

## Five Green And Speckled Frogs A Count And Sing Book

Developing Early Maths Skills Outdoors provides practitioners with practical planning for how to develop and enhance the outdoor area to facilitate mathematical learning. It includes up to 80 activities to embed each learning experience into daily provision, with dedicated plans to develop specific skills and aspects of mathematics. The activities throughout the book are low cost and easy to set up, aiming to reassure practitioners and give them the confidence to plan more mathematical learning experiences outdoors. This is further supported with planning guidance and resource ideas, as well as advice on observation and assessment, including suggestions for how to reduce the paperwork burden and a useful observation template. The book is divided into sections that represent the different aspects of mathematics and includes: An introduction to each aspect, explaining why it is important, and outlining the fundamental skills and concepts that underpin it; ideas for adult-led and adult-initiated activities that aim to develop children's early mathematical knowledge, skills and understanding; suggestions for how to enhance continuous outdoor provision so that it promotes independent investigation, fostering creative and critical thinking; pointers and tips about teaching mathematics in the early years; ideas for how to involve parents and carers and links to all four British early years curriculum frameworks. Lists children's songs that deal with animals, bathtime, birthdays, clothing, farms, gardens, imagination, names, school, teeth, and weather

In a new spin on a favorite nursery song, five frogs eat bugs as they sit on a log, but one by one they jump into the cool pool until all are gone.

Especially created for toddlers, your child will have fun finding all the little critters and creatures in this classic nursery rhyme book as well as learning the numbers one to ten and how to count. This colorful and fun collection of classic nursery rhymes is beautifully illustrated with bright images that your child will love. This book includes the classic nursery rhymes: One, two, three, four, five Here is the beehive Five little ducks One, two, buckle my shoe Ten green bottles Five green and speckled frogs Five little ladybirds Ten fat sausages Five cheeky monkeys There were 10 in the bed Read the nursery rhymes or sing along with your little one. Also included is the original nursery rhyme One Little Bunny. Babies and toddlers will love looking at the lovely pictures and finding all the little surprises inside.

Provides practical strategies for developing children's early literacy skills, and contains information on phonological awareness, vocabulary, narrative skills, and more.

Five Green and Speckled Frogs

Over 70 highly practical activities looking at the themes of shape and colour for early years practitioners to use with little

or no preparation.

This activity guide contains reproducible activities that accompany Nikki Smith's picture book based on the classic children's sing-a-long song, "Five Little Speckled Frogs." These frog themed activities, designed for parents and teachers, connect to literacy, math, science and more.

Each book in this series comes complete with a CD inside so that adults and children can read together and sing along with each nursery rhyme. The bright colours and cute illustrations will delight and entertain small children.

"Five green and speckled frogs/ Sat on a speckled log/Eating some most delicious bugs (YUM, YUM) ..."The cheerfully gruesome lyrics to this favourite nursery song get a whole new look through spiffy photo-manipulation and sassy design. Jewel-green (and suspiciously synthetic) frogs line up on a log, waiting for their chance to jump in the pool.

Covers over 100 teacher-led activities that encourage young children to think mathematically by exploring, experimenting and being creative. Assessment is built into tasks, and each book includes a bank of photocopyable resource sheets linked to activities.

Children are able to communicate by signing before they develop the skills necessary for speech. By teaching simple sign language to children from as young as eight months, we can help them to convey their emotions and their needs. When children begin to talk, having sign language to fall back on provides a comforting safety net. Favourite nursery rhymes and songs, with babies and toddlers, signing and miming along. Developed with the support of Lancashire C.C. Early Years and Childcare Service, and SureStart Resources Ltd. as part of their 'Sing, Sign & Rhyme' series, these books encourage actions through mime and BSL signs.

In this lovely picture book Tommy goes on a stroll looking for bugs of all sorts. He finds many little animals doing all sorts of funny things and finds joy in counting them. Children learn about numbers, bugs and other animals through a rhythmic structure and rhyme that makes it easy for early learners to remember. The book promotes going outdoors and enjoying the many wonderful things nature gives us. The frogs are diving, splashing and having lots of fun. Join them by feeling their soft heads and counting down from five as they disappear, one by one.

Great nursery rhyme books complete with audio CD and Carry-Me handle! The bright colors and cute illustrations will delight and entertain small children. Kate Toms' unique illustrations and funny twists on the well-known songs have already proved popular among adults and children everywhere, so the musical accompaniment will be a great addition for children to enjoy reading and learning songs even more. Series includes: Baa, Baa, Black Sheep; Twinkle, Twinkle, Little Star; I'm a Little Teapot; and Five Little

Speckled Frogs. These delightful storybooks come complete with a CD inside so that adults and children can read together and sing along with each nursery rhyme as well as additional songs that children will love!

Presents thirty-five themes for preschool storytimes and includes book choices, fingerplays, short poems, flannelboard stories with patterns, and suggestions for music and simple crafts.

Count and sing along with five frog friends who are hungry and tired.

Based upon materials used by this experienced children's library and university instructor, this is a vital and essential how to for doing storytimes. Crash Course in Storytime Fundamentals is a vital and essential how to. It is perfect for anyone who is asked to do storytime, but has never been trained-or for anyone who simply needs a new idea. The book is based upon materials designed for and used during an all day workshop, Storytime Fundamentals offered by this veteran children's librarian.

CREATIVITY AND THE ARTS WITH YOUNG CHILDREN, Third Edition, is written for early childhood educators as well as those who work with children from birth through age eight. The text focuses on helping educators make the vital connection to the arts--including music, movement, drama, and the visual arts--throughout all areas of the classroom and curriculum, and on developing creative teachers who will be able to foster an artistic environment. Observations and photos of teachers and children demonstrate practical ways the arts can be used to help children reach their potential. Educators will find many ideas for open-ended activities that are important for the development of young children, and which will encourage them to think in new ways. Discussion of professional standards and recommendations allows teachers to be cognizant of goals that are important in the early years. Thorough in its coverage, the text speaks to children with special needs and cultural diversity, leaving readers with a complete information resource regarding arts in the young child's classroom. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

Foundations of Mathematics outlines seven strands of practice which underpin successful mathematical development in children aged 3-7. Early years mathematics specialists, Carole and Judith, draw on their experience of working with early years practitioners, including consultants and advisers, across the UK and internationally. The book is completely up-to-date and embeds the Revised Early Years Foundation Stage throughout the book. The book brims with multi-sensory ideas that will trigger children's curiosity, measuring using sand mousse, hunting for buried treasure and building secret dens outdoors. There are: - activities that involve playing and exploring,- games to make learning active, and- experiences to develop creative and critical thinking. Alongside these practical experiences and activities are clear explanations of the reasoning behind the ideas with clear guidance on the role of the practitioner and 'Home Challenges' to promote the engagement of families. The authors provide straightforward advice to support the development of a mathematically-enriched learning environment and ideas to help children transfer learning into their own child-initiated play, to build a genuine and solid foundation for mathematics.
