In 1974 Jim and Tammy Bakker launched their television show, the PTL Club, from a former furniture store in Charlotte, N.C. with half a dozen friends. By 1987 they stood at the center of a ministry empire that included their own satellite network, a 2300-acre theme park visited by six million people a year, and millions of adoring fans. The Bakkers led a life of conspicuous consumption perfectly aligned with the prosperity gospel they preached. They bought vacation homes, traveled first-class with an entourage and proclaimed that God wanted everyone to be healthy and wealthy. When it all fell apart, after revelations of a sex scandal and massive financial mismanagement, all of America watched more than two years of federal investigation and trial as Jim was eventually convicted on 24 counts of fraud and conspiracy. He would go on to serve five years in federal prison. PTL is more than just the spectacular story of the rise and fall of the Bakkers, John Wigger traces their lives from humble beginnings to wealth, fame, and eventual disgrace. At its core, PTL is the story of a group of people committed to religious innovation, who pushed the boundaries of evangelical religion's engagement with American culture. Drawing on trial transcripts, videotapes, newspaper articles, and interviews with key insiders, dissidents, and lawyers, Wigger reveals the power of religion to redirect American culture. This is the

story of a grand vision gone wrong, of the power of big religion in American life and its limits.

Americans have long been enthralled by visions of the apocalypse. Will the world end through nuclear war, environmental degradation, and declining biodiversity? Or, perhaps, through the second coming of Christ, rapture of the faithful, and arrival of the Antichrist—a set of beliefs known as dispensationalist premillennialism? These seemingly competing apocalyptic fantasies are not as dissimilar as we might think. In fact, Lisa Vox argues, although these secular and religious visions of the end of the world developed independently, they have converged to create the landscape of our current apocalyptic imagination. In *Existential Threats*, Vox assembles a wide range of media—science fiction movies, biblical tractates, rapture fiction—to develop a critical history of the apocalyptic imagination from the late 1800s to the present.

Apocalypticism was once solely a religious ideology, Vox contends, which has secularized in response to increasing technological and political threats to American safety. Vox reads texts ranging from Christianity Today articles on ecology and the atomic bomb to Dr. Strangelove, and from Mary Shelley's *The Last Man to the Left Behind* series by Tim LaHaye and Jerry B. Jenkins, demonstrating along the way that conservative evangelicals have not been as resistant to science as popularly believed and that scientists and science writers have unwittingly reproduced evangelical eschatological themes and scenarios in their own works. *Existential Threats* argues that American apocalypticism reflects and propagates our ongoing debates over the authority of science, the place of religion, uses of technology, and America's evolving role in global politics.

Michael James Reed gives all glory to the Lord in this passionate plea to all people of his former religion, Roman Catholicism, to come to the knowledge of God's Word over what he demonstrates is the word of men, Roman catechism. Although Michael targets Roman Catholics, *Come Out of Her, My People* is truly essential reading for Evangelicals as well due to its wealth of biblical information and doctrinal insight. The Protestant churches of the world have been beguiled into accepting many of Rome's errors, and *Come Out* is a stark reminder to all who consider themselves biblical to not be unequally yoked to such an institution. Ultimately, Michael has done a masterful job of lifting the veil of Christianity that the pagan church of Rome has been hiding under since the Edict of Milan in AD 313. He has also exposed one of Rome's leading apologists, Karl Keating, as a false teacher who gave demonstrably false information to his readers in order to lead them away from biblical truth. Furthermore, Michael's stunning, new revelations of Mystery Babylon give new light to that false end-time church all Christians should be aware of. Michael asks all Roman Catholics to search the Scriptures for themselves in order to truly know their Lord and Savior Jesus Christ. For the name of Jesus is above every other name and the only name by which we are to be saved. From the man or woman on the street to the most highly esteemed theologian, all who read this book will come away with at least some new knowledge of God. Michael has put his heart into this work to bring the knowledge of Jesus Christ to his people, Roman Catholics, and warn them of the road on which they are traveling.

concerning the Vatican's advanced telescope, which sits on top of Mt. Graham in Arizona (USA) where the Jesuits admit they are monitoring "something" approaching the earth. After the author's initial report was published in Exo-Vaticana, the pope's top astronomer took to the airwaves and on the Vatican Observatory website to try and explain the role that he and other church astronomers are playing with regards to emerging "ET Friendly" theology, their association with the LUCIFER device at Mt. Graham, and their developing doctrines concerning extraterrestrial life and the impact it may have on planet Earth's religions; Christianity in particular. Now, armed with fresh information from the native peoples (that failed before a federal appeals court to stop the construction of the Vatican's observatory on one of their four holiest mountains), the authors set out with cameras and field investigators to unearth their most astonishing discovery yet. The mountain is said to be a portal, a gateway to another dimension. And, as the Vatican knows and the authors uncovered, it is not the only one. NOW, FOR THE FIRST TIME, ON THE PATH OF THE IMMORTALS REVEALS... • Unveiled! What Mt. Graham really is, and why NASA and the Vatican are there • Disclosed! What the Bible says about gateways and the beings that wait behind them • Discovered! Scientific evidence of, and signals from, life beneath the surface of the earth • Found! The ancient stargates and their association with vortex manifestations • Revealed! The role of CERN's Large Hadron Collider and its search for a portal • Uncovered!
