagers - alleged members of a satanic cult - with the killings. Despite the witch-hunt atmosphere of the trials and a case that included stunning investigative blunders, the teenagers, who became known as the West Memphis Three, were convicted. Jurors sentenced Jason Baldwin and Jessie Misskelley to life in prison

and Damien Echols, the accused ringleader, to death. The guilty verdicts were popular in their home state - even upheld on appeal - and all three remained in prison until their unprecedented release in August 2011. In Devil's Knot, award-winning investigative journalist Mara Leveritt presents the most comprehensive, insightful reporting ever done on this story - one of the greatest miscarriages of justice in American legal history. In-depth research, meticulous reconstruction of the investigation and close-up views of its key participants unravel the many tangled knots of this endlessly shocking case. The day before Halloween 2004 was the last day on Earth for respected, well-liked college professor Fred Jablin. That morning, a neighbor discovered his body lying in a pool of blood in the driveway of Jablin's Virginia home. Police immediately turned their attentions to the victim's ex-wife, Piper, a petite, pretty Texas lawyer who had lost a bitter custody battle and would do anything to get her kids back. But Piper was in Houston, one thousand miles away, at the time of the slaying and couldn't possibly have been the killer . . . could she? So began an investigation into one of the most bizarre cases Virginia and Texas law enforcement agencies had ever encountered: a twisted conspiracy of lies, rage, paranoia, manipulation, and savage murder that

would ensnare an entire family—including two lethally close look-alike sisters—and reveal the shocking depravities possible when a dangerously disordered mind slips into madness.

Ann Rule says, "Kathryn Casey is one of the best true crime writers today"—high praise indeed from the author of a host of nonfiction New York Times bestsellers including *Green River* and *The Stranger Beside Me*, the story of serial killer Ted Bundy. With *Deadly Little Secrets*, Casey once again explores the dark side of the Lone Star State, offering a riveting true story of a murderous Texas preacher responsible for the cold-blooded slaying of the mother of his children. Meticulously researched and spellbindingly told, *Deadly Little Secrets* pulls back the curtain on the horrific crimes of a supposed man of God who was more devoted to the Devil, and it demonstrates why such true crime luminaries as Edgar® Award winner Carleton Stowers and Gregg Olsen are confirmed Kathryn Casey fans. And don't miss Kathryn Casey's latest book, *Deliver Us*, a riveting account of the brutal murders of young women in the I-45/Texas Killing Fields.

America's greatest crime writer investigates his mother's murder. On 21 June 1958, Geneva Hilliker Ellroy left her home in California. She was found strangled the next day. Her ten year-old son James had been with her estranged husband all weekend and was informed of her death on his return. Her

murderer was never found, but her death had an enduring effect on her son - he spent his teens and early adult years as a wino, petty burglar and derelict. Only later, through his obsession with crime fiction, triggered by his mother's murder, did Ellroy begin to delve into his past. Shortly after the publication of his groundbreaking novel WHITE JAZZ, he determined to return to Los Angeles and, with the help of veteran detective Bill Stoner, attempt to solve the 38-year-old killing. The result is one of the few classics of crime non-fiction and autobiography to appear in the last few decades; a hypnotic trip to America's underbelly and one man's tortured soul.

These are the ways in which ordinary white people react when it is pointed out to them that they have done or said something that has - unintentionally - caused racial offence or hurt. can be, right? But these reactions only serve to silence people of colour, who cannot give honest feedback to 'liberal' white people lest they provoke a dangerous emotional reaction. Robin DiAngelo coined the term 'White Fragility' in 2011 to describe this process and is here to show us how it serves to uphold the system of white supremacy. Using knowledge and insight gained over decades of running racial awareness workshops and working on this idea as a Professor of Whiteness Studies, she shows us how we can start having more honest conversations, listen to each other better and react to feedback with grace and humility. It is not enough to simply hold abstract progressive views and condemn the obvious racists on social media - change starts with us all at a practical, granular level, and it is time for all white people to take responsibility for relinquishing their own racial supremacy. marriage to her husband James was idyllic. They were young and in love; he was about to enter the Navy and she was eager to start a family. But it wasn't long before the dream exploded. James became abusive and violent, prone to sudden bursts of anger, long silences, and unexplained disappearances. Then, not long after their move to Houston, Texas, she made a terrifying discovery: James's hidden cache containing duct tape, a ski mask, and handcuffs. No longer could Linda Bergstrom deny the hideous truth. The man she lived with, the man she married for love, was a dangerous psychopath. And there was no escape and nowhere to run. New York Times Bestseller: This in-depth account of Charles Sobhraj, the serial killer portrayed in Netflix miniseries *The Serpent*, is “compulsive reading” (*The Plain Dealer*). There was no pattern to the murders, no common thread other than the fact that the victims were all vacationers, robbed of their possessions and slain in seemingly random crimes. Authorities across three continents and a dozen nations had no idea they were all looking for same man: Charles Sobhraj, aka “The Serpent.” A handsome Frenchman of Vietnamese and Indian origin, Sobhraj targeted backpackers on the “hippie

trail” between Europe and South Asia. A master of deception, he used his powerful intellect and considerable sex appeal to lure naïve travelers into a life of crime. When they threatened to turn on him, Sobhraj murdered his acolytes in cold blood.

Between late 1975 and early 1976, a dozen corpses were found everywhere from the boulevards of Paris to the slopes of the Himalayas to the back alleys of Bangkok and Hong Kong. Some police experts believe the true number of Sobhraj’s victims may be more than twice that amount. Serpentine is the “grotesque, baffling, and hypnotic” true story of one of the most bizarre killing sprees in modern history (San Francisco Chronicle). Edgar Award–winning author Thomas Thompson’s mesmerizing portrait of a notorious sociopath and his helpless prey “unravels like fiction, but afterwards haunts the reader like the document it is” (The Plain Dealer, Cleveland).

Now updated with a new chapter, the #1 "New York Times"-bestselling true crime writer tells the chilling tale of how she came to learn that Ted Bundy, her close friend and colleague at a Seattle crisis hotline, was in fact a savage serial killer.

A small-town girl with a genius IQ, she achieved an enviable life: her own medical practice, a handsome physician husband, three perfect children, and an opulent home in an exclusive Kansas City suburb.
