Use this guide to get help with consumer purchases, problems and complaints. Find consumer contacts at hundreds of companies and trade associations; local, state, and federal government agencies; national consumer organizations; and more.

RESIDENTIAL CONSTRUCTION ACADEMY: HOUSE WIRING, 3E offers a concrete approach to teaching the most current electrical wiring practices in use in the housing industry. Like all books in the RCA series, House Wiring is based on the Skills Standards approved by NAHB's Home Builders Institute. The NAHB/HBI Skills Standards were developed by a board of industry and academic experts. Popular topics such as alternative energy systems and green coverage including sustainable building practices as they apply to house wiring are included in this new edition. This text is also updated to include the latest 2011 Electrical Code. An increased number of procedures help students better understand common house wiring practices along with additional end of the chapter review questions to help reinforce material covered and improve critical thinking skills. Teaching aids such as a From Experience section which addresses common residential wiring practices and scenarios and Caution boxes that emphasize the on-going importance of safety helps the student retain and apply what they have learned. An English and Spanish glossary is also included. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
