This exciting new book is in Oversized Manual book format. It contains information not found in any business paperback book (to date) except in real estate courses costing hundreds of dollars. For the first time, this type of "inside information" of "subject to" mortgage transactions are being provided to the general public in a professional and realistic way. This book does NOT cater to the "no money down" or "no credit" audience despite the fact that using the "subject to" mortgage financing technique requires no credit. This book is NOT recommended for the beginning investor as the demands for doing "subject to" mortgage transactions require a greater degree of prerequisite knowledge and experience. This book is for the intermediate investor who wishes to expand their financing possibilities in building their own property portfolio. Accompanying the book are supplementary reading material and accompanying support website.

Updated annually with Florida Real Estate Principles, Practices & Law, the purpose of this book is to provide a framework for reviewing the subject areas on the required end-of-course exam and the license exam for prospective real estate licensees. It is designed to allow coverage of the subjects in a relatively short span of time and to offer thorough practice with examination questions.

We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the Florida Real Estate License Exam Prep (FL-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works – or fails to work. First, FL-RELEP is comprehensive. It contains both extensive content review as well as testing practice. And the text review, unlike most competing books, is Florida-specific – not just simplistic national content, but terse, relevant and accurate state and national laws and regulations presented as a set of 'key point reviews' ideal for pre-test memorization. FL-RELEP precisely follows the official 50+ page Florida syllabus topic by topic in the correct ordered sequence. Consequently, the material serves as a more user-friendly review for students who have taken pre-license courses throughout Florida containing this required content and organization. FL-RELEP's key point reviews are a succinct compression of tested national principles and practices drawn from our own Florida textbook, Principles of Real Estate Practice in Florida – one of the most widely used principles textbooks in Florida. Finally, our review content and question selection is tailored to follow the state testing outline promulgated by the state of Florida. A word about the tests. The FL-RELEP's test questions are designed to cover the content covered by the law reviews – which reinforces your learning of the total body of information tested by the state of Florida. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass the Florida state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Florida exam. So good luck!!
