Milady Standard Esthetics Fundamentals, 11th edition, is the essential source for basic esthetics training. This new edition builds upon Milady's strong tradition of providing students and instructors with the best beauty and wellness education tools for their future. The rapidly expanding field of esthetics has taken a dramatic leap forward in the past decade, and this up-to-date text plays a critical role in creating a strong foundation for the esthetics student. Focusing on introductory topics, including history and opportunities in skin care, anatomy and physiology, and infection control and disorders, it lays the groundwork for the future professional to build their knowledge. The reader can then explore the practical skills of a skin care professional, introducing them to the treatment environment, basic facial treatments, hair removal, and the technology likely to be performed in the salon or spa setting. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Skin Care Practices and Clinical Protocols is a critical resource for skin care professionals interested in expanding their current knowledge and technical skills, whether a long-term practitioner learning new techniques and technologies, or students learning beyond the fundamentals. This text includes interviews with professionals spanning four decades of esthetic education and experiences in a variety of settings ranging from travel and tourism, salons and spas to the medical office. The global population's interest in appearance continues to drive the skin care market. As a result, the demand for highly trained skin care professionals serving in a variety of environments has increased. Skin Care Practices and Clinical Protocols serves as an invaluable working resource in the classroom, the treatment room and the meeting room. This is a collection of businesses selected especially for stay-at-home parents who are interested in augmenting their income. These businesses can be started with minimum training and investment and are all capable of producing extra income. Most can easily be operated by one person and eventually be sold for an additional profit. Many of these businesses can actually be started with less than one hundred dollars and some can really be started with next to nothing. All can be operated from home. Starting and managing a business takes motivation and talent. It also takes research and planning. This new book is intended to serve as a roadmap for starting your business. It is both comprehensive and easy to use. It also includes numerous web links for additional information. While providing detailed instruction and examples, the author leads you in developing a winning business plan and structure of the business plus accounting and bookkeeping procedures. Sales and marketing techniques and pricing formulas are demystified. You will learn how to set up computer systems to save time and money and generate high-profile public relations and publicity while avoiding legal pitfalls. Thousands of great tips and useful guidelines will help you keep bringing customers back, give you low-cost internal marketing ideas, low- and no-cost ways to satisfy customers and sales building ideas.

This spiral full-color supplement to Milady Standard Esthetics: Fundamentals can be used in conjunction with the textbook or on its own to brush up on key procedures. Each step is clearly explained and is accompanied by full-color photos. At the end of each chapter you will find a rubric, to note, organize and interpret data gathered from observations of student or professional performance. The Step-By-Step Procedures has been updated to match the contents of Milady Standard Esthetics: Fundamentals, 11e. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
