Complete Mathematics for Cambridge IGCSE Extended Complete Mathematics for Cambridge IGCSE® Extended Oxford University Press - Children
This Cambridge IGCSE® Mathematics Core and Extended series has been authored to meet the requirements of the Cambridge IGCSE® Mathematics syllabus (0580/0980), for first examination from 2020. This second edition of Cambridge IGCSE® Mathematics Core and Extended Coursebook offers complete coverage of the Cambridge IGCSE Mathematics (0580/0980) syllabus. It contains detailed explanations and clear worked examples, followed by practice exercises to allow students to consolidate the required mathematical skills. The coursebook offers opportunities for checking prior knowledge before starting a new chapter and testing knowledge with end-of-chapter and exam-practice exercises. Core and Extended materials are presented within the same book and are clearly signposted to allow students to see the range of mathematics required for study at this level. Answers are at the back of the book.
This text offers key facts; worked examples; international contexts; questions,

including those from past exam papers; in-built revision; and full coverage of IGCSE syllabuses for secondary maths pupils in overseas schools taking IGCSE. This is a new edition of an existing textbook, with updated content for the 2006 syllabus. It is designed to be a student main text, and contains all you need to pass the IGCSE Extended exam.

In his appeal to the world, the Dalai Lama outlines a new secular ethics as the foundation of a peaceful century. The answer will come not from religions, but from people embracing an ethics that spans all differences. A provocative and emboldening piece of writing by a humble and eminent man of our times. In seinem Appell an die Welt entwirft der Dalai Lama eine neue säkulare Ethik als Basis für ein friedliches Jahrhundert. Nicht Religionen werden die Antwort geben, sondern die Verwurzelung des Menschen in einer Unterschiede überwindenden Ethik. Ein herausfordernder wie mutmachender Text eines bescheidenden wie bedeutenden Mannes unserer Zeit.

The only resources designed for the Cambridge IGCSE® Chinese as a Second Language syllabus (0523) for first examination from 2020. With topics ranging from festivals to travel and technology, each unit is based around one authentic Mandarin Chinese text and audio recording. This mix of content helps students engage with the subject and develop their ability to handle real language

answers are given at the end of the book. The accompanying digital book is accessed through our Snowflake platform. It contains our Self-Tutor software, geometry and graphics software, demonstrations and simulations, and the assumed knowledge chapters. The digital book is a complete copy of the text of the book, so students can view it on a home computer or tablet and keep the textbook at school. We are working with Cambridge Assessment International Education towards endorsement of the digital version of the book.

The only resources designed for the Cambridge IGCSE® Chinese as a First Language syllabus (0509). Take an active approach to first language Chinese with activities that reinforce language learning and expand vocabulary and idioms. The coursebook focuses on building students' reading and writing skills through real Mandarin Chinese texts about different topics, such as Chinese philosophers and sport. It also provides opportunities to develop essential life skills including creative thinking, communication and problem solving. At the end of the course, students should be able to critically analyse literary work written in Chinese and demonstrate a strong writing ability. Suggested answers to the coursebook questions are in the teacher's book.
